INTRODUCTION TO WINGATE

PURPOSE

The one great purpose of Wingate College is the supplying of Christian leadership. It strives to build its program around an intelligent understanding of the needs of all people in this particular geographical area. The three functions of the college are: first, to give thorough training to students who wish to go on to higher institutions of learning; second, to give the widest and richest training possible to those whose formal education will end here; third, to give a reasonable amount of vocational work to prepare those students who wish to enter directly into a field of work.

Wingate attempts to develop its students in all four phases—spiritually, mentally, socially, and physically. On the athletic field and in the physical education classes, in the classroom under Christian teachers, in the church and in religious activities on our campus, and in all our social activities, we make every effort to be worthy of our name—A Christian College.

ON THE FOLLOWING FEW PAGES SOME OF OUR TYPICAL STUDENTS
HAVE WRITTEN THEIR IMPRESSIONS OF COLLEGE LIFE AS IT IS PURSUED
AT WINGATE COLLEGE . . .

Dear Prospective Student:

Although the academic standard of each individual student is emphasized, there is another phase of a person's life that is held uppermost in the minds and hearts of both the faculty and the student body of Wingate College. Prevailing among the members of our large "family" is the sense of belonging to something worthwhile and the feeling of being needed. We are constantly busy with the hustle and rush of the modern age; however, permeating our campus is that atmosphere which directs our thoughts to the greater goals in life.

At Wingate you will not be content to remain complacent and let others carry the load. Rather the ambition of reaching higher and higher challenges you until you realize that you are **SOMEBODY**. There is that plan for your life which was revealed to you slowly, but positively, through the influences on Wingate campus.

If you make Wingate your choice you will leave here to go out in the world equipped not only with an educational background enabling you to take your place in society, but also instilled with the principles and teachings of the greatest teacher of all ages, Jesus Christ. Since I know that you are seeking the best for your life, a fact which will cause you to choose Wingate College, I am saying in advance, "Welcome to Wingate as the students of 1958-60".

Sincerely,

Jeanette McDonald

... AND OUR LIBRARY

Dear Future Collegiates:

Soon you will be making a decision which will play a great role in your life...the decision of choosing a college which can make you a well-rounded individual. I feel that Wingate college can offer you a variety of activities which can help mature you physically as well as mentally. We are proud of our Alma Mater in that we have accomplished incredible records in the field of sports.

We are very boastful about our Regional and State Championships in football. We have also maintained outstanding records in baseball, being State and Conference Champions for three consecutive years. Our excellent basketball team has promoted the name of Wingate College among the top in junior colleges. We also have a top-flight girls basketball team in our school. Plus these major inter-scholastic sports, we also offer tennis, golf, track, and swimming.

All students attending Wingate have the opportunity of participating in sports.

Our physical education department, under the supervision of coaches, offers all these sports under intra-mural competition. All freshmen are required to take two semesters of physical education.

We are proud of our sports department, and the love of it by our students has made it a major factor in the life of a Wingate student.

Collegiately yours,

C. J. Browne

ABOUT C

ATHLETIC PROGRAM

... OUR RELIGIOUS PROGRAM PROPERLY EMPHASIZED

Dear Prospective Student:

Having never been on campus at Wingate College, I was not sure just what to expect when I arrived on September 9, 1957. Filled with quite a bit of excitement and a little fear, we stopped in front of the Cannon Dormitory. My first opinion of Wingate was formed at that minute because as I got out of the car, two girls whom I had never seen before spoke to me. As I entered the dormitory and told my name, I was immediately greeted by two more new people, my sophomore counselor and my roommate, who have meant much to me during the weeks I have been here.

During the first week at school there were parties and meetings planned for the new students so they could get acquainted. I had the wonderful experience of meeting many new people and making new friends. After several days we felt as one big family because we had learned to love Wingate.

Many students come to Wingate every year, just as I did, make new friends in the place of their old ones, become a part of the community as well as the college, and establish a new home that means much to them.

The Christian atmosphere, giving full emphasis to God and His plan for young people, and the friendly atmosphere at Wingate make it a school which is loved by everyone who attends. Wingate is a fine school and one that becomes a home for you, offering all those things to which you were accustomed at home.

These and many more are the reasons why I like Wingate college, and we believe that you would love it too.

Sincerely,

Faye Lee

BUDD E. SMITH, PH.D.
PRESIDENT

Hello Friends:

It is a joy to introduce you to our college. Our faculty, students and staff all welcome you as a prospective member of our "family".

We have tried to make our catalogue attractive and informative.

Wingate has been serving young people for more than sixty years. Today, Wingate ranks as one of the outstanding private junior colleges in America. Students graduating from Wingate can enter the junior class of the senior college they choose.

If you are interested in a college that emphasizes the importance of good scholarship along with the total development of the individual, please come to see us. I am certain that you will find a friend ready to help.

Sincerely,

Budd E. Smith

HISTORY OF WINGATE COLLEGE

The Union Baptist Association at its annual meeting in October, 1895, passed a resolution authorizing the establishment of a school for the higher intellectual, moral, and religious training of the boys and girls of the Association and the surrounding country. A standing committee of J. W. Bivens, Hight C. Moore, O. M. Sanders, W. M. Griffin, J. C. Sikes, B. F. Parker, and R. F. Beasley were appointed to secure a suitable location within the bounds of the Association. After canvassing several available locations, the little village of Wingate, six miles east of Monroe, was selected. There Hight C. Moore and others marked off the grounds for the institution, which was called the "Wingate School."

The Association, at its annual session in 1896, established a Board of Trustees, consisting of fifteen members, to be selected from the various churches of the Association, each to serve a term of six years, and five to be elected by the Association every two years. The Legislature of North Carolina, in 1897, granted to the school a charter which secured for it all the protection and privileges that are usually granted to a college. At that time there were only a very limited number of public and private schools in all of Union County. In the region around Wingate for miles there was no school at all. Therefore the establishment of a school by the Association, a school in which children from the primary grades up were taught Christian faith and Baptist doctrine, was a necessity as well as a wise and far-seeing venture.

M. B. Dry was the first principal of the school which was housed in a three-room building. Besides local boys and girls there were a few boarding students who lived in the homes in the village. The number of boarding students increased yearly. In a few years the growth of the school demanded more room, and five rooms, including two society halls, were added. During the twelve years of Mr. Dry's leadership, Wingate School came to be recognized by institutions of higher learning as one of the outstanding preparatory schools of the state. He was succeeded by B. Y. Tyner in 1908 and during his administration a spacious building was erected. From 1912 to 1918 J. G. Carroll was principal and did a fine work in enlarging and increasing the academic standing of the school. Miss Patty Marks, of Albemarle, N. C., a graduate of Meredith and a fine Christian character, took charge of the work in the fall of 1918. C. M. Beach became principal in 1919. Wingate was fortunate during these early years in having leaders of sterling character who placed it on a sound foundation.

The year of 1923-1924 is notable for the fact that the Baptist State Convention took over the school and made it a junior college. C. M. Beach was elected its first president. The library acquired many valuable volumes in its first year as a junior college, many of which came as gifts from the loyal friends of the institution. In April, 1924, J. B. Huff, of Mars Hill, was elected president and served for six years. During his administration the school was placed on the accredited list of junior colleges by the State Department of Education. Coy Muckle was elected president in 1930 and served until 1936. He was followed by James B. Little who served for one year. C. C. Burris, eighteen years dean of the College, accepted the presidency in 1937 and served efficiently and well in that capacity.

In November, 1930, the Baptist State Convention surrendered the ownership and control of the College to the Baptist churches of the Union, Pee Dee, Mecklenburg, and Cabarrus Associations.

A new era in Wingate history began when, at the meeting of the Baptist State Convention at Winston-Salem, 1939, a resolution was passed to give Wingate financial support from the Baptist State Convention. In 1946, the Convention voted on recommendation of the EDUCATIONAL COUNCIL AND THE GENERAL BOARD, that Wingate College participate in the allocation of education funds derived from the Cooperative Program on the same basis as the other colleges supported by the convention. Following rapidly, the Alumni dormitory accommodating about one hundred men was erected in 1948; the Efird Memorial Library, given by the descendents of the late J. E. Efird, having been erected in 1947. One of the most important events in the history of Wingate College occurred December 6, 1951, when the college was formally accredited by the Southern Association of Colleges and Secondary Schools. This greatly enlarged the constituency of the college and facilitated transfer of credits.

Budd E. Smith came to the presidency of Wingate College in 1953. Dr. Smith, a native of North Carolina, has the earned Doctors degree from the University of North Carolina. He has had teaching experience at Coker College and Wake Forest College and has served as superintendent of schools of Oxford, North Carolina. His youthful spirit and wide experience are definite assets to the College. During his administration the student body has increased from 192 to 659 in the fall of 1957. The value of buildings and equipment has increased from \$325,000 to \$1,323,846. A new dining hall, kitchen, infirmary, and girls dormitory have been added. The architects are now making plans for a new library, physical education plant, and chapel. The future of Wingate College is indeed a bright one.

THE COLLEGE

LOCATION AND ENVIRONMENT

Wingate is thirty miles east of Charlotte, on the main line of the Seaboard Railway between Atlanta and Richmond, and also on Highway 74. Splendid railway and highway connections put Wingate in close touch with all parts of the Carolinas. Wingate is primarily a rural community. While the village is small, it is large enough to supply all needs of the students, and Monroe, county seat of Union County, is only six miles to the west. Wingate has a bank, barber shop, laundry, dry cleaners, and a number of stores. Mail is delivered to the campus daily. There is a city water system from which the College receives its water.

PHYSICAL FACILITIES

THE CAMPUS has about forty-eight acres of gently rolling ground. Many trees, shrubs, flowers, and a spring make the campus a place of natural beauty. Dr. Smith, who is a trained botanist, has many further plans for the development of the campus. There are concrete walks and paved drives.

BURRIS ADMINISTRATION BUILDING contains the administrative offices, twenty-five class rooms, science laboratories, and faculty offices. Classroom chairs and desks are new and modern in every respect.

EFIRD MEMORIAL LIBRARY is fireproof and modern in every way. It is open both day and night for the use of the students.

THE GYMNASIUM has a good basketball court which is in constant use. This serves as a community gymnasium and is used by the high school, local civic clubs, and other organizations.

PLYLER ATHLETIC FIELD—The sons and daughters of I. F. Plyler have financed the reworking of Meadow Branch Athletic Field in honor of their father.

THE SWIMMING POOL was constructed in 1957 with funds given by Mr. Charles A. Cannon. It is used for recreation as well as for instruction.

SERVICE FACILITIES

BIVENS-PERRY—A three story building provides rooms for fifty-two young men. The first floor has offices and a lounge.

STEWART—This, the oldest of the dormitories, houses fifty-two young men, and was completely renovated in 1957.

ALUMNI DORMITORY—This fireproof building houses one hundred young men and has an apartment for a housemother. The rooms are equipped with new furniture.

DORMITORY B—This frame building was constructed in 1947 and completely remodeled in 1954. It houses forty-five men.

HELMS HOME—This large house was purchased in 1955 and accommodates thirty-two men. It is equipped with new furniture throughout.

APARTMENTS—The college has seventeen three- and four-room apartments for faculty and married students.

DINING HALL—A new dining hall, seating 350 persons and equipped with a modern kitchen was finished in 1956. A private dining room for faculty and small groups adds greatly to its use.

RUTH COLTRANE CANNON RESIDENCE HALL FOR WOMEN—Made possible through a challenge gift by Mr. Charles Cannon this modern unit houses 144 young ladies. Well equipped with spacious rooms, service units, parlors, apartments for Dean of Women and housemother, this building truly shows the new day for Wingate.

N. K. DICKERSON INFIRMARY—A modern infirmary made possible by the bankers of Union County has quarters for a nurse, examination rooms, four wards, kitchenette. This has become a great asset to the welfare of students, faculty, and community folk. Completed in June, 1956.

STUDENT LIFE AND ACTIVITIES

WINGATE BUILDS FOR A WELL-ROUNDED LIFE

Emphasis is placed on the cultural aspect of life, along with spiritual growth and scholastic achievement. The second Thursday night of every month during the academic year, 1958-59, has been set aside for Lyceum programs. Outstanding lecturers, singers, instrumentalists, and little theater groups will be presented in the series. This affords a fine opportunity for students to gain a well-rounded education.

THE RELATION OF TEACHERS AND STUDENTS

Every member of the faculty is a consecrated Christian who is anxious to instill into the lives of boys and girls those principles which make life worth living. The motto, "Individual attention and personal helpfulness," is carried out.

The girls are under the personal supervision of the Dean of Women and have the warm sympathy and care that is prevalent in home life.

Few set rules are made. Kindness and firmness on the part of the teacher and obedience, courtesy, and respect on the part of the students largely obviate the institution of a great many of the sterner things known as law.

Boys and girls find that they have sympathetic helpers in the schoolroom, on the athletic field, and in every phase of the school life. The teachers of the school are at all times ready to share a joy or sorrow with the student. Sympathy, helpfulness, and fellowship are the watchwords. "A sound body, a well-trained mind, and a true, noble character for each student," is our goal. How well we have succeeded in our aim is shown by the work our students are doing wherever they go.

PUBLICATIONS

The Catalogue is issued once each two years. It endeavors to give an overall picture of the college and its work.

The Gate is the college annual edited by the students with the help of the faculty advisor, telling the story of Wingate life.

The Triangle is the school newspaper and is published monthly by the students.

The W Book is the student handbook, prepared by the student government and administration for the orientation and guidance of the students.

The Alumni Bulletin is published quarterly.

ATHLETICS

In an effort to help the students develop a sound and strong body, the College sponsors a well balanced program which offers every student the opportunity to enjoy a healthful, organized, and supervised play. All students are required to register for classes in physical education for one year and are encouraged to participate in intramural activities. The College sponsors intercollegiate teams in basketball, baseball, football, tennis, and golf.

Intramurals—The intramural phase of athletics is one of the most important and is given consideration accordingly. Every student on the campus is urged to participate in some type of activity. Tournaments are held in basketball, volleyball, baseball, softball, tag football, horse shoe, tennis, ping pong, soccer, and others.

STUDENT GOVERNMENT

In the fall semester, 1939, a student government was formally initiated at Wingate. A constitution and by-laws were adopted and the student council was elected, representing the various classes and organizations of the student body.

Many of the discipline and student problems have been handled by the student council with care and dispatch. The student body constitution was revised in 1956. Training in student government activities and responsibilities coming from an honor system are held invaluable by college authorities.

RELIGIOUS ORGANIZATIONS

The various religious organizations on the college campus are coordinated under one central organization, the Baptist Student Union. The Executive Council leads the group, and membership in the union is extended to all students enlisted in any religious organization of the campus. The Baptist Student Union serves as a connecting link between the college and the Wingate Baptist Church. Its supreme purpose is to make college life Christian.

Sunday School—A class for college students meets each Sunday morning an hour prior to the worship service at the Baptist Church.

Baptist Training Union—College students participate in the Baptist Training Union organization of the church. Valuable opportunities for leadership and training in church membership are offered through this program.

Volunteer Band—Composed of those interested in Christian witnessing both abroad and at home.

Young Women's Auxiliary—An auxiliary of the Woman's Missionary Union of the Baptist Church. All girls are invited to join. The purpose is to study mission progress. There are two meetings each month, one a general meeting and the other, a circle meeting.

HONORARY FRATERNITIES AND CLUBS

Alpha Pi Epsilon is the national honorary scholastic fraternity for commercial students.

Delta Psi Omega Dramatic Fraternity—National Honorary Dramatic Fraternity open to students who have met specific requirements in dramatics.

Phi Rho Pi—National Junior College Forensic Society open to students participating in debates and other forms of public speaking.

Phi Theta Kappa is the National Junior College Honorary Scholastic Fraternity. To be elected a student must rank in the upper five per cent of the student body, must be carrying at least 12 academic hours, and must have proved himself a constructive and responsible school citizen.

Chemistry Club is open to all students who have an interest in the field of chemistry. Its purpose is to stimulate interest, broaden and enrich the experiences of students in chemistry.

Engineering Society is open to all sophomore engineering students pursuing one of the prescribed programs of study.

Foreign Student Club is composed of all the international students on our campus.

Future Business Leaders of America Club—This Club is composed of students active in the field of business. The meetings are held monthly.

Future Teachers of America—This national organization strives to acquaint teachers in training with the history, ethics, and program of the teaching profession.

Masque and Wig Club—The dramatic club was organized in 1928. Under the charter any student regularly enrolled and maintaining a grade of "C" on English is eligible for membership and after passing tryouts becomes a member of this club. This club meets bi-monthly, members of the club planning and executing programs on staging plays, make-up, lighting, costuming, scene designing, play

writing and direction. A number of one-act plays and full-evening performances are presented to the public during the year.

Mathematics Club is open to all students with the aim to stimulate interest in the field and to aid the student in gaining a better appreciation of mathematics and its use.

Ministerial Association is a fellowship composed of all the ministerial students enrolled in the college.

"W" Club—A club composed of male students who have lettered in one or more sports.

Woman's Athletic Association is open to all girls. The purpose is to stimulate interest in intramural sports. A girl may earn a Block letter by earning 500 points in the intramural program.

AWARDS TO OUTSTANDING STUDENTS

The following medals and scholarships are offered to students:

1. A medal is offered to the best all-round student by President Emeritus Burris.

The following scholarships are available to our graduates:

One \$150 scholarship to Wake Forest College.

One \$150 scholarship to Meredith College.

GENERAL RULES

The College strives to maintain a wholesome, friendly, and inspiring campus environment, conducive to right thinking and right living. Those who persistently disregard the well-being of others and violate the traditions of the College will be required to withdraw. As far as possible, students are dealt with individually and encouraged to live up to their highest possibilities.

Those planning to enter College should read carefully the following definite statements:

Hazing is a violation of the laws of the State of North Carolina. Any type of physical punishment, humiliation, or intimidation of any student by another student is classed as hazing and is not permitted.

Drinking intoxicating liquor is forbidden, and any student violating this rule will be suspended.

Stealing, lying, gambling, cheating, vandalism, and other forms of immoral conduct will be dealt with according to the offense.

The possession of firearms, firecrackers, or explosives of any kind is prohibited.

Students living on the campus are not permitted to keep or use automobiles or motorcycles without special permission from respective Deans.

Students are not permitted to keep live pets in the college buildings.

No musical organizations except those sponsored by the College through the Music Department are permitted on the campus.

Those who neglect their studies, waste time or money, disregard the requests of teachers, or fail to conform to the ideals of the College may be asked by the President and the Dean to withdraw from the College.

The rooms are equipped for lighting. A maximum of 150 watts is allowed in each room. Use of more than this will call for an extra charge. The use of irons and electric cooking equipment cannot be allowed in students' rooms.

No one can change rooms without permission of the person in charge of room assignments. Each student must make deposit of \$1 for each key. This will be refunded when the key is returned to the superintendent of maintenance. All damages to rooms are charged to occupants and must be paid.

4. Above average ability.

Applications for financial assistance may be made *following* the application for admission. For the resident student, tuition, general fees, room, and board is approximately \$780 for the year.

ALL STUDENTS

Wingate College is putting forth every effort to make it possible for those students in the vicinity of the school to avail themselves of the opportunity to obtain two years of college work at the minimum of expense. In the last three years, the number of students availing themselves of this opportunity has increased from forty to two hundred and fifty. The cost is kept at a minimum. The total is approximately \$350 for tuition and fees.

MINISTERIAL AID

Students in the following fields of service—Ministry, Mission Volunteers and Religious Education, *and* approved by their church may file a request with the President for assistance on tuition. All students granted aid are required to execute a note with a competent endorser, agreeing to repay the amount of the grant if the student does not enter church vocational service within a reasonable period after graduation.

VETERANS

Veterans who are approved for training under the G.I. Bill of Rights should turn in their Certificates of Eligibility at registration and make a payment of \$100 toward the charges for room and board. Seven additional payments beginning October 20 will be made monthly as the Veteran receives his check. One must be made each month, and a final payment not later than May 15.

Guests of students may eat at the college dining room and pay for their meals as they go through the line.

SCHOLARSHIPS

The following scholarships are available:

1. \$100 to any valedictorian of an accredited high school.
2. \$75 to any salutatorian of an accredited high school.

8. Liles Ministerial Trust established by Mr. J. S. Liles of Wadesboro—the income to be used to assist worthy Ministerial Students.

LOAN FUNDS

Certain Loan Funds are available to worthy students. These funds have been established by friends of the college: The Masonic Fund, TEL Sunday School Fund, B. F. and Delia Parker Memorial Loan Fund, Dr. A. F. Hendricks Memorial Fund, and the Reverend W. T. Baucom Fund for Ministerial students.

Students will not be given honorable dismissal from the college who leave without notifying the Dean and Bursar. *No transcripts will be furnished until all accounts are paid in full.*

GENERAL ACADEMIC INFORMATION

ADMISSION INFORMATION

1. Applicants for admission to the college should write for an application blank, have it filled in by the proper authority, and returned as early as convenient. A processing fee of \$10.00 must be mailed with application. No room is reserved until this fee has been received. This fee is not returnable. Applicants are admitted by either of the following methods: by diploma from an accredited high school with a transcript made out on prescribed forms obtainable from the College and sent in before the opening of school.
2. By examination. The applicant must have completed the equivalent of a four-year high school course, or must pass satisfactory entrance examinations. These examinations must be taken before entering as a regular college student. A student may enter conditionally with fifteen units, this condition to be made up during the freshman year.
3. Veterans may be admitted to college on the basis of G.E.D. Test following refresher work of one Semester.

High school students coming with approved credits from accredited high schools will be given full credit for the work covered. A transcript of such work must precede the student here.

ADVANCED STANDING

Full credit will be given to students for work done in other standard institutions, provided the application for same is accompanied by a proper transcript of credit in detailed form and by a certificate of honorable dismissal from the other institution.

AMOUNT OF WORK

Fifteen to seventeen hours of college work per week, is considered a normal amount for the average student. Students will not be allowed to register for more hours without additional cost. Under no conditions may a student take more than 19 hours.

When a college student drops below twelve hours, he must withdraw from the college.

A student must pass at least nine hours to be permitted to register for the next semester and must pass at least twelve semester hours to be permitted to represent the college in special activities.

REGISTRATION AND CLASSIFICATION

Students are urged to be present on the first day of registration. Proper instruction will be given for registration during orientation. A transcript of high school work and medical certificate should be sent in advance of registration.

College Freshmen—Graduates with sixteen units from an accredited high school are admitted to the freshman class without an examination. Others may be admitted if tests and examinations seem to indicate they can do college work.

Engineering students should present the following minimum credits in mathematics: one unit in plane geometry, one-half unit in solid geometry, and one and one-half units in algebra. Deficiencies in geometry and one-half unit of algebra may be completed while enrolled during the summer immediately preceding and during the freshman year.

College Sophomores—To be rated as a college sophomore a student must have completed a minimum of 28 hours of standard college work.

High School Students—For a high school student, courses are offered during the eleventh and twelfth years.

GUIDANCE AND ORIENTATION

Our Freshmen are required to come early to receive instructions about the college rules, regulations, and traditions. Instruction is given about the location of

various buildings and departments, and special emphasis is given on the use of the library. A testing program is administered including interest, intelligence, personality, English, and mathematics placement tests. Students are registered and classified with the aid of these results. Records of tests, biographical information, and personal interviews are kept in the permanent files which are available to all teachers. The results of the college testing program are discussed with the parents at any time. After each grading period, a study is made of the failures on the part of the students and an effort is made to understand the reasons for these failures. Guidance is a continuous process throughout the year.

Every student is assigned a Faculty Adviser during Orientation Week. This Adviser is in close contact with his Advisee group the entire year. Every student meets with his adviser once a week. At this time problems of a personal, social, religious, or vocational nature are discussed and advice and help are given. Since these groups are small, each student is assured of close personal interest by the Faculty.

WHAT STUDENTS SHOULD BRING

All Dormitory rooms are furnished with beds, dressers, and desks or tables. Drapes are furnished in the girls dormitories but are not furnished in the boys dormitories. It is not necessary to bring bed linens and towels. These items are furnished by the College. Listed below is a suggested list of what to bring:

One pillow	Drinking glass for bedroom
Two blankets	Study lamps
Four bath cloths	Dictionary
Soap and toilet articles	Bible

Students may bring items they desire such as radios, study lamps, scatter rugs, bed spreads, drapes, etc., to make their rooms more comfortable and homelike. Electric appliances such as hot plates, coffee makers, etc., are not permitted.

EXAMINATIONS

At the end of each semester final examinations are given on the work covered during the entire semester. The minimum length of these examinations is one and one-half hours; the maximum length is three hours.

Late Examinations—If for any reason, except illness or representing the school, a student is necessarily absent from any regular semester examination, he may take the examination at a later date by paying a fee of \$5.00 to the Bursar. His receipt must be presented to the instructor in charge before he shall be given this examination.

Special Examination—Any special examination is left to the discretion of the faculty member. A fee of \$2.00 must be paid before the examination is given.

GRADING SYSTEM

Grades on reports are recorded in letters, as follows: A, Excellent; B, Above Average; C, Average; D, Lowest Passing Grade; E, Conditioned; F, Failure; I, Incomplete. The passing grade on a subject is 70 per cent.

THE HONOR ROLL

An honor roll is published for each quarter and each semester. To appear on the honor roll a student must make a 3.3 average and have no grade below a "C". A grade of "A" carries four honor points for a credit hour, a "B" three, and a "C" two points, a "D" 1 point.

REGULATIONS REGARDING ABSENCES

1. In order to care for minor emergencies and for student convenience, one absence without excuse is allowed for each semester hour in the course during the semester.
2. The first excessive absence will result in the student's appearance before the Faculty Absence Committee, which has the responsibility of determining

whether the absence is excused or not. If unexcused, it will result in automatic academic probation. Any succeeding unexcused absence will result in the student's dismissal from the course with the grade WF—(Withdrew Failing).

3. In no case, whether the absences are excused or unexcused, may credit be given for courses for which the student is absent from more than 20% of his classes.
4. All students are required to attend the chapel exercises. Chapel absences will be handled in the same manner as class absences. If a student who is placed upon academic probation because of chapel absences breaks such probation, the Absence Committee will recommend his dismissal from school.
5. Three tardies shall constitute one absence.
6. Absence from assigned test and before or after a holiday is a double cut.
7. Faculty members will file a report of the week's absences in their courses after their last class on Friday. Names of students who are to appear before the Absence Committee will be posted on Monday morning.

CHANGE OF COURSE

A student may add a new course at any time within the first month of school and receive full credit provided he makes up the work to the satisfaction of the instructor. A student may drop a course any time during the first quarter of the semester without receiving an "F" provided he receives an official drop slip from the Academic Dean. After the first quarter a student cannot drop a course without receiving an "F". Should the student drop a course at any time without an official approval he will receive an "F". No student can receive credit for a course unless he is officially registered for the course.

WITHDRAWAL FROM COLLEGE

Students who find it necessary to leave school during the year must withdraw in an official manner. This student must first obtain a withdrawal slip from the Registrar's Office. This slip must then be carried to the officials listed on the form and be signed by each. This process is concluded at the Business Office. Those having settled all accounts with the College will be given an honorable dismissal.

VETERANS

Wingate is approved to train veterans under the G. I. Bill of Rights. Under this bill, numbers of veterans have enrolled in both the high school and college departments.

A veteran in the college department must carry at least fourteen semester hours in order to be eligible for full subsistence payments. A veteran in the high school department must carry five subjects.

Veterans should consult the Registrar with reference to problems pertaining to registration, necessary forms, and transfers.

REQUIREMENT FOR GRADUATION

To be entitled to the diploma "Associate in Arts," a student must meet the following requirements:

1. Sixty-four semester hours of college work chosen from any one of the courses below.
2. Sixty of the sixty-four hours must be academic hours.
3. A total of 128 quality credits must be earned; these are determined on the following basis: For each semester hour of D grade—1 quality credit; for each semester hour of C grade—2 quality credits; for each semester hour of B grade—3 quality credits; for each semester hour of A grade—4 quality credits.
4. All obligations must be paid before graduation or before transcripts can be sent. A student is entitled to one transcript. Additional transcripts will be one dollar each.

Courses of Instruction

ART DEPARTMENT

Ives

ART INTRODUCTION 101-102. Instruction in the basic approaches to art with emphasis on the functions and qualities of line, tone, and color. Exploratory work on various media. Problems in still life and landscape. Design and the structural elements of a picture also considered. Laboratory periods. Credit: three hours each semester.

HISTORY AND APPRECIATION OF ART 103. A general survey of art history through its various periods. Lectures, research, and field trips. Designed to meet teacher training requirements. Credit: three hours.

ARTS AND CRAFTS 201-202. Provides for the acquisition of skills in the use of varied materials; such as art metals, leather, plastics, papier-mache, and linoleum blocks. Designed for teacher training and religious education majors. Also valuable for hobby and leisure time activities. Laboratory periods. Credit: three hours each semester.

CERAMICS 203. Study of basic processes in beginning ceramics. Problems in modeling, firing, and glazing with instruction in mold making and slip casting. Some work in formulas for clay and glazes. Laboratory periods. Credit: three hours.

BUSINESS

Horton, Nash, I. Gregory, Newelt

ACCOUNTING 101-102. Principles of accounting. This course is a study of the fundamental problems of bookkeeping and accounting. Several practice sets are worked demonstrating each principle studied. Credit: six hours.

ACCOUNTING 111-112. Secretarial accounting. This course is a study of the elementary principles of accounting with emphasis on secretarial accounting procedures. Credit: six hours.

ACCOUNTING 201-202. This course deals with accounting problems on a more advanced level. Several practice sets are worked to provide for the application of theory. Credit: six hours.

BUSINESS LAW 101. This courses is intended to equip the student with those legal principles which will enable him to govern his business affairs intelligently. Credit: three hours.

INTRODUCTION TO BUSINESS 101. This course is intended to give the student a specific understanding of our capitalistic system and the underlying principals of modern business. Credit: three hours.

OFFICE PRACTICE 201. This course gives a comprehensive treatment of the secretarial duties that are performed in modern business offices. Efficiency is also developed on the various business machines. Credit: three hours.

COMMERCIAL ALGEBRA 103. Review of elementary algebra; selected topics in college algebra with applications to commercial problems. Credit: three hours.

COST ACCOUNTING 203. A study of the classification of costs; job order cost accounting; process accounting and standard cost; accounting for material and labor costs; manufacturing expenses and the use of cost records. Credit: three hours.

INCOME TAX 204. A study of the latest Federal Revenue Act, and interpretations thereof by the Courts and the Treasury Department; also includes the preparation of individual, partnership, and corporation income tax returns. Credit: three hours.

BEGINNING SHORTHAND 101-102. A study of the Gregg Simplified Methods of Shorthand. A speed of 90 words per minute must be attained. Records are used for dictation and transcription skill. Five hours per week. Credit: six hours.

INTERMEDIATE SHORTHAND 103-104. Continued study of the Gregg Simplified Method of Shorthand. Intensive use of records for dictation and transcription. A speed of 100 words per minute must be attained. Five hours per week. Credit: six hours.

ADVANCED SHORTHAND 201-202. Development of speed and accuracy by further study of the Gregg Simplified Method of Shorthand. A speed of 110 words per minute must be attained. Records for dictation and transcription are used continuously. Five hours per week. Credit: six hours.

TYPEWRITING 101-102. Elementary Typewriting. Learning keyboard, centering, tabulating, personal typewriting, business letters, and rough drafts. Speed 45 net words per minute. Five hours per week. Credit: 6 hours.

TYPEWRITING 103-104. Intermediate Typewriting. Development of speed and accuracy. Records are used to obtain better rhythm. Speed 50 words per minute. Five hours per week. Credit: six hours.

TYPEWRITING 201-202. Advanced Typewriting. Development of sustained production on various kinds of typewriting problems. Prerequisite: Typewriting 101-102, or Typewriting 103-104 or the equivalent. Records are used in this work to obtain rhythm and accuracy. Speed 55 words per minute. Five hours per week. Credit: six hours.

EDUCATION

R. Williams

GENERAL PSYCHOLOGY 201. This is an introductory course in General Psychology and serves as a foundation for further study in the field of psychology as well as for courses in education. Open to sophomores only. Credit: three hours.

PSYCHOLOGY 202. Applications of psychology to education; readiness and its development; problems of learning, planning, motivation, evaluation, and emotional learning. Credit: three hours.

ELEMENTARY ART EDUCATION 103. See Art Courses.

ENGINEERING

Lowder, Alexander, Brower, Johnson

ENGINEERING 101-102. Engineering Graphics. Students are trained in the methods and procedures of communicating by the graphical approach. Emphasis is upon instrument practice, geometrical construction, completing prepared worksheets, freehand technical sketching, orthographic and pictorial projections, sections, revolution, fasteners, intersections and development, details and assemblies, geometrical magnitudes represented by points, lines, planes, and solids, stressing visualization. Four hours laboratory per week. Credit: four hours.

ENGINEERING 103-104. Introduction to Engineering Fields and Engineering Problems. Students are given the opportunity to examine the requirements for the study and practice of the major fields of engineering. Instruction and practice in the use of the slide rule, stressing its use as a tool in the solution of engineering problems. One hour lecture and discussion per week. Credit: two hours.

ENGINEERING 201-202. Civil Engineering Surveying. Elements of plane surveying: taping, use of transit and level, topographic surveying and mapping, use of stadia, care and adjustment of instruments, elementary astronomical surveying. Also construction surveys, earthwork computations, route surveys, simple, compound, parabolic and spiral curves. Prerequisite: Math 102. One hour lecture, five hours laboratory per week. Credit: six hours.

ENGINEERING 203. General Surveying. Elements of plane surveying: taping, use of transit and level, topographic surveying and mapping, care and minor adjustments of instruments. Prerequisite: Math 102. One hour lecture and three hours laboratory per week. Credit: two hours.

ENGINEERING 205-206. General Physics for Engineers. An analytical study of the fundamental principles of physics with emphasis on solution of problems involving engineering applications. A working knowledge is achieved through lectures and recitation, problem drill and laboratory work. Mechanics, sound, heat, electricity, light and modern physics. Four hours problem drill and laboratory per week. Co-requisite: Math 203, 204. Credit: ten hours.

ENGINEERING 208. Mechanics (Statics). Solution of concurrent, parallel, non-concurrent, non-parallel force systems which are coplanar and non-coplanar, using an analytical and graphical approach. Statics is applied to pin connected members, trusses and cables; friction, centroids and moments of inertia are studied. Shear and bending moment equations with diagrams are utilized. Three hours lecture and recitation per week. Co-requisite Math 204. Credit: three hours.

ENGINEERING 209-210. Elementary Circuits and Fields. Fundamental laws of electric and magnetic circuits. Introduction to simple circuit transients and steady state alternating-current circuit theory. Fundamental laws of magnetic and electric fields. Four hours lecture and problem drill per week. Co-requisite Math 203, 204. Credit: six hours.

ENGLISH

Burris, Smith, F. Cheek, R. Williams, P. Cheek, J. Alexander,
Wright, Cashion, Doshier

ENGLISH 101-102. English Composition and Reading. First semester: intensive review of fundamentals of English, with emphasis on the sentence and the mechanics of writing; weekly themes; introductory acquaintance with types of literature. Second semester: a continuation of the study of composition and types of literature; the use of source material and the library. Frequent conferences throughout the year. Prerequisite to 102 is 101. Credit: six hours.

ENGLISH 106. Business Correspondence. Practical application of the principles of letters; form, style, and tone of effective correspondence; intensive word study. Credit: three hours.

ENGLISH 201-202. History of English Literature. Three periods a week throughout the year. Required of Sophomores. A survey of English Literature and a critical study of selected representative masterpieces. Fall term: From the beginning through the Classic Period. Spring term: From the Classic Period to the present day. Credit: six hours.

ENGLISH 208. Reading for Discovery. A study of selected poems, plays, and short stories drawn from English, American, and European literature with emphasis on the great themes of literature and on the approach of the creative artist to basic ideas in western culture. Credit: three hours.

JOURNALISM 101. Study of the elements of news stories, writing of leads, and organization of news stories, supplemented by assignments on *The Triangle*. Credit: three hours.

LANGUAGES

Burris, Cowsert, P. Cheek, Stover, Newelt, Upchurch

FRENCH 101-102. A course for beginners, including grammar, composition, vocabulary, and conversation. Credit: six hours.

FRENCH 201-202. A course for students who have had two years of high school French or one year of college French. This course consists of review of grammar, introduction of more difficult aspects of the language and reading. Credit: six hours.

FRENCH 203-204. A survey course in French literature. Credit: six hours.

GREEK 101-102. Beginner's Greek. A thorough study of the Koine Greek of the New Testament. Emphasis upon grammatical forms, simple syntax, pronunciation, and vocabulary. During the second semester, selected portions of the Gospel of John are read and exegeted. Three hours a week, both semesters. Credit: six hours.

GREEK 201-202. A comprehensive and detailed review of grammar with emphasis upon the syntax of the noun and verb. Reading and exegesis of selected portions of the Greek New Testament. Credit: six hours.

LATIN 101-102. A course arranged for students who wish to begin Latin in college. Grammar, reading, study in derivation. Credit: six hours.

LATIN 201-202. Grammar and composition continued in first semester. Second semester devoted to reading. Credit: six hours.

SPANISH 101-102. A course for beginners including grammar, reading, conversation, and composition. Credit: six hours.

SPANISH 201-202. A course for students who have had two years of high school Spanish or one year of college Spanish. Review of grammar; introduction of more difficult aspects of the language; readings of appropriate difficulty. Credit: six hours.

SPANISH 203-204. A survey course in Spanish literature. Credit: six hours.

GERMAN 101-102. A course for beginners. Credit: six hours.

GERMAN 201-202. Review grammar and readings of appropriate difficulty. Credit: six hours.

MATHEMATICS

W. Alexander, B. Gaddy, N. Gregory, Johnson

MATHEMATICS 101. College Algebra. A brief review of high school algebra, induction, binomial theorem, progressions, theory of equations, and determinates. Prerequisite: $1\frac{1}{2}$ units of high school algebra and 1 unit of plane geometry. Credit: three hours.

MATHEMATICS 102. Plane Trigonometry. Topics considered consist of derivation and use of formulas, solution of the right triangle with natural and logarithmic functions, solution of oblique triangles, functions of two or more angles, inverse functions, and practical application. Prerequisite: Math 101. Credit: three hours.

MATHEMATICS 101E. Engineering Mathematics. An integrated course of Math 101-102-201. It is intended for those students who plan to go into engineering. Prerequisite: $1\frac{1}{2}$ units of high school algebra and 1 unit of plane geometry. Credit: five hours.

MATHEMATICS 102E. Engineering Mathematics. A continuation of Math 101E. Prerequisite: Math 101E. Credit: four hours.

MATHEMATICS 201. Analytic Geometry. Elective course for those who wish to major in mathematics, or to take courses in engineering, etc. Topics studied are: fundamentals of analytic geometry, the straight line, the circle, polar coordinates, conic sections, transformation of coordinates, higher plane curves, and introduction to geometry of space. Prerequisite: Math 101-102. Credit: three hours.

MATHEMATICS 203. Calculus I. A course in the fundamentals of the Calculus including the formulas for differentiation and for differentials; the integrals of polynomial functions; applications to geometry, maxima and minima, areas, volumes, moments of area, work, fluid pressure; related rates, rectilinear and curvilinear motion; Newton's Method of approximation of roots. Prerequisite: For non-engineering students, Math 101-102, and co-requisite Math 201; for engineering students, Math 101E-102E. Credit: four hours.

MATHEMATICS 204. Calculus II. Methods of integration; definite integral with applications to length of arc, surface area, volumes, centroids, and moments of inertia; Simpson's rule; indeterminate forms, infinite series, expansion of functions; hyperbolic functions, partial differentiation; multiple integration. Prerequisite: Math 203. Credit: four hours.

MUSIC

Woodruff, A. Williams, Thomas

Recitals and Concerts. The proximity of Charlotte and the David Ovens Auditorium (less than 30 miles from Wingate) offers outstanding cultural opportunities to our students. The Charlotte Music Club, the Charlotte Opera Association, the Charlotte Symphony, the Charlotte Community Concert Association, the Orotorio Singers of Charlotte, the Charlotte Choral Society, the Symphonette, the Charlotte Chapter of the American Guild of Organists, all these and more combine in making available musical presentations of unusual scope and calibre. Transportation is provided for groups attending these functions. The Wingate College Lyceum Series also brings artists and groups of national stature for performances on the campus. Other concerts include faculty recitals, local guest appearances, concerts by the Wingate College Choir, and exchange programs arranged with visiting musical organizations.

Choral Units

The Choir—The Wingate College Choir of fifty voices enjoys an enviable reputation for fine singing and the high quality of its programs. Repertoire includes both sacred and secular music. On-campus presentations during the year include the annual "Christmas Sing," a spring concert, and a graduation appearance. The Choir is frequently invited to sing in other communities, and the selected Touring Choir of forty makes an extended tour of churches and high schools in the spring. Membership is by audition only. Two rehearsals per week. Credit: 1 hour each semester.

The Male Chorus, the Girls' Ensemble, and other choral groups are selected by audition from all students in the school and appear at intervals throughout the year before Associational meetings, civic clubs, church organizations, etc. Repertoire includes music both sacred and secular. No credit.

Music Theory

MUSIC THEORY 101-102. Ear training, sight-singing, solfeggio, basic harmony, melodic, rhythmic and simple harmonic dictation: the hearing, singing, playing and writing of fundamental musical material. Required of freshman music majors and open as an elective to other students with suitable preparation. Credit: six hours.

MUSIC THEORY 201-202. Continuation of Music Theory 101-102. Advanced sight-singing and ear training, study and analysis of Bach chorales, harmonic dictation, harmonization of given melodies, modulation, chromatic alterations, keyboard application. Prerequisite: Music Theory 101-102. Credit: six hours.

RUDIMENTS OF MUSIC 101 (First Semester only). Remedial theory. Intended primarily for Applied Music students who need "basic training" in such fundamentals as notation, key and meter signatures, scales, essential terminology, etc. Required of music majors who have been accepted on probation; recommended for all who wish to learn to read music. Credit: for music majors, none; non-music majors, two hours.

History and Literature of Music

MUSIC APPRECIATION 101-102. An introductory survey of our musical heritage, open to all students who wish to enhance their discrimination and enjoyment in the art of listening. Illustration is largely through selected recordings with assignment of parallel readings, but every attempt is made to correlate this course with current "live" offerings of the finest musical presentation available to the student. (101 in this course is not a prerequisite for 102.) Credit: four hours.

HISTORY OF MUSIC 201-202. (1959-60 and alternate years.) A survey of the evolution of our western music from the earliest times to the present. Extensive illustration with emphasis on understanding of various forms and styles of composition and performance in historical perspective. Collateral reading. Credit: six hours.

Music Education

MUSIC EDUCATION IN THE ELEMENTARY GRADES 202. Principles, objectives, methods and materials at the elementary school level. Designed for the prospective classroom teacher. The child voice, use of rote songs, selection of suitable repertoire, integration with other activities, classroom observation. Credit: three hours.

CHORAL CONDUCTING 201. Techniques of choral conducting with emphasis on the needs of the director in church and school. Prerequisite: Music Theory 101-102, Vocal Workshop 101-102, one year of Choir, ability to play simple hymns and accompaniments acceptably at the piano. Credit: three hours.

Church Music

ADMINISTRATION OF CHURCH MUSIC 202. A definition of the ministry of music; survey of methods and materials pertaining to adult and graded choirs; group organization and training; rehearsal procedures; problems of the developing voice; elements of the worship service; sources of repertoire; planning the church year; practical psychology of harmonious relationships in church work. Prerequisite: Choral Conduction 201. Credit: three hours.

CHURCH MUSIC WORKSHOP (Tuesday evenings 7:30-9:00). A workshop in the basic elements of applied church music, designed to help the practising church choir director or organist to a more effective ministry. Over-all aims are defined, procedural techniques discussed, immediate problems of general interest scrutinized, and if possible clarified. Instruction in conducting, suggestions on repertoire, exchange of ideas and information. Highly recommended for the student director or prospective minister of music. Credit: one hour for students working toward a degree in sacred music.

Applied Music

Credit. Students will be admitted to credit courses in Applied Music upon passing an entrance examination in musical aptitude and performance before the faculty of the Music Department. Credit for Applied Music courses will be given as indicated provided the student passes his or her semester examination before the Music Faculty.

Total credit in Applied Music under individual instruction shall be three hours per semester with nine hours' weekly practice. Music majors taking two courses in Applied Music must take two half-hour lessons weekly in the major course and one half-hour lesson weekly in the minor course. At least three hours of practice per week are required for each semester hour of credit in Applied Music. Work for credit must be accompanied by a course in Music Theory or Music History. Students not desiring credit may take Applied Music only with the approval of the Department.

To become a candidate for a major in music, a student must satisfy the Department concerning his or her ability to carry college level work. Voice majors must have or develop a practical, working knowledge of piano, and before graduation will be expected to demonstrate ability to play acceptably hymns, simple accompaniments and pieces. Voice majors must also meet a minimum piano requirement at the beginning of the Sophomore year.

Additional fees are charged for all work in Applied Music, whether taken for credit or not.

Admission on Probation. Applicants who exhibit superior potential but who lack adequate preparatory training may be accepted for admission on probation. Probationary status must be removed within one year after admission by satisfactory demonstration of progress before the Music Faculty.

Students who fail to complete the requirements in their Applied Music major may be placed on probation for the following semester, with completion of the semester dependent upon their removal of this condition.

Extension Students. Children and adults not otherwise enrolled in the College may register for special instruction in Applied Music courses with the consent of the head of the Department of Music. Since a limited time is available for such instruction, the Department of Music will accommodate extension students in the order of their registration, reserving the right to close the lists whenever necessary.

Examinations and Student Recitals. Examinations in Applied Music are held at the close of each semester. The Music Faculty, in committee, will determine the readiness of the student to continue in his assigned Applied Music course at the close of the first semester.

Students have opportunity for public performance in student recitals, in chapel programs, and in radio and television appearances. Student recital presentations are generally limited to single solos or groups during the freshman year, but with the permission of the Music Faculty an assigned recital may be presented before graduation by an Applied Music major of superior ability.

PIANO 101-102. Major and minor scales in parallel and contrary motion, and arpeggios. Czerny Op. 299, Book 1; Bach Two-Part Inventions; Sonatinas; easier Mozart, Haydn, and Beethoven Sonatas, Grieg lyric pieces; Mendelssohn Songs Without Words. Credit: two hours each semester for two 30 minute lessons per week; one hour for one lesson.

PIANO 201-202. Major and minor scales in thirds, sixths and tenths. Arpeggios, Dominant Sevenths and Diminished Sevenths, Czerny Op. 299, Book 2; Bach Three-Part Inventions. More difficult Haydn, Mozart, and Beethoven Sonatas; Chopin Waltzes and Nocturnes; Schubert Impromptus; Debussy Arabesques, and easier pieces of modern composers. Credit: two hours each semester.

ORGAN 101-102. Freshman Organ. Prerequisite: A well established piano technique. Instruction to fit students' needs; pedal studies, hymn playing and accompaniments; first year organ compositions for church and concert repertoire. Credit: two hours each semester, etc. as above.

ORGAN 201-202. Sophomore Organ. A continuation of Organ 101-102. Bach Little Preludes and Fugues; easier works of Mendelssohn, Guilmant, and modern composers. Credit: two hours each semester.

VOICE 101-102. Basic techniques in the use of the voice: breathing, stance, vitalization of tone, vocalises, elements of diction, simple songs in English and Italian. Freedom of production and the development of a vital concept of tone are cardinal aims. The student is also expected to demonstrate progress in sight-singing and basic theory, and if necessary in facility at the piano keyboard. Credit: two hours each semester for two half-hour lessons per week.

VOICE 201-202. More advanced vocal methods. Exploration of standard classics in English and Italian, with study of songs in either French or German. By the end of the sophomore year the student should have mastered the basic elements of vocal technique and should understand and apply the essential of interpretation in singing. He should know from memory a repertoire of standard songs, including some of the simpler recitatives and arias from opera and oratorio. Credit: two hours each semester for two half-hour lessons per week.

VOCAL WORKSHOP 101-102. A laboratory workshop in the fundamentals of voice production and basic principles of singing. Class study and performance of vocalises and solo repertoire. Required of all beginning voice students and all members of the Choir. One hour per week. No credit.

PHYSICAL EDUCATION

Essic, Crigger, Shoe, Connell

HYGIENE 101. An elementary course dealing with the general laws of good health. Anatomy and physiology are considered whenever necessary for a better understanding of these laws. Two hours a week, one semester. Required of all students. Co-requisite: Physical education 101-102. Credit: two hours.

PHYSICAL EDUCATION 101-102. Girls. This course includes the playing of team sports such as soccer, speedball, basketball, volleyball, and softball. Emphasis is placed on individual improvement in general motor ability as well as on team skill, sportmanship, leadership, and on development of a more well-rounded individual. This course is required of freshmen both semesters. Credit: two hours.

PHYSICAL EDUCATION 201-202. Girls. Individual and dual sports such as badminton, table tennis, tennis, and horseshoes are taught in this course. Emphasis is placed upon game experience, officiating, and rules. Credit: two hours.

PHYSICAL EDUCATION 101-102. Men. A basic course consisting of conditioning activities and vigorous individual and team games designed to develop fundamental skills. Credit: two hours.

PHYSICAL EDUCATION 201-202. Men. An advanced course in Physical Education. Credit: two hours.

ELECTIVE COURSES. Courses in tennis, archery, officiating, tumbling, golf, and recreation may be offered for elective credit for men planning to major in Physical Education, subject to demand.

RELIGION AND PHILOSOPHY

Stover, Ives, Faulkenberry

BIBLE 101. Introduction to the Old Testament. The purpose of this course is to acquaint the students with the contents of the Old Testament. Students are encouraged to develop an intelligent appreciation of the religion of Israel through the use of the standard aids to Bible study. Required for graduation. Credit: three hours.

BIBLE 102. Introduction to the New Testament. A survey of the New Testament including its historical setting. The life and teachings of Jesus, the expansion of Christianity, and the Pauline writings receive major emphasis. Required for graduation. Credit: three hours.

RELIGIOUS EDUCATION 101. A survey introduction to the whole field of religious education. Reference to the origins of religious education in Christian history. Emphasis on the principles basic to a program of religious education, followed by an appraisal of the various agencies for implementing such a program. Credit: three hours.

PHILOSOPHY 201. A survey of the major systems of philosophy beginning with the early Greeks. Representative thinkers from the various periods are discussed. Credit: three hours.

SCIENCE

B. Smith, Johnson, Fletcher, V. Chaney

CHEMISTRY 101. General Inorganic Chemistry. A study of fundamental chemical laws and theories, elements, compounds, mixtures, solutions, atomic theory, chemical combination, states of matter and their transitions, crystal structure, acids, bases, salts, structure of the atom. This course includes three lecture hours and one three-hour laboratory period per week. Credit: four hours.

CHEMISTRY 102. General Inorganic and Qualitative Chemistry. A study of rate of reaction, ionic equilibrium, further study of selected elements, oxidation and reduction, fundamental properties of metals and nonmetals; introduction to organic and nuclear chemistry. Three one-hour lectures and one three-hour laboratory period per week. Laboratory work stresses qualitative analysis. Prerequisite: Chemistry 101. Credit: four hours.

GENERAL BIOLOGY 101-102. An introductory course, in which the fundamental facts of the structure and activity of plants and animals are stressed. The laboratory work will provide illustrations of important biological principles. Three hours lecture, four hours laboratory. Credit: eight hours.

GENERAL BOTANY 101-102. An introductory course in the study of structure, physiology, ecology, reproduction, and heredity of the higher plants, a survey of the life histories of non-green and green plants with consideration of their cosmic significance. Three hours lecture, four hours laboratory. Credit: eight hours.

GEOLOGY 101-102. Study of minerals, rocks, topographic maps, the development of land forms, geologic processes, history of the earth. Credit: eight hours.

PHYSICS 201-202. General Physics. An introductory course in college physics. This includes a study of mechanics, heat, sound, magnetism, electricity, optics, and a brief survey of modern physics. Practical applications and problem solving are especially emphasized. Lecture three hours and laboratory three hours a week throughout the year. Prerequisites: Math 101-102. Credit: eight hours.

ANATOMY AND PHYSIOLOGY 201. An introduction to human anatomy with the fundamental principles of the physiology of the body systems. Prerequisite: Biology. Credit: three hours.

SOCIAL STUDIES

C. Gaddy, Toney, McGee, Essic, J. Alexander

HISTORY 101-102. A survey of world civilization. A course which examines the major civilizations of the world. Emphasis is placed on the principal movements of history as they affect our own world. A research paper is required in 102. Credit: six hours.

A STATEMENT OF PURPOSE AND OBJECTIVES

Wingate College seeks to provide sound academic curricula within the plan of a junior college for the purpose of developing Christian leadership.

Wingate College is a part of the program of Christian education promoted by the Baptist State Convention of North Carolina. It seeks to maintain a qualified faculty, dedicated to the task of relating Christian truth to all fields of study, both by precept and example. A function of Christian education is the inculcation of ideals, loyalties, and attitudes, as well as the motivation and direction of individuals in acquiring knowledge, making choices, accepting responsibilities as Christian leaders, and participating as responsible citizens in a democracy.

As an institution of higher learning, Wingate College seeks to provide a sound educational program. Scholastic excellence is emphasized in terms of the students' needs and abilities to achieve.

Wingate College conceives of its function as a junior college. The student is guided by a comprehensive program of counseling and guidance. The programs of study are fourfold. First, the student may choose a course of study equivalent to and parallel with the first two years of the four year college or university undergraduate work. Second, a program of terminal study is provided for those who plan to go into certain vocational fields and who desire the influence and cultural environment of a college while pursuing this course of study. Third, provision is made for other individuals who have no specific interest in study at a senior college or university but who desire a program of general education to meet their cultural and citizenship needs. Fourth, Wingate College strives to meet other educational needs of people in its geographical area through community service and programs of adult education.

Curricular programs are specifically listed in the catalogue. All programs, curricula and extra-curricula, recognize an obligation to develop wholesome Christian citizenship in the context of sound academic achievement.

Dear Prospective Student:

Although the academic standard of each individual student is emphasized, there is another phase of a person's life that is held uppermost in the minds and hearts of both the faculty and the student body of Wingate College. Prevailing among the members of our large "family" is the sense of belonging to something worthwhile and the feeling of being needed. We are constantly busy with the hustle and rush of the modern age; however, permeating our campus is that atmosphere which directs our thoughts to the greater goals in life.

At Wingate you will not be content to remain complacent and let others carry the load. Rather the ambition of reaching higher and higher challenges you until you realize that you are **SOMEBODY**. There is that plan for your life which was revealed to you slowly, but positively, through the influences on Wingate campus.

If you make Wingate your choice you will leave here to go out in the world equipped not only with an educational background enabling you to take your place in society, but also instilled with the principles and teachings of the greatest teacher of all ages, Jesus Christ. Since I know that you are seeking the best for your life, a fact which will cause you to choose Wingate College, I am saying in advance, "Welcome to Wingate!"

Sincerely,
Jeanette McDonald

BUDD E. SMITH, PH.D.
PRESIDENT

Hello Friends:

It is a joy to introduce you to our college. Our faculty, students and staff all welcome you as a prospective member of our "family".

We have tried to make our catalogue attractive and informative.

Wingate has been serving young people for more than sixty years. Today, Wingate ranks as one of the outstanding private junior colleges in America. Students graduating from Wingate can enter the junior class of the senior college they choose.

If you are interested in a college that emphasizes the importance of good scholarship along with the total development of the individual, please come to see us. I am certain that you will find a friend ready to help.

Sincerely,

Budd E. Smith

HISTORY OF WINGATE COLLEGE

The Union Baptist Association at its annual meeting in October, 1895, passed a resolution authorizing the establishment of a school for the higher intellectual, moral, and religious training of the boys and girls of the Association and the surrounding country. A standing committee of J. W. Bivens, Hight C. Moore, O. M. Sanders, W. M. Griffin, J. C. Sikes, B. F. Parker, and R. F. Beasley were appointed to secure a suitable location within the bounds of the Association. After canvassing several available locations, the little village of Wingate, six miles east of Monroe, was selected. There Hight C. Moore and others marked off the grounds for the institution, which was called the "Wingate School."

The Association, at its annual session in 1896, established a Board of Trustees, consisting of fifteen members, to be selected from the various churches of the Association, each to serve a term of six years, and five to be elected by the Association every two years. The Legislature of North Carolina, in 1897, granted to the school a charter which secured for it all the protection and privileges that are usually granted to a college. At that time there were only a very limited number of public and private schools in all of Union County. In the region around Wingate for miles there was no school at all. Therefore the establishment of a school by the Association, a school in which children from the primary grades up were taught Christian faith and Baptist doctrine, was a necessity as well as a wise and far-seeing venture.

M. B. Dry was the first principal of the school which was housed in a three-room building. Besides local boys and girls, there were a few boarding students who lived in the homes in the village. The number of boarding students increased yearly. In a few years the growth of the school demanded more room, and five rooms, including two society halls, were added. During the twelve years of Mr. Dry's leadership, Wingate School came to be recognized by institutions of higher learning as one of the outstanding preparatory schools of the state. He was succeeded by B. Y. Tyner in 1908, and during his administration a spacious building was erected. From 1912 to 1918, J. G. Carroll was principal and did a fine work in enlarging and increasing the academic standing of the school. Miss Patty Marks of Albemarle, North Carolina, a graduate of Meredith and a fine Christian character, took charge of the work in the fall of 1918. C. M. Beach became principal in 1919.

The year of 1923-1924 is notable for the fact that the Baptist State Convention took over the school and made it a junior college. C. M. Beach was elected its first president. The library acquired many valuable volumes in its first year as a junior college, many of which came as gifts from the loyal friends of the institution. In April, 1924, J. B. Huff of Mars Hill was elected president and served for six years. During his administration the school was placed on the accredited list of junior colleges by the State Department of Education. Coy Muckle was elected president in 1930 and served until 1936. He was followed by James B. Little who served for one year. C. C. Burris, eighteen years dean of the college, accepted the presidency in 1937.

In November, 1930, the Baptist State Convention surrendered the ownership and control of the college to the Baptist churches of the Union, Pee Dee, Mecklenburg, and Cabarrus Associations.

A new era in Wingate history began when, at the meeting of the Baptist State Convention at Winston-Salem, 1939, a resolution was passed to give Wingate financial support from the Baptist State Convention. In 1946, the Convention voted on recommendation of the EDUCATIONAL COUNCIL AND THE GENERAL BOARD, that Wingate College participate in the allocation of education funds from the Cooperative Program on the same basis as the other colleges supported by the convention. Following rapidly, the Alumni dormitory accommodating about one hundred men was erected in 1948; the Efird Memorial Library, given by the descendants of the late J. E. Efird, was built in 1947. One of the most important events in the history of Wingate College occurred December 6, 1951, when the college was formally accredited by the Southern Association of Colleges and Secondary Schools. This greatly enlarged the constituency of the college and facilitated transfer of credits.

Budd E. Smith came to the presidency of Wingate College in 1953. Dr. Smith, a native of North Carolina, has the earned Doctor's Degree from the University of North Carolina. He has had teaching experience at Coker College and Wake Forest College and has served as superintendent of schools of Oxford, North Carolina. His youthful spirit and wide experience are definite assets to the college. During his administration the student body has increased from 192 to 727 in the fall of 1956. The value of buildings and equipment has increased from \$300,000 to \$2,500,000. A new dining hall, kitchen, infirmary, girls dormitory, faculty homes, library, physical education building, central heating plant, and athletic field have been added. Under construction is a new chapel auditorium to seat 1,100. A new language laboratory and adequate facilities for dramatics and speech are included. The student center is ready for 1960-61. Plans are being made for a science-engineering building and housing for 400 students.

STUDENT LIFE AND ACTIVITIES

WINGATE BUILDS FOR A WELL-ROUNDED LIFE

Emphasis is placed on the cultural aspect of life, along with spiritual growth and scholastic achievement. The second Thursday night of every month during the academic year has been set aside for Lyceum programs. Outstanding lecturers, singers, instrumentalists, and little theater groups will be presented in the series. This affords a fine opportunity for students to gain a well-rounded education.

THE RELATION OF TEACHERS AND STUDENTS

Every member of the faculty is a consecrated Christian who is anxious to instill into the lives of boys and girls those principles which make life worth living. The motto, "Individual attention and personal helpfulness," is carried out.

The girls are under the personal supervision of the Dean of Women and have the warm sympathy and care that is prevalent in home life.

Few set rules are made. Kindness and firmness on the part of the teacher and obedience, courtesy, and respect on the part of the students largely obviate the institution of a great many of the sterner things known as law.

Boys and girls find that they have sympathetic helpers in the schoolroom, on the athletic field, and in every phase of the school life. The teachers of the school are at all times ready to share a joy or sorrow with the student. Sympathy, helpfulness, and fellowship are the watchwords. "A sound body, a well-trained mind, and a true, noble character for each student," is our goal. How well we have succeeded in our aim is shown by the work our students are doing wherever they go.

RELIGIOUS LIFE AT WINGATE

From the time of its establishment, Wingate College has regarded religion as a central factor in life. Technical mastery is only a partial education. Moral integrity must be added to professional skills, and each whole person must possess spiritual awareness. Wingate attempts to create an atmosphere in which students may mature in their religious beliefs and find intellectual sanctions for their faith.

Denominational relations are directed by the President and the director of religious life on the campus. The director serves as advisor to all students who choose church vocational studies.

Chapel services are held three times each week. These services are led by members of the faculty and administration, students, and visiting speakers. Chapel attendance is compulsory for faculty, staff, and students.

RELIGIOUS ORGANIZATIONS

The various religious organizations on the college campus are coordinated under one central organization, the Baptist Student Union. The Executive Council leads the group, and membership in the union is extended to all students enlisted in any religious organization of the campus. The Baptist Student Union serves as a connecting link between the college and the Wingate Baptist Church. Its supreme purpose is to make college life Christian.

Sunday School—A class for college students meets each Sunday morning an hour prior to the worship service at the Baptist Church.

Baptist Training Union—College students participate in the Baptist Training Union organization of the church. Valuable opportunities for leadership and training in church membership are offered through this program.

Volunteer Band—Composed of those interested in Christian witnessing both abroad and at home.

Young Women's Auxiliary—An auxiliary of the Women's Missionary Union of the Baptist Church. All girls are invited to join. The purpose is to study mission progress. There are two meetings each month, one a general meeting and the other, a circle meeting.

STUDENT GOVERNMENT

In the fall semester, 1939, a student government was formally initiated at Wingate. A constitution and by-laws were adopted and the student council was elected, representing the various classes and organizations of the student body. Many of the discipline and student problems have been handled by the student council with care and dispatch. The student body constitution has been revised. Training in student government activities and responsibilities coming from an honor system are held invaluable by college authorities.

PUBLICATIONS

The Catalogue is issued annually. It endeavors to give an overall picture of the college and its work.

The Gate is the college annual edited by the students with the help of the faculty advisor, telling the story of Wingate life.

The Triangle is the school newspaper and is published monthly by the students.

The W Book is the student handbook, prepared by the student government and administration for the orientation and guidance of the students.

The Alumni Bulletin is published quarterly.

HONORARY FRATERNITIES AND CLUBS

Alpha Pi Epsilon is the national honorary scholastic fraternity for commercial students.

Delta Psi Omega Dramatic Fraternity—National Honorary Dramatic Fraternity open to students who have met specific requirements in dramatics.

Phi Rho Pi—National Junior College Forensic Society open to students participating in debates and other forms of public speaking.

Phi Theta Kappa is the National Junior College Honorary Scholastic Fraternity. To be elected a student must rank in the upper five per cent of the student body, must be carrying at least 12 academic hours, and must have proved himself a constructive and responsible school citizen.

Chemistry Club is open to all students who have an interest in the field of chemistry. Its purpose is to stimulate interest, broaden, and enrich the experiences of students in chemistry.

Engineering Society is open to all sophomore engineering students pursuing one of the prescribed programs of study.

Foreign Student Club is composed of all the international students on our campus.

Phi Beta Lambda—This club is composed of students active in the field of business. The meetings are held monthly.

Future Teachers of America—This national organization strives to acquaint teachers in training with the history, ethics, and program of the teaching profession.

Masque and Wig Club—The dramatic club was organized in 1928. Under the charter any student regularly enrolled and maintaining a grade of "C" on English is eligible for membership and after passing tryouts becomes a member of this club. This club meets bi-monthly, members of the club planning and executing programs on staging plays, make-up, lighting, costuming, scene designing, play writing and direction. A number of one-act plays and full-evening performances are presented to the public during the year.

Mathematics Club is open to all students with the aim to stimulate interest in the field and to aid the student in gaining a better appreciation of mathematics and its use.

Ministerial Association is a fellowship composed of all the ministerial students enrolled in the college.

"W" Club—A club composed of male students who have lettered in one or more sports.

Woman's Athletic Association is open to all girls. The purpose is to stimulate interest in intramural sports. A girl may earn a Block letter by earning 500 points in the intramural program.

Biology Club.

ATHLETICS

In an effort to help the students develop a sound and strong body, the college sponsors a well balanced program which offers every student the opportunity to enjoy a healthful, organized, and supervised play. All students are required to register for classes in physical education for one year and are encouraged to participate in intramural activities. The college sponsors intercollegiate teams in basketball, baseball, football, tennis, and golf.

Intramurals—The intramural phase of athletics is one of the most important and is given consideration accordingly. Every student on the campus is urged to participate in some type of activity. Tournaments are held in basketball, volleyball, baseball, softball, tag football, horse shoe, tennis, ping pong, soccer, and others.

AWARDS TO OUTSTANDING STUDENTS

The following medals and scholarships are offered to students:

1. A cup is awarded annually by President and Mrs. Smith to the student who shows the best attitude, most wholesome leadership, and who makes the most positive contribution to the general campus life.
2. A medal is offered to the best all-round student by President Emeritus Burris.
3. The medal for the best orator in the school is given by the Reverend Rommie Pierce.
4. Mrs. H. K. Helms offers a medal to the Valedictorian.
5. The Masque and Wig Club offers a medal to the student giving the best characterization during the year.
6. Mr. J. Howard Williams offers a cup to the best all-round athlete.
7. The James Long Cup is awarded to the student making the most academic improvement from the freshman to sophomore year.
8. A medal is given to the best student in mathematics by Dr. A. F. Hendricks.
9. The following scholarships are available to our graduates:
One \$150 scholarship to Wake Forest College.
One \$150 scholarship to Meredith College.

GENERAL RULES

The college strives, to maintain a wholesome, friendly, and inspiring campus environment, conducive to right thinking and right living. Those who disregard the well-being of others and violate the traditions of the college will be required to withdraw. As far as possible, students are dealt with individually and encouraged to live up to their highest possibilities.

Those planning to enter college should read carefully the following definite statements:

1. All students who do not live in their own homes or the home of their parents shall come under the general regulations of the college. They will not be considered as "day students."
2. Hazing is a violation of the laws of the State of North Carolina. Any type of physical punishment, humiliation, or intimidation of any student by another student is classed as hazing and is not permitted.
3. Drinking intoxicating liquor is forbidden, and any student violating this rule will be suspended. Any student possessing alcoholic beverage on the campus will be suspended.
4. Stealing, lying, gambling, cheating, vandalism, and other forms of immoral conduct will be dealt with according to the offense.
5. The possession of firearms, firecrackers, or explosives of any kind is prohibited, and violators shall be turned over to the law enforcement officers.
6. Students are not permitted to keep live pets in the college buildings.
7. Those who neglect their studies, waste time or money, disregard the requests of teachers, or fail to conform to the ideals of the college may be asked by the President and the Dean to withdraw from the college.
8. The rooms are equipped for lighting. A maximum of 150 watts is allowed in each room. Use of more than this will call for an extra charge. The use of irons, electrical cooking equipment, TV sets, etc., cannot be allowed in students' rooms.
9. No one can change rooms without permission of the Director of Student Affairs. Each student must make deposit of \$2 for each key. This will be refunded when the key is returned to the Superintendent of Maintenance. All damages to rooms are charged to occupants and must be paid immediately. Student refusing to pay will be asked to withdraw from school.
10. Students living on the campus or in Wingate homes are not permitted to keep or use automobiles, motorcycles, trucks, or jeeps without special permission from the Motor Vehicles Committee. All cars must be registered and must be parked in a designated area at all times. Every student having a car must maintain a "C" average on all work.

When a student moves into a college owned room, he is assuming obligation for that room for nine months if he continues in school at Wingate College. This policy is necessary because many young people are denied admission for lack of rooms.

Any student not living in his own home or the home of his parents shall reside in the dormitories or approved homes of the Wingate community.

Any student not living in his own home or the home of his parents shall be under the general regulations of Wingate College, and the college administration shall have general supervision of all approved housing.

Every student living in college owned housing shall eat in the college dining hall.

Any student not using college housing may eat in the dining hall by official approval of the college business office.

Cost of books is estimated at \$50 for the year. These are available at the Book Store for purchase on a *cash basis*. The college does not operate a laundry.

**No special or laboratory fees are returnable after the first three weeks of any semester.*

Payments: All charges for tuition, room and board, special fees, etc., are payable in advance. Any exceptions must be arranged with the Business Office *prior to registration*. Absolutely *no* tuition is *returnable after 48 hours*. Checks and money orders should be made payable to Wingate College. No student can use a college scholarship as initial payment. Any student who moves into a room for as much as 48 hours must pay for a complete semester's room rent.

Charges are made from the day of entrance to the end of the semester. No deduction is made for absence for the first two weeks.

Student accounts are credited with scholarship aid in December of the first semester and in May of the second semester. Students are paid according to the number of hours of work, except in case of honor scholarships.

STUDENT AID

Wingate College exists to make available to as many young people as possible the advantages of a college education. Honor, work, athletic, and any combination of these three are awarded by the Scholarship Committee on the following basis:

1. The evidence of need.
2. Acceptable scholastic record in high school.
3. Good character references.
4. Above average ability.

Applications for financial assistance may be made *following* the application for admission. For the resident student, tuition, general fees, room, and board are approximately \$825 for the year.

DAY STUDENTS

Wingate College is putting forth every effort to make it possible for those students in the vicinity of the school to avail themselves of the opportunity to obtain two years of college work at a minimum of expense. In the last three years, the number of students availing themselves of this opportunity has increased from forty to two hundred and fifty. The cost is kept at a minimum. The total is approximately \$400 for tuition and fees. A lounge and individual lockers are maintained for the convenience of these students. *Payment MS*

MINISTERIAL AID

To serve the church, etc.
Students studying for the Ministry and approved by their church may file a request with the President for assistance on tuition. All students granted aid are required to execute a note with a competent endorser, agreeing to repay the amount of the grant if the student does not enter church vocational service within a reasonable period after graduation.

VETERANS

Veterans who are approved for training under the G. I. Bill of Rights should turn in their Certificates of Eligibility at registration and make a payment of \$100 toward the charges for room and board. Seven additional payments beginning October 20 will be made monthly as the Veteran receives his check. One must be made each month and a final payment not later than May 15.

SCHOLARSHIPS

The following scholarships are available:

1. \$150 to any valedictorian of an accredited high school for each of two years.
2. \$75 to any salutatorian of an accredited high school for each of two years.
3. Twenty duPont Scholarships. These are given annually to outstanding sophomores by Mrs. Alfred I. duPont of Wilmington, Delaware.
4. Three W. M. U. Scholarships to students of the Charlotte Region.
(These are made available by the women of Baptist churches.)
5. Union W. M. U. Scholarship awarded to a student from Union Baptist Association.
6. Redfearn Memorial Scholarship—Descendants of Nimrod and Sarah Redfearn have made funds available, and the income from these shall be given as a memorial scholarship each year. Preference shall be given to young people of Anson County.
7. Liles Ministerial Trust established by Mr. J. S. Liles of Wadesboro—the income to be used to assist worthy Ministerial Students. Preference is given to Anson County students.
8. Laney Scholarship—An annual scholarship made available by Mr. and Mrs. B. K. Laney of Atlanta, Georgia.
9. Perry Music Scholarships. Three music scholarships are awarded annually to outstanding students of music in honor of Mrs. Lessie Perry Summerlin, Mrs. Ruby Perry McIntyre, and Mrs. Verdie Perry Hinson.

LOAN FUNDS

Certain Loan Funds are available to worthy students. These funds have been established by friends of the college: The Masonic Fund, T. E. L. Sunday School Fund, B. F. and Delia Parker Memorial Loan Fund, Dr. A. F. Hendricks Memorial Fund, and the Reverend W. T. Baucom Fund for Ministerial students.

Students may apply to the Bursar for a National Defense Loan.

Students will not be given honorable dismissal from the college who leave without notifying the Dean and Bursar. *No transcripts will be furnished until all accounts are paid in full.*

GENERAL ACADEMIC INFORMATION

ADMISSION INFORMATION

Applicants for admission to the College should write for an application blank, have it filled in by the proper authority, and returned as early as convenient. A processing fee of \$10.00 must be mailed with application, and this fee is not refundable. Before a room can be reserved, a \$50.00 nonrefundable advance payment must be made. This is to be made by June 1 or within ten days after being notified by the Admissions Committee that the applicant has been accepted for admission to Wingate College.

Applicants are admitted by either of the following methods:

1. By graduation from an accredited high school with a transcript made out on prescribed forms obtainable from the College.
2. By examination. Before being permitted to take the examination, a student must submit certain evidence of qualification depending upon the individual case and the judgment of the College.

ADVANCED STANDING

Full credit will be given to students for work done in other approved institutions, provided the application for same is accompanied by a proper transcript of credit in detailed form and by a certificate of honorable dismissal from the other institution.

AMOUNT OF WORK

Fifteen to sixteen semester hours of college work per week is considered a normal work load for the average student. Students will not be allowed to register for more hours without additional cost. Under no conditions may a student take more than nineteen hours.

When a student drops below twelve hours, he must withdraw from the college.

A student must pass as least nine hours the first semester in attendance to be permitted to register for the second semester. Thereafter, he must pass at least twelve semester hours each semester to be permitted to remain in college.

REGISTRATION AND CLASSIFICATION

Students are urged to be present on the first day of registration. Proper instruction will be given for registration during orientation. A transcript of high school work and medical certificate must be sent in advance of registration.

College Freshmen—Graduates with sixteen units from an accredited high school are admitted to the freshman class without an examination. Others may be admitted if tests and examinations seem to indicate they can do college work.

Engineering students should present the following minimum credits in mathematics: one unit in plane geometry, one-half unit in solid geometry, and one and one-half units in algebra. Deficiencies in geometry and one-half unit of algebra may be completed while enrolled during the summer immediately preceding and during the freshman year.

College Sophomores—To be rated as a college sophomore, a student must have completed a minimum of twenty-eight hours of college work.

GUIDANCE AND ORIENTATION

Freshmen are required to come early for the purpose of orientation. During this period they are given tests of interest, aptitude, personality, English and mathematics. The results of these scores are used in placement. A biographical information file and records of personal interviews are kept and are made available to their teachers. At intervals a study is made of the failures on the part of the students and an effort is made to understand the reasons for these failures.

Guidance, in order to be effective, must be a continuous process throughout the year.

During this orientation period, the students are also familiarized with the regulations of the College, the routine and program, as well as, taken on guided visits through the various buildings and departments with special emphasis on the library.

Every student is assigned a Faculty Adviser during Orientation Week. This Adviser is in close contact with his Advisee group the entire year. Problems of a personal, social, religious, or vocational nature are discussed and advice and help are given. Since these groups are small, each student is assured of close personal interest by the Faculty.

WHAT STUDENTS SHOULD BRING

All Dormitory rooms are furnished with beds, dressers, and desks or tables. Drapes are furnished in the girls dormitories but are not furnished in the boys dormitories. It is not necessary to bring bed linens and towels. These items are furnished by the College. Listed below is a suggested list of what to bring:

One pillow	Drinking glass for bedroom
Two blankets	Study lamps
Four bath cloths	Dictionary
Soap and toilet articles	Bible

Students may bring items they desire such as radios, study lamps, scatter rugs, bedspreads, drapes, etc., to make their rooms more comfortable and homelike. Electric appliances such as hot plates, coffee makers, etc., are not permitted.

EXAMINATIONS

At the end of each semester final examinations are given on the work covered during the entire semester. The minimum length of these examinations is one and one-half hours; the maximum length is three hours.

Late examinations—If for any reason, except illness or representing the school, a student is necessarily absent from any regular semester examination, he may take the examination at a later date by paying a fee of \$5.00 to the Bursar. His receipt must be presented to the instructor in charge before he shall be given this examination.

Special Examination—Any special examination is left to the discretion of the faculty member. A fee of \$2.00 must be paid before the examination is given.

GRADING SYSTEM

Grades on reports are recorded in letters, as follows: A, Excellent; B, Above Average; C, Average; D, Lowest Passing Grade; E, Conditioned; F, Failure; I, Incomplete. The passing grade on a subject is 70 per cent.

THE DEAN'S LIST

The Dean's List is published for each quarter and each semester. To appear on this list, a student must make a 3.3 average and have no grade below a "C" and must be carrying fifteen semester hours. A grade of "A" carries four points for a credit hour, a "B" three, a "C" two, and a "D" one point.

REGULATIONS REGARDING CLASS ATTENDANCE

1. We are unable to find good reason for a student who is interested in his education absents himself from class without justifiable cause.
2. When a student is absent from class he cannot re-enter except on an "admit" notice from the Dean's Office.
3. The "admit" notice will show whether the excuse offered for the absence is acceptable, and will indicate "excused" or "unexcused."
4. The class teacher will record the absences as "excused" or "unexcused" and

at the end of the semester will report the excused and unexcused absences in separate columns.

5. The Registrar's Office will take proper notice of each report and subtract quality points for all unexcused absences.
6. Absences for the purpose of representing the college in athletics, forensics, dramatics, choir, etc., shall be excused when certified by the proper representative.
7. No student shall be permitted to be absent representing the college more than 15% of the classes in a subject for the semester.
8. A student who has been absent from class for any, or all, purposes for more than 20% of the class time shall be assigned a failure in the course and dropped. (It shall be the duty of the Registrar to determine the number of absences that can be allowed during any semester for each course.)
9. When a student has, because of excessive absences, brought about a condition where he is carrying less than the required number of semester hours to remain enrolled, his parents shall be advised and he shall be dropped from the college.

Note: Exception—Where the absence was for an 8:00 class, the student will be given one extra day to secure the "admit" notice since the Dean's Office might not be open in time for the student to secure such before the beginning of the class period.

CHANGE OF COURSE

A student may add a new course at any time within the first two weeks of school and receive full credit provided he makes up the work to the satisfaction of the instructor. A student may drop a course any time during the first quarter of the semester without receiving an "F" provided he receives an official drop slip from the Academic Dean. After the first quarter a student cannot drop a course without receiving an "F" except on recommendation of the Dean. Should the student drop a course at any time without an official approval he will receive an "F". No student can receive credit for a course unless he is officially registered for the course.

WITHDRAWAL FROM COLLEGE

Students who find it necessary to leave school during the year must withdraw in an official manner. This student must first obtain a withdrawal slip from the Registrar's Office. This slip must then be carried to the officials listed on the form and be signed by each. This process is concluded at the Business Office. Those having settled all accounts with the College will be given an honorable dismissal.

VETERANS

Wingate is approved for the education of veterans under the G. I. Bill of Rights.

A veteran must carry at least fourteen semester hours in order to be eligible for full subsistence payments.

Veterans should consult the Bursar with reference to problems pertaining to registration, necessary forms, and transfers.

REQUIREMENT FOR GRADUATION

To be entitled to the "Associate in Arts" degree, a student must meet the following requirements:

1. Sixty-four semester hours of college work chosen from any one of the courses below.
2. Sixty of the sixty-four hours must be academic hours.
3. A total of 120 quality credits must be earned; these are determined on the following basis: For each semester hour of D grade—1 quality credit; for

each semester hour of C grade—2 quality credits; for each semester hour of B grade—3 quality credits; for each semester hour of A grade—4 quality credits.

4. All obligations must be paid before graduation or before transcripts can be sent. A student is entitled to one transcript. Additional transcripts will be one dollar each.
5. For specific area of study consult requirements listed on the following pages.

OPPORTUNITIES FOR JUNIOR COLLEGE GRADUATES IN THE MARINE CORPS

The United States Marine Corps does not have a reserve officers program in colleges as other branches of the service, but they do offer commissions to a limited number of college students through the Marine Aviation Cadet (MARCAD) and the Platoon Leaders Class programs. The general requirements for enrollment in either of these programs are:

1. Be at least 17 years of age. PLC applicants must be no more than 26 years of age upon graduation. MARCADs must not be over 24 upon assignments to flight training.
2. Be majoring in a field other than medicine, dentistry, veterinary medicine, or theology.
3. Be in sound health.
4. Maintain at least a "C" average in college.
5. Be a citizen of the United States.
6. Agree to serve on active duty for a minimum of three years after being appointed to commissioned rank.

Additional information concerning this opportunity may be secured on inquiry before or after registration.

*The Associate in Arts in General Studies is offered to meet the needs of those students who desire to extend their education beyond the high school but who do not plan to complete senior college for a bachelor's degree. Most of these students need additional study in the area of English and Social Studies in particular. Occasionally they want courses in Art, Music, Language or Math. The requirements are flexible so as to be of maximum help to them in raising their general educational level.

Courses of Instruction

ART DEPARTMENT

Ives

ART INTRODUCTION 101-102. Instruction in the basic approaches to art with emphasis on the functions and qualities of line, tone, and color. Exploratory work on various media. Problems in still life and landscape. Design and the structural elements of a picture also considered. Laboratory periods. Credit: three hours each semester.

HISTORY AND APPRECIATION OF ART 103. A general survey of art history through its various periods. Lectures, research, and field trips. Designed to meet teacher education requirements. Credit: three hours.

ARTS AND CRAFTS 201-202. Provides for the acquisition of skills in the use of varied materials; such as art metals, leather, plastics, papier-mache, and linoleum blocks. Designed for teacher education and religious education majors. Also valuable for hobby and leisure time activities. Laboratory periods. Credit: three hours each semester.

CERAMICS 203. Study of basic processes in beginning ceramics. Problems in modeling, firing, and glazing with instruction in mold making and slip casting. Some work in formulas for clay and glazes. Laboratory periods. Credit: three hours.

BUSINESS

Horton, Haskins, Greer, Nash, H. Traynham, *Edwards*

ACCOUNTING 101-102. Principles of Accounting. A study of the fundamental problems of bookkeeping and accounting. Practice sets are worked demonstrating the principles studied. Credit: six hours.

ACCOUNTING 111-112. Secretarial accounting. This course is a study of the elementary principles of accounting with emphasis on secretarial accounting procedures. Credit: six hours.

ACCOUNTING 201-202. Intermediate Accounting. This is a continuation of the study of accounting on a more advanced level. Problems are worked dealing with each phase studied. Credit: six hours.

ACCOUNTING 203. (Income Tax) A study of the latest Federal Revenue Act, and interpretations thereof by the Courts and the Treasury Department; also includes the preparation of individual, partnership, and corporation income tax returns. Credit: three hours.

ACCOUNTING 204. (Cost Accounting) A study of the classification of costs; job order cost accounting; process accounting and standard cost; accounting for material and labor costs; manufacturing expenses and the use of cost records. Credit: three hours.

BUSINESS MATHEMATICS 103. In this age of industrial and commercial specifications, Business Mathematics takes its place in the front ranks of the more important subjects taught, giving to all business students competence in problems relating to business. Credit three hours.

BUSINESS LAW 101. This course acquaints the student with the general principles which are followed in business. It trains him in the application of those principles to business situations, thus enabling him to govern his business affairs intelligently. Credit: three hours.

INTRODUCTION TO BUSINESS 101. A course intended to give the student a specific understanding of our capitalistic system and the role of the individual in it. It teaches the student the underlying principles of modern business in general as preparation for his or her future business career. Credit: three hours.

OFFICE PRACTICE 201. This course gives a comprehensive treatment of the secretarial duties that are performed in the modern business offices. Emphasis is upon personality development, public relations, communications, telephone techniques, travel services, handling mail, methods of filing, meetings, and financial

reports. Efficiency is also developed on the various office machines such as the duplicators, dictaphones, calculators, and Comptometers. Credit: three hours.

FUNDAMENTALS OF ADVERTISING. Basic elements of retail advertising. Instruction in development of layout; fundamentals of copy-writing. A study and application of materials and techniques of modern advertising. Lecture and lab. Credit: three hours.

SALESMANSHIP 101. Fundamental instruction concerning sales-techniques, sales-practices, and the psychology of salesmanship in modern business. Study of the development of sales-personality, the approach to buyers and prospects. Emphasis is placed on inter-departmental coordination in order to gain promotion in sales. Credit: three hours.

BEGINNING SHORTHAND 101-102. A study of the Gregg Simplified Methods of Shorthand. A speed of 90 words per minute must be attained. Records are used for dictation and transcription skill. Five hours per week. Credit: six hours.

INTERMEDIATE SHORTHAND 103-104. Continued study of the Gregg Simplified Method of Shorthand. Intensive use of records for dictation and transcription. A speed of 100 words per minute must be attained. Five hours per week. Credit: six hours.

MEDICAL SHORTHAND. Consists of dictation with emphasis on medical terminology, the use of the medical dictionary, and a study of a handbook for the medical secretary. Credit: six hours.

ADVANCED SHORTHAND 201-202. Development of speed and accuracy by further study of the Gregg Simplified Method of Shorthand. A speed of 110 words per minute must be attained. Records for dictation and transcription are used continuously. Five hours per week. Credit: six hours.

TYPEWRITING 101-102. Elementary Typewriting. Learning keyboard, centering, tabulating, typewriting rough drafts and simple business letters. Speed, 45 net words per minute. Five hours per week. Credit: six hours.

TYPEWRITING 103-104. Intermediate Typewriting. Development of speed and accuracy. Records are used to obtain better rhythm. Speed 50 words per minute. Five hours per week. Credit: six hours.

TYPEWRITING 201-202. Advanced Typewriting. Development of sustained production on various kinds of typewriting problems. Prerequisite: Typewriting 101-102, or Typewriting 103-104 or the equivalent. Records are used in this work to obtain rhythm and accuracy. Speed 55 words per minute. Five hours per week. Credit: six hours.

ECONOMICS 201. A general introductory course in economics dealing primarily with production, exchange, consumption, and distribution. The student is introduced to the basic principles and applications whereby men make a living. Special reference is made to private enterprise and other aspects of the American economy. Credit: three hours.

ECONOMICS 202. A course in economic principles dealing with the fundamental forces at work in our economic system. A careful study is made of the basic principles of economics. Prerequisite: Economics 201. Credit: three hours.

ENGINEERING

McLean, Brower *shaw*

ENGINEERING 101-102. Engineering Graphics. Students are trained in the methods and procedures of communicating by the graphical approach. Emphasis is upon instrument practice, geometrical construction, completing prepared work-sheets, freehand technical sketching, orthographic and pictorial projections, sections, revolution, fasteners, intersections and development, details and assemblies, geometrical magnitudes represented by points, lines, planes, and solids, stressing visualization. Four hours laboratory per week. Credit: four hours.

ENGINEERING 103-104. Introduction to Engineering Fields and Engineering Problems. Students are given the opportunity to examine the requirements for

the study and practice of the major fields of engineering. Instruction and practice in the use of the slide rule, stressing its use as a tool in the solution of engineering problems. One hour lecture and discussion per week. Credit: two hours.

ENGINEERING 201-202. Civil Engineering Surveying. Elements of plane surveying: taping, use of transit and level, topographic surveying and mapping, use of stadia, care and adjustment of instruments, elementary astronomical surveying. Also construction surveys, earthwork computations, route surveys, simple, compound, parabolic and spiral curves. Prerequisite: Math 102. One hour lecture, five hours laboratory per week. Credit: six hours.

ENGINEERING 203. General Surveying. Elements of plane surveying: taping, use of transit and level, topographic surveying and mapping, care and minor adjustments of instruments. Prerequisite: Math 102. One hour lecture and three hours laboratory per week. Credit: two hours.

ENGINEERING 208. Mechanics (Statics). Solution of concurrent, parallel, non-concurrent, non-parallel force systems which are coplanar and non-coplanar, using an analytical and graphical approach. Statics is applied to pin connected members, trusses and cables; friction, centroids and moments of inertia are studied. Shear and bending moment equations with diagrams are utilized. Three hours lecture and recitation per week. Co-requisite Math 204. Credit: three hours.

ENGINEERING 209-210. Elementary Circuits and Fields. Fundamental laws of electric and magnetic circuits. Introduction to simple circuit transients and steady state alternating-current circuit theory. Fundamental laws of magnetic and electric fields. Four hours lecture and problem drill per week. Co-requisite Math 203, 204. Credit: six hours.

ENGLISH

~~Burns~~, Linney, R. Williams, J. Sampey, A. Powell, J. Powell,
Cashion, ~~Penley~~ *Baucum, Penley*

ENGLISH 101-102. English Composition and Reading. First semester: intensive review of fundamentals of English, with emphasis on the sentence and the mechanics of writing; weekly themes; introductory acquaintance with types of literature. Second semester: a continuation of the study of composition and types of literature; the use of source material and the library. Frequent conferences throughout the year. Prerequisite to 102 is 101. Credit: six hours.

ENGLISH 106. Business Correspondence. Practical application of the principles of letters; form, style, and tone of effective correspondence; intensive word study. Credit: three hours.

ENGLISH 201-202. History of English Literature. Three periods a week throughout the year. A survey of English Literature and a critical study of selected representative masterpieces. Fall term: From the beginning through the Classic Period. Spring term: From the Classic Period to the present day. Credit: six hours.

ENGLISH 208. Reading for Discovery. A study of selected poems, plays, and short stories drawn from English, American, and European literature with emphasis on the great themes of literature and on the approach of the creative artist to basic ideas in western culture. Credit: three hours.

JOURNALISM 101. Study of the elements of news stories, writing of leads, and organization of news stories, supplemented by assignments on *The Triangle*. Credit: three hours.

THE FUNDAMENTALS OF SPEECH 101. This is a basic course which involves essential training in voice and diction; in the preparation and delivery of short speeches for different purposes; in participation of formal discussions; in listening and constructive evaluation. It is offered each semester. Credit: three hours.

PUBLIC SPEAKING 201. The course involves the principles and methods of public address; the preparation and delivery of effective speeches for various purposes, designed to meet the needs of ministerial and other students. Credit: three hours. Second semester. Prerequisite: Speech 101 or its equivalent.

PLAY PRODUCTION 102. The basic principles and methods of acting and staging a play for public performance; applied to interpreting, characterizing and acting a role in a drama; the principles of designing appropriate stage craft. The setting, the scenery, the lighting, and the use of effects for locale; and the make-up for the period and characters. For practical application a one act play is produced. Credit: three hours.

LANGUAGES

Cowsert, ~~Barris~~, Stover, ~~Upchurch~~, *Morgan, Bancom*

FRENCH 101-102. A course for beginners, including grammar, composition, vocabulary, and conversation. Credit: six hours.

FRENCH 201-202. A course for students who have had two years of high school French or one year of college French. This course consists of review of grammar, introduction of more difficult aspects of the language and reading. Credit: six hours.

FRENCH 203-204. A survey course in French literature. Credit: six hours.

GREEK 101-102. Beginner's Greek. Essentials of Greek, with emphasis on grammatical forms, simple syntax, pronunciation, and vocabulary. Reading of easy selections from Greek literature. Credit: six hours.

GREEK 201-202. Intermediate Greek. Review of Grammar and reading of selected portions from Greek literature and the Greek Testament. Credit: six hours.

LATIN 101-102. A course arranged for students who wish to begin Latin in college. Grammar, reading, study in derivation. Credit: six hours.

LATIN 201-202. Grammar and composition continued in first semester. Second semester devoted to reading. Credit: six hours.

SPANISH 101-102. A course for beginners including grammar, reading, conversation, and composition. Credit: six hours.

SPANISH 201-202. A course for students who have had two years of high school Spanish or one year of college Spanish. Review of grammar; introduction of more difficult aspects of the language; readings of appropriate difficulty. Credit: six hours.

SPANISH 203-204. A survey course in Spanish literature. Credit: six hours.

GERMAN 101-102. A course for beginners, including grammar, idiomatic phrases, vocabulary, pronunciation, reading of printed German script, translation from and into German and basic conversation. Credit: six hours.

GERMAN 201-202. For students who had one year of college German or two years of high school German. Review of Grammar, further progress in vocabulary, improving of abilities in translation, conversation and linguistic skill. In second semester, reading of German literature and composition. Credit: six hours.

Jarrell MATHEMATICS *Kerr* ~~W. Alexander~~, Adams, ~~Jarrell~~, *Morgan*

MATHEMATICS 101. College Algebra. A brief review of high school algebra, induction, binomial theorem, progressions, theory of equations, and determinates. Prerequisite: $1\frac{1}{2}$ units of high school algebra and 1 unit of plane geometry. Credit: three hours.

MATHEMATICS 102. Plane Trigonometry. Topics considered consist of derivation and use of formulas, solution of the right triangle with natural and logarithmic functions, solution of oblique triangles, functions of two or more angles, inverse functions, and practical application. Prerequisite: Math 101: Credit: three hours.

MATHEMATICS 101E. Engineering Mathematics. An integrated course of Math 101-102-201. It is intended for those students who plan to go into engi-

neering. Prerequisite: $1\frac{1}{2}$ units of high school algebra and 1 unit of plane geometry. Credit: five hours.

MATHEMATICS 102E. Engineering Mathematics. A continuation of Math 101E. Prerequisite: Math 101E. Credit: four hours.

MATHEMATICS 201. Analytic Geometry. Elective course for those who wish to major in mathematics, or to take courses in engineering, etc. Topics studied are: fundamentals of analytic geometry, the straight line, the circle, polar coordinates, conic sections, transformation of coordinates, higher plane curves, and introduction to geometry of space. Prerequisite: Math 101-102. Credit: three hours.

MATHEMATICS 203. Calculus I. A course in the fundamentals of the Calculus including the formulas for differentiation and for differentials; the integrals of polynomial functions; applications to geometry, maxima and minima, areas, volumes, moments of area, work, fluid pressure; related rates, rectilinear and curvilinear motion; Newton's Method of approximation of roots. Prerequisite: For non-engineering students, Math 101-102, and co-requisite Math 201; for engineering students, Math 101E-102E. Credit: four hours.

MATHEMATICS 204. Calculus II. Methods of integration; definite integral with applications to length of arc, surface area, volumes, centroids, and moments of inertia; Simpson's rule; indeterminate forms, infinite series, expansion of functions; hyperbolic functions, partial differentiation; multiple integration. Prerequisite: Math 203. Credit: four hours.

MUSIC

Yost, Board

THE CHOIR. The Wingate College Choir enjoys an enviable reputation for fine singing and the high quality of its programs. Repertoire includes both sacred and secular music. On-campus presentations during the year include the annual "Christmas Sing," a spring concert, and a graduation appearance. The Choir is frequently invited to sing in other communities, and the selected Touring Choir makes an extended tour of churches and high schools in the spring. Membership is by audition only. Three rehearsals per week. Credit: one hour each semester.

The Male Chorus, the Girls' Ensemble, and other choral groups are selected by audition from all students in the school and appear at intervals throughout the year before Association meetings, civic clubs, church organizations, etc. Repertoire includes music both sacred and secular. No credit.

MUSIC THEORY 101-102. An explanation of the structure of music for appreciative, executive and creative purposes. A knowledge of general principles of structure is secured through study of music literature of the classic and romantic periods. All phases of study (visual and aural perception, keyboard facility, elementary conducting, and music writing) are coordinated to meet the practical needs of the listener, performer, or creator. A knowledge of music notation is desirable, though not prerequisite, for enrollment in this course. Three hours per week. Credit: six hours.

MUSIC APPRECIATION 101. An introductory survey of our musical heritage, open to all students who wish to enhance their discrimination and enjoyment in the art of listening. Illustration is largely through selected recordings with assignment of parallel readings, but every attempt is made to correlate this course with current "live" offerings of the finest musical presentation available to the student. Credit: three hours. Repeated every semester.

HYMNOLOGY 101. A study of hymns, their origin, development, classification, criticism, and place in worship and evangelism. A chronological survey of hymns from the Old Testament to the present. Practical consideration of materials for congregational singing. Three hours per week. Credit: three hours. Every semester.

HISTORY OF MUSIC 101-102. A study of the growth of western music with emphasis on cultural and general historical background. Study of form and style of major musical works in each of the major historical periods. Collateral reading. Credit: six hours.

Applied Music

PIANO 101-102. Basic touches. Selected studies. Carroll, *First Lessons in Bach*, or Mason, *Little Preludes* (Bach), or Bach, *Two-Part Inventions*, depending upon degree of advancement of individual students. Sonatinas. Easier Haydn, Mozart, and Beethoven Sonatas. Selected romantic and contemporary pieces. Credit: two hours each semester for two thirty minute lessons per week; one hour for one thirty minute lesson per week.

PIANO 201-202. Scales and arpeggios. Selected studies; Loeschhorn, Heller, Bertini. Bach, *Three-Part Inventions*. More difficult Haydn, Mozart, and Beethoven Sonatas. Romantic and modern pieces. Credit: same as for Piano 101-102.

ORGAN 101-102. Freshman Organ. Prerequisite: A well established piano technique. Jennings, *First Elements of Organ Technic*. Manual and pedal studies. Hymn playing and accompanying. Easier pieces for church and concert repertoire. Credit: same as for Piano 101-102.

ORGAN 201-202. Sophomore Organ. A continuation of Organ 101-102. Bach, *Eight Little Preludes and Fugues*. Easier works of Mendelssohn, Guilmant, and modern composers. Credit: same as for Piano 201-202.

VOICE 101-102. Basic techniques in the use of the voice; breathing, vitalization of tone, vocalises, elements of diction, simple songs in English, German and French. Freedom of production and the development of a vital concept of tone are cardinal aims. The student is also expected to demonstrate progress in sight singing and basic theory, and if necessary in facility at the piano keyboard. Credit: two hours each semester for two half-hour lessons per week.

VOICE 201-202. More advanced vocal methods. Exploration of standard classics in English and Italian, with study of songs in both French and German. By the end of the sophomore year the student should have mastered the basic elements of vocal technique and should understand and apply the essentials of interpretation in singing. He should know from memory a repertoire of standard songs, including some of the simpler recitatives and arias from opera and oratorio. Credit: two hours each semester for two half-hour lessons per week.

PHYSICAL EDUCATION

Faulkenberry, Connell, Quinn, ~~Burroughs~~

PHYSICAL EDUCATION 101-102. Girls. This course includes the playing of team sports such as soccer, speedball, basketball, volleyball, and softball. Emphasis is placed on individual improvement in general motor ability as well as on team skill, sportsmanship, leadership, and on development of a more well-rounded individual. This course is required of freshmen both semesters. Credit: two hours.

PHYSICAL EDUCATION 201-202. Girls. Individual and dual sports such as badminton, table tennis, tennis, and horseshoes are taught in this course. Emphasis is placed upon game experience, officiating, and rules. Credit: two hours.

PHYSICAL EDUCATION 101-102. Boys. A basic skill course covering rules and fundamentals in individual and team participation in swimming, softball, volleyball, basketball, and tumbling. Credit: two hours.

PHYSICAL EDUCATION 201-202. Boys. A basic skill course in individual and collective participation in tennis, badminton, archery, gymnastics, and beginning folk rhythms. Credit: two hours.

HYGIENE 101. An elementary course dealing with the general laws of good health. Anatomy and physiology are considered whenever necessary for a better understanding of these laws. Required of all students. Co-requisite: Physical education 101-102. Credit: two hours.

RELIGION, PHILOSOPHY AND PSYCHOLOGY

Tucker, Stover, Chappell, Coleman, Yost

BIBLE 101. Introduction to the Old Testament. A survey of the Old Testament. Emphasis is placed upon the history of the Hebrew nation. Students are

encouraged to develop an intelligent appreciation of the religion of Israel through the use of the standard aids to Bible study. Credit: three hours.

BIBLE 102. Introduction to the New Testament. A survey of the New Testament including its historical setting. The life and teachings of Jesus, the expansion of Christianity, and the Pauline writings receive major emphasis. Credit: three hours.

RELIGIOUS EDUCATION 101. Introduction to Religious Education. A survey of the field of religious education with reference to the origins of religious education in Christian history. Emphasis is placed upon the history, theories, and principles of religious education. Credit: three hours.

RELIGIOUS EDUCATION 102. Practical church work. A study of the unit organizations of a typical Baptist church. Emphasis is placed upon practical methods of organizing and administering the educational program of a local church. Prerequisite: Religious Education 101. Credit: three hours.

PHILOSOPHY 201. A survey of the major systems of philosophy beginning with the early Greeks. Representative thinkers from the various periods are discussed. Credit: three hours.

GENERAL PSYCHOLOGY 201. This is an introductory course in General Psychology and serves as a foundation for further study in the field of psychology as well as for courses in education. Open to sophomores only. Credit: three hours.

PSYCHOLOGY 202. Applications of psychology to education; readiness and its development; problems of learning, planning, motivation, evaluation, and emotional learning. Credit: three hours.

SCIENCE

Wonderly

B. Smith, Johnson, Fletcher, Foster, Chaney

CHEMISTRY 101: General Inorganic Chemistry. A study of fundamental chemical laws and theories; elements, compounds, mixtures, and solutions; atomic structure and behaviour; the periodic classification of the elements; states of matter and their transitions; crystal structure; acids, bases, and salts; classification and naming of compounds; chemical calculations; and selected elements and families of elements. Three hours lecture and two two-hour laboratory periods per week. Credit: four hours.

CHEMISTRY 102. Continuation of General Chemistry and Introduction to Qualitative Analysis. A study of rates of reaction and equilibrium; ionization; oxidation and reduction; fundamental properties of metals and nonmetals; and an introduction to organic and nuclear chemistry. Laboratory work stresses qualitative analysis. Three hours lecture and two two-hour laboratory periods per week. Credit: four hours.

BOTANY 101: Principles of Botany. An introduction to the structure, physiology, genetics, and classification of plants. Three lecture hours and four laboratory hours per week. Credit: four hours.

BOTANY 102. The Plant Kingdom. Prerequisite Botany 101. A survey of the plant kingdom with emphasis on the structure, reproduction, and classification of selected types. Laboratory and field studies of local nonvascular and vascular plants. Three lecture hours and four laboratory hours per week. Credit: four hours.

ZOOLOGY 101. General animal biology. A study of basic similarities of all living organisms; organ systems and their physiology; embryology, genetics, organic evolution, ecology; survey of the phyla. Three lecture hours and four laboratory hours per week. Credit: four hours.

GEOLOGY 101-102. Study of minerals, rocks, topographic maps, the development of land forms, geologic processes, history of the earth. Credit: eight hours.

PHYSICS 201-202. General Physics. An introductory course in college physics. This includes a study of mechanics, heat, sound, magnetism, electricity, light, optics, and a brief survey of modern physics with emphasis on solution of prob-

lems. A working knowledge is achieved through lectures and recitation, problem drill and laboratory work. Lecture three hours and laboratory three hours per week throughout the year. Prerequisites: Math 101-102. Credit: ~~eight~~ ^{ten} hours.

ANATOMY AND PHYSIOLOGY 201: An introduction to human anatomy with the fundamental principles of the physiology of the body systems. Prerequisite: Biology. Credit: three hours.

SUMMARY INFORMATION

You can attend Wingate and get a good education.

Make your plans now, and here is what you will need:

- (a) Sixteen units of high school work from accredited high school if you enter college.
- (b) You may enter our high school division with eight units.
- (c) You may enter as a special student after consultation with college authorities.
- (d) Your cost will be approximately \$800 for nine months. This covers tuition, board, and room, but not laboratory fees.
- (e) If you are a "drive in" student, deduct \$430.
- (f) Textbooks for year will be approximately \$50, except in engineering where the cost of instruments increases the total.
- (g) You must submit an application blank accompanied by a physical examination form and a transcript of your record in school.
- (h) If you need financial aid, make application and come for an interview. Work scholarships and athletic grants are available.
- (i) Honorary scholarships are available to valedictorians, salutatorians and superior students in music.
- (j) The college furnishes linen. You need to bring blankets and pillow.
- (k) You must maintain an academic average of "C" for graduation from Wingate.

A STATEMENT OF PURPOSE AND OBJECTIVES

Wingate College seeks to provide sound academic curricula within the plan of a junior college for the purpose of developing Christian leadership.

Wingate College is a part of the program of Christian education promoted by the Baptist State Convention of North Carolina. It seeks to maintain a qualified faculty, dedicated to the task of relating Christian truth to all fields of study, both by precept and example. A function of Christian education is the inculcation of ideals, loyalties, and attitudes, as well as the motivation and direction of individuals in acquiring knowledge, making choices, accepting responsibilities as Christian leaders, and participating as responsible citizens in a democracy.

As an institution of higher learning, Wingate College seeks to provide a sound educational program. Scholastic excellence is emphasized in terms of the students' needs and abilities to achieve.

Wingate College conceives of its function as a junior college. The student is guided by a comprehensive program of counseling and guidance. The programs of study are fourfold. First, the student may choose a course of study equivalent to and parallel with the first two years of the four year college or university undergraduate work. Second, a program of terminal study is provided for those who plan to go into certain vocational fields and who desire the influence and cultural environment of a college while pursuing this course of study. Third, provision is made for other individuals who have no specific interest in study at a senior college or university but who desire a program of general education to meet their cultural and citizenship needs. Fourth, Wingate College strives to meet other educational needs of people in its geographical area through community service and programs of adult education.

Curricular programs are specifically listed in the catalogue. All programs, curricula and extra-curricula, recognize an obligation to develop wholesome Christian citizenship in the context of sound academic achievement.

BUDD E. SMITH, PH.D.
PRESIDENT

Hello Friends:

It is a joy to introduce you to our college. Our faculty, students and staff all welcome you as a prospective member of our "family".

We have tried to make our catalogue attractive and informative.

Wingate has been serving young people for more than sixty years. Today, Wingate ranks as one of the outstanding private junior colleges in America. Students graduating from Wingate can enter the junior class of the senior college they choose.

If you are interested in a college that emphasizes the importance of good scholarship along with the total development of the individual, please come to see us. I am certain that you will find a friend ready to help.

Sincerely,

Budd E. Smith

President

HISTORY OF WINGATE COLLEGE

The Union Baptist Association at its annual meeting in October, 1895, passed a resolution authorizing the establishment of a school for the higher intellectual, moral, and religious training of the boys and girls of the Association and the surrounding country. A standing committee of J. W. Bivens, Hight C. Moore, O. M. Sanders, W. M. Griffin, J. C. Sikes, B. F. Parker, and R. F. Beasley were appointed to secure a suitable location within the bounds of the Association. After canvassing several available locations, the little village of Wingate, six miles east of Monroe, was selected. There Hight C. Moore and others marked off the grounds for the institution, which was called the "Wingate School."

The Association, at its annual session in 1896, established a Board of Trustees, consisting of fifteen members, to be selected from the various churches of the Association, each to serve a term of six years, and five to be elected by the Association every two years. The Legislature of North Carolina, in 1897, granted to the school a charter which secured for it all the protection and privileges that are usually granted to a college. At that time there were only a very limited number of public and private schools in all of Union County. In the region around Wingate for miles there was no school at all. Therefore, the establishment of a school by the Association, a school in which children from the primary grades up were taught Christian faith and Baptist doctrine, was a necessity as well as a wise and far-seeing venture.

M. B. Dry was the first principal of the school which was housed in a three-room building. Besides local boys and girls, there were a few boarding students who lived in the homes in the village. The number of boarding students increased yearly. In a few years the growth of the school demanded more room, and five rooms, including two society halls, were added. During the twelve years of Mr. Dry's leadership, Wingate School came to be recognized by institutions of higher learning as one of the outstanding preparatory schools of the state. He was succeeded by B. Y. Tyner, in 1908, and during his administration a spacious building was erected. From 1912 to 1918, J. G. Carroll was principal and did a fine work in enlarging and increasing the academic standing of the school. Miss Patty Marks of Albemarle, North Carolina, a graduate of Meredith and a fine Christian character, took charge of the work in the fall of 1918. C. M. Beach became principal in 1919.

The year of 1923-1924 is notable for the fact that the Baptist State Convention took over the school and made it a junior college. C. M. Beach was elected its first president. The library acquired many valuable volumes in its first year as a junior college, many of which came as gifts from the loyal friends of the institution. In April, 1924, J. B. Huff of Mars Hill was elected president and served for six years. During his administration the school was placed on the accredited list of junior colleges by the State Department of Education. Coy Muckle was elected president in 1930 and served until 1936. He was followed by James B. Little who served for one year. C. C. Burris, eighteen years dean of the college, accepted the presidency in 1937.

In November, 1930, the Baptist State Convention surrendered the ownership and control of the college to the Baptist churches of the Union, Pee Dee, Mecklenburg, and Cabarrus Associations.

A new era in Wingate history began when, at the meeting of the Baptist State Convention at Winston-Salem, 1939, a resolution was passed to give Wingate financial support from the Baptist State Convention. In 1946, the Convention voted on recommendation of the EDUCATIONAL COUNCIL AND THE GENERAL BOARD, that Wingate College participate in the allocation of education funds from the Cooperative Program on the same basis as the other colleges supported by the convention. Following rapidly, the Alumni dormitory accommodating about one hundred men was erected in 1948; the Efird Memorial Library, given by the descendants of the late J. E. Efird, was built in 1947. One of the most important events in the history of Wingate College occurred December 6, 1951, when the college was formally accredited by the Southern Association of Colleges and Secondary Schools. This greatly enlarged the constituency of the college and facilitated transfer of credits.

Budd E. Smith came to the presidency of Wingate College in 1953. Dr. Smith, a native of North Carolina, has earned Doctor's Degree from the University of North Carolina. He has had teaching experience at Coker College and Wake Forest College and has served as superintendent of schools at Oxford, North Carolina. His youthful spirit and wide experience are definite assets to the college. During his administration the student body has increased from 192 to 824 in the fall of 1960. The value of buildings and equipment has increased from \$300,000 to \$3,200,000. A new dining hall, kitchen, infirmary, girls dormitory, faculty homes, library, physical education building, central heating plant, athletic field, two dormitories for men, chapel-auditorium, student center, pool, tennis courts, and language laboratory have been added. A science-engineering building will be ready for use in September 1962. Plans are now ready for the construction of a business administration building. Housing for 300 students will be planned soon.

THE COLLEGE

LOCATION AND ENVIRONMENT

Wingate is thirty miles east of Charlotte, on the main line of the Seaboard Railway between Atlanta and Richmond, and also on Highway 74. Wingate is primarily a rural community. While the village is small, it is large enough to supply all needs of the students, and Monroe, county seat of Union County, is only six miles to the west. Wingate has a bank, barber shop, laundry, dry cleaners, and a number of stores. Mail is delivered to the campus daily. There is a city water system from which the college receives its water. Wingate is often referred to as a community of teachers.

PHYSICAL FACILITIES

THE CAMPUS has about sixty acres of gently rolling ground. Many trees, shrubs, flowers, and a spring make the campus a place of natural beauty. Dr. Smith, who is a trained botanist, has many further plans for the development of the campus.

BURRIS CLASSROOM BUILDING contains the business office, twenty-five classrooms, science laboratories, and faculty offices. Classroom chairs and desks are modern in every respect.

EFIRD MEMORIAL ADMINISTRATIVE BUILDING is fireproof and modern in every way. It contains the offices of the president, dean, registrar, and public relations.

THE SANDERS-SIKES PHYSICAL EDUCATION BUILDING was completed in 1959. It is fully equipped for physical education for 1,500 students and with regulation playing court with seating for 2,500. Ample storage, dressing, locker, office, and classroom space make this a center of activity.

JOHN M. AND BIRDIE WEBB AUSTIN MEMORIAL CHAPEL-AUDITORIUM. A beautiful building completed in 1960 to serve as a cultural center for the area and as a center of spiritual growth for students and faculty seats 1,100. Ample facilities for dramatics and a modern electronic language laboratory have been included. The beautiful organ was given in memory of Mrs. Birdie Webb Austin. Another gift by Mr. Austin made possible the whole building as a memorial.

PLYLER ATHLETIC FIELD. The sons of I. F. Plyler have made available a very fine Athletic Field along Meadow Branch for football, baseball, and track. Seating for 3,000 spectators and a field house for housing 40 athletes makes this facility of real value.

THE SWIMMING POOL was constructed in 1957 with funds given by Mr. Charles A. Cannon. It is used for recreation and instruction.

THE NEW LIBRARY completed in January 1959 is designed for 50,000 volumes and will accommodate 300 students for study at any time. Funds for this very fine library came from Mr. Charles A. Cannon.

CENTRAL HEATING PLANT completed in 1959 supplies ample heat for all buildings. It is equipped with an oil burning boiler to increase efficiency.

ALL WEATHER TENNIS COURTS. Five fine tennis courts suitable for play the year round and used for skating were completed in 1959.

ROSE GARDENS. Four rose gardens have been planted on the campus by students and faculty.

SERVICE FACILITIES

STEWART—This, the oldest of the dormitories, houses fifty-two men.

ALUMNI DORMITORY—This fireproof building houses one hundred young men and has an apartment for a housemother. The rooms are equipped with new furniture and lavatories.

BIVENS-PERRY HALL—Beautiful four-story building for 93 young men. Rooms have running water. New furnishings are attractive and sufficient.

STEWART HALL—Beautiful, four-story building for 93 young men. All rooms have running water. New furnishings are attractive and sufficient.

DORMITORY B—This frame building was constructed in 1947 and completely remodeled in 1954. It houses forty-five men.

HELMS HOUSE—This large house was purchased in 1955 and accommodates thirty-two men.

THAYER HOUSE—A large frame building purchased in 1959 accommodates twenty-two young men.

SNYDER HOUSE—Home for ten young men. Satisfactory for those who want a quiet place.

APARTMENTS—The college has fourteen three- and four-room apartments for faculty and staff.

FACULTY HOMES—The college owns six homes for faculty families.

PRESIDENT'S HOME—The home for the president is located on Faculty Drive. It was purchased in 1953.

EDWIN L. LOWERY CAFETERIA—A modern dining hall to seat 350 persons is equipped with a modern kitchen and was built in 1956. A small private dining room is used by faculty and small student groups.

RUTH COLTRANE CANNON RESIDENCE HALL FOR WOMEN—Made possible by a challenge gift by Mr. Charles A. Cannon, this modern unit houses 144 young ladies. Well equipped parlors, recreation room, and apartments make this a show place of the campus.

DICKERSON INFIRMARY—A modern infirmary made possible by gifts from the banks of Monroe, Wingate, and Marshville has quarters for a nurse, examination rooms, wards, kitchenette, and an isolation room.

STUDENT LIFE AND ACTIVITIES

WINGATE BUILDS FOR A WELL-ROUNDED LIFE

Emphasis is placed on the cultural aspect of life, along with spiritual growth and scholastic achievement. The second Thursday night of every month during the academic year has been set aside for Lyceum programs. Outstanding lecturers, singers, instrumentalists, and little theater groups will be presented in the series.

THE RELATION OF TEACHERS AND STUDENTS

Every member of the faculty is a consecrated Christian who is anxious to instill into the lives of boys and girls those principles which make life worth living. The motto, "Individual attention and personal helpfulness," is carried out.

The girls are under the personal supervision of the Dean of Women and have the warm sympathy and care that is prevalent in home life.

Few set rules are made. Kindness and firmness on the part of the teacher and obedience, courtesy, and respect on the part of the students largely obviate the institution of a great many of the sterner things known as law.

Boys and girls find that they have sympathetic helpers in the schoolroom, on the athletic field, and in every phase of the school life. The teachers of the school are at all times ready to share a joy or sorrow with the student. Sympathy, helpfulness, and fellowship are the watchwords. "A sound body, a well-trained mind, and a true, noble character for each student," is our goal. How well we have succeeded in our aim is shown by the work our students are doing wherever they go.

RELIGIOUS LIFE AT WINGATE

From the time of its establishment, Wingate College has regarded religion as a central factor in life. Technical mastery is only a partial education. Moral integrity must be added to professional skills, and each whole person must possess spiritual awareness. Wingate attempts to create an atmosphere in which students may mature in their religious beliefs and find intellectual sanctions for their faith.

Denominational relations are directed by the President and the director of religious life on the campus. The director serves as advisor to all students who choose church vocational studies.

Chapel services are held three times each week. These services are led by members of the faculty and administration, students, and visiting speakers. Chapel attendance is compulsory for faculty, staff, and students.

RELIGIOUS ORGANIZATIONS

The various religious organizations on the college campus are coordinated under one central organization, the Baptist Student Union. The Executive Council leads the group, and membership in the union is extended to all students enlisted in any religious organization of the campus. The Baptist Student Union serves as a connecting link between the college and the Wingate Baptist Church. Its supreme purpose is to make college life Christian.

Sunday School—A class for college students meets each Sunday morning an hour prior to the worship service at the Baptist Church.

Baptist Training Union—College students participate in the Baptist Training Union organization of the church. Valuable opportunities for leadership and training in church membership are offered through this program.

Volunteer Band—Composed of those interested in Christian witnessing both abroad and at home.

Young Women's Auxiliary—An auxiliary of the Women's Missionary Union of the Baptist Church. All girls are invited to join. The purpose is to study mission progress. There are two meetings each month, one a general meeting and the other, a circle meeting.

STUDENT GOVERNMENT

In the fall semester, 1939, a student government was formally initiated at Wingate. A constitution and by-laws were adopted and the student council was elected, representing the various classes and organizations of the student body. Many of the discipline and student problems have been handled by the student council with care and dispatch. The student body constitution has been revised. Training in student government activities and responsibilities coming from an honor system are held invaluable by college authorities.

PUBLICATIONS

The Catalogue is issued annually. It endeavors to give an overall picture of the college and its work.

The Gate is the college annual edited by the students with the help of the faculty advisor, telling the story of Wingate life.

The Triangle is the school newspaper and is published monthly by the students.

The W. Book is the student handbook, prepared by the student government and administration for the orientation and guidance of the students.

The Alumni Bulletin is published quarterly.

HONORARY FRATERNITIES AND CLUBS

Alpha Pi Epsilon is the national honorary scholastic fraternity for commercial students.

Delta Psi Omega Dramatic Fraternity—National Honorary Dramatic Fraternity open to students who have met specific requirements in dramatics.

Phi Rho Pi—National Junior College Forensic Society open to students participating in debates and other forms of public speaking.

Phi Theta Kappa is the National Junior College Honorary Scholastic Fraternity. To be elected a student must rank in the upper five per cent of the student body, must be carrying at least 12 academic hours, and must have proved himself a constructive and responsible school citizen.

Chemistry Club is open to all students who have an interest in the field of chemistry. Its purpose is to stimulate interest, broaden, and enrich the experiences of students in chemistry.

Engineering Society is open to all sophomore engineering students pursuing one of the prescribed programs of study.

Foreign Student Club is composed of all the international students on our campus.

Phi Beta Lambda—This club is composed of students active in the field of business. The meetings are held monthly.

Future Teachers of America—This national organization strives to acquaint teachers in training with the history, ethics, and program of the teaching profession.

Masque and Wig Club—The dramatic club was organized in 1928. Under the charter any student regularly enrolled and maintaining a grade of "C" on English is eligible for membership and after passing tryouts becomes a member of this club. This club meets bi-monthly, members of the club planning and executing programs on staging plays, make-up, lighting, costuming, scene designing, play writing and direction. A number of one-act plays and full-evening performances are presented to the public during the year.

Mathematics Club is open to all students with the aim to stimulate interest in the field and to aid the student in gaining a better appreciation of mathematics and its use.

Ministerial Association is a fellowship composed of all the ministerial students enrolled in the college.

"W" Club—A club composed of male students who have lettered in one or more sports.

Woman's Athletic Association is open to all girls. The purpose is to stimulate interest in intramural sports. A girl may earn a letter by earning 500 points in the intramural program.

Biology Club.

ATHLETICS

In an effort to help the students develop a sound and strong body, the college sponsors a well balanced program which offers every student the opportunity to enjoy a healthful, organized, and supervised play. All students are required to register for classes in physical education for two years and are encouraged to participate in intramural activities. The college sponsors intercollegiate teams in basketball, baseball, football, tennis, and golf.

Intramurals—The intramural phase of athletics is one of the most important and is given consideration accordingly. Every student on the campus is urged to participate in some type of activity. Tournaments are held in basketball, volleyball, baseball, softball, tag football, horse shoe, tennis, ping pong, soccer, and others.

AWARDS TO OUTSTANDING STUDENTS

The following medals and scholarships are offered to students:

1. A cup is awarded annually by President and Mrs. Smith to the student who shows the best attitude, most wholesome leadership, and who makes the most positive contribution to the general campus life.
2. A medal is offered to the best all-round student by President Emeritus Burris.
3. The medal for the best orator in the school is given by the Reverend Rommie Pierce.
4. Mrs. H. K. Helms offers a medal to the Valedictorian.
5. The Masque and Wig Club offers a medal to the student giving the best characterization during the year.
6. Mr. J. Howard Williams offers a cup to the best all-round athlete.
7. The James Long Cup is awarded to the student making the most academic improvement from the freshman to sophomore year.
8. A medal is given to the best student in mathematics by Dr. A. F. Hendricks.
9. The following scholarships are available to our graduates:
One \$150 scholarship to Wake Forest College.
One \$150 scholarship to Meredith College.

GENERAL RULES

The college strives to maintain a wholesome, friendly, and inspiring campus environment, conducive to right thinking and right living. Those who disregard the well-being of others and violate the traditions of the college will be required to withdraw. As far as possible, students are dealt with individually and encouraged to live up to their highest possibilities.

Those planning to enter college should read carefully the following definite statements:

1. All students who do not live in their own homes or the home of their parents shall come under the general regulations of the college. They will not be considered as "day students."
2. Hazing is a violation of the laws of the State of North Carolina. Any type of physical punishment, humiliation, or intimidation of any student by another student is classed as hazing and is not permitted.
3. Drinking or possessing alcoholic beverages is forbidden, and any student violating this rule will be severely disciplined.
4. Stealing, lying, gambling, cheating, vandalism, and other forms of immoral conduct will be dealt with according to the offense.
5. The possession of firearms, firecrackers, or explosives of any kind is prohibited, and violators shall be turned over to the law enforcement officers.
6. Students are not permitted to keep live pets in the college buildings.
7. Those who neglect their studies, waste time or money, disregard the requests of teachers, or fail to conform to the ideals of the college may be asked by the President and the Dean to withdraw from the college.
8. The rooms are equipped for lighting. A maximum of 150 watts is allowed in each room. Use of more than this will call for an extra charge. The use of irons, electrical cooking equipment, TV sets, etc., cannot be allowed in students' rooms.
9. No one can change rooms without permission of the Director of Student Affairs. Each student must make deposit of \$2 for each key. This will be refunded when the key is returned to the Superintendent of Maintenance. All damages to rooms are charged to occupants and must be paid immediately. Student refusing to pay will be asked to withdraw from school.
10. Students living on the campus or in Wingate homes are not permitted to keep or use automobiles, motorcycles, trucks, or jeeps without special permission from the Motor Vehicles Committee. All cars must be registered and must be parked in a designated area at all times. Every student having a car must maintain a "C" average on all work.

When a student moves into a college owned room, he is assuming obligation for that room for nine months if he continues in school at Wingate College. This policy is necessary because many young people are denied admission for lack of rooms.

Any student not living in his own home or the home of his parents shall reside in the dormitories or approved homes of the Wingate community.

Any student not living in his own home or the home of his parents shall be under the general regulations of Wingate College, and the college administration shall have general supervision of all approved housing.

Every student living in college owned housing shall eat in the college dining hall.

Any student not using college housing may eat in the dining hall by official approval of the college business office.

EXPENSES, SCHOLARSHIPS, AND STUDENT AID

EXPENSES FOR A SEMESTER

Cost of books is estimated at \$50 for the year. These are available at the Book Store for purchase on a *cash basis*. The college does not operate a laundry.

**No special or laboratory fees are returnable after the first three weeks of any semester.*

Payments: All charges for tuition, room and board, special fees, etc., are payable in advance. Any exceptions must be arranged with the Business Office *prior to registration*. Absolutely *no* tuition is returnable after 48 hours. Checks and money orders should be made payable to Wingate College. No student can use a college scholarship as initial payment. Any student who moves into a room for as much as 48 hours must pay for a complete semester's room rent.

Charges are made from the entrance date to the end of the semester.

Student accounts are credited with scholarship aid in December of the first semester and in May of the second semester. Students are paid according to the number of hours of work, except in case of honor scholarships.

Students will not be given honorable dismissal from the college who leave without notifying the Dean and Bursar. *No transcripts will be furnished until all accounts are paid in full.*

STUDENT AID

Wingate College exists to make available to as many young people as possible the advantages of a college education. Honor, work, athletic, and any combination of these three are awarded by the Scholarship Committee on the following basis:

1. The evidence of need.
2. Acceptable scholastic record in high school.

3. Good character references.

4. Above average ability.

Applications for financial assistance may be made *following* the application for admission. For the resident student, tuition, general fees, room, and board are approximately \$900 for the year.

DAY STUDENTS

Wingate College is putting forth every effort to make it possible for those students in the vicinity of the school to avail themselves of the opportunity to obtain two years of college work at a minimum of expense. In the last three years the number of students availing themselves of this opportunity has increased from forty to two hundred and fifty. The cost is kept at a minimum. The total is approximately \$450 for tuition and fees. A lounge is maintained in the student center for the convenience of these students.

MINISTERIAL AID

Students studying to serve as pastors must be approved by their church and may file a request with the President for assistance on tuition. Any student granted aid agrees to work closely with the Baptist Student Union.

VETERANS

Veterans who are approved for training under the G. I. Bill of Rights should turn in their Certificates of Eligibility at registration and make a payment of \$100 toward the charges for room and board. Seven additional payments beginning October 20 will be made monthly as the Veteran receives his check. One must be made each month and a final payment not later than May 15.

SCHOLARSHIPS

The following scholarships are available:

1. \$150 to any valedictorian of an accredited high school for each of two years.
2. \$75 to any salutatorian of an accredited high school for each of two years.
3. Twenty duPont Scholarships. These are given annually to outstanding sophomores by Mrs. Alfred I. duPont of Wilmington, Delaware.
4. Redfearn Memorial Scholarship—Descendants of Nimrod and Sarah Redfearn have made funds available, and the income from these shall be given as a memorial scholarship each year. Preference shall be given to young people of Anson County.
5. Liles Ministerial Trust established by Mr. J. S. Liles of Wadesboro—the income to be used to assist worthy Ministerial Students. Preference is given to Anson County students.
6. Laney Scholarship—An annual scholarship made available by Mr. and Mrs. B. K. Laney of Atlanta, Georgia.
7. Perry Music Scholarships. Three music scholarships are awarded annually to outstanding students of music in honor of Mrs. Lessie Perry Summerlin, Mrs. Ruby Perry McIntyre, and Mrs. Verdie Perry Hinson.

LOAN FUNDS

Certain Loan Funds are available to worthy students. These funds have been established by friends of the college: The Masonic Fund, T. E. L. Sunday School Fund, B. F. and Delia Parker Memorial Loan Fund, Dr. A. F. Hendricks Memorial Fund, and the Reverend W. T. Baucom Fund for Ministerial students.

Students may apply to the Bursar for a National Defense Loan.

All students granted aid are required to execute a note with a competent endorser, agreeing to repay the amount of the grant if he does not become a pastor within a reasonable period of time.

GENERAL ACADEMIC INFORMATION

ADMISSION INFORMATION

Applicants for admission to the College should write for an application blank, have it filled in by the proper authority, and returned as early as convenient. A processing fee of \$10.00 must be mailed with application, and this fee is not refundable. Before a room can be reserved, a \$50.00 nonrefundable advance payment must be made. This is to be made by June 1 or within ten days after being notified by the Admissions Committee that the applicant has been accepted for admission to Wingate College.

Applicants are admitted by either of the following methods:

1. By graduation from an accredited high school with a transcript made out on prescribed forms obtainable from the College.
2. By examination. Before being permitted to take the examination, a student must submit certain evidence of qualification depending upon the individual case and the judgment of the College.

ADVANCED STANDING

Full credit will be given to students for work done in other approved institutions, provided the application for same is accompanied by a proper transcript of credit in detailed form and by a certificate of honorable dismissal from the other institution.

AMOUNT OF WORK

Fifteen to sixteen semester hours of college work per week is considered a normal work load for the average student. Students will not be allowed to register for more hours without additional cost. Under no conditions may a student take more than nineteen hours.

When a student drops below twelve hours, he must withdraw from the college.

A student must pass at least nine hours the first semester in attendance to be permitted to register for the second semester. Thereafter, he must pass at least twelve semester hours each semester to be permitted to remain in college.

REGISTRATION AND CLASSIFICATION

Students are urged to be present on the first day of registration. Proper instruction will be given for registration during orientation. A transcript of high school work and medical certificate must be sent in advance of registration.

College Freshmen—Graduates with sixteen units from an accredited high school are admitted to the freshman class without an examination. Others may be admitted if tests and examinations seem to indicate they can do college work.

Engineering students should present the following minimum credits in mathematics: one unit in plane geometry, one-half unit in solid geometry, and one and one-half units in algebra.

When a student has been admitted to Wingate College and the course of study he is to pursue while here has been approved, he will be advised of any mathematic deficiencies he may have. He will have one year from the time of his enrollment to remove these deficiencies. In some cases, this will require summer school attendance. If summer school is indicated as the best time for this, he should attend the summer school before regular enrollment in September.

College Sophomores—To be rated as a college sophomore, a student must have completed a minimum of twenty-eight hours of college work.

GUIDANCE AND ORIENTATION

Freshmen are required to come early for the purpose of orientation. During this period they are given tests of interest, aptitude, personality, English and mathematics. The results of these scores are used in placement. A biographical information file and records of personal interviews are kept and are made available to their teachers. At intervals a study is made of the failures on the part of the students and an effort is made to understand the reasons for these failures. Guidance, in order to be effective, must be a continuous process throughout the year.

During this orientation period, the students are also familiarized with the regulations of the College, the routine and program, as well as, taken on guided visits through the various buildings and departments with special emphasis on the library.

Every student is assigned a Faculty Adviser during Orientation Week. This Adviser is in close contact with his Advisee group the entire year. Problems of a personal, social, religious, or vocational nature are discussed and advice and help are given. Since these groups are small, each student is assured of close personal interest by the Faculty.

WHAT STUDENTS SHOULD BRING

All Dormitory rooms are furnished with beds, dressers, and desks or tables. Drapes are furnished in the girls dormitories but are not furnished in the boys dormitories. It is not necessary to bring linens and towels. These items are furnished by the College. Listed below is a suggested list of what to bring:

One pillow	Drinking glass for bedroom
Two blankets	Study lamps
Four bath cloths	Dictionary
Soap and toilet articles	Bible

Students may bring items they desire such as radios, study lamps, scatter rugs, bedspreads, drapes, etc., to make their rooms more comfortable and homelike. Electric appliances such as hot plates, coffee makers, etc., are not permitted.

EXAMINATIONS

At the end of each semester final examinations are given on the work covered during the entire semester. The minimum length of these examinations is one and one-half hours; the maximum length is three hours.

Late examinations—If for any reason, except illness or representing the school, a student is necessarily absent from any regular semester examination, he may take the examination at a later date by paying a fee of \$5.00 to the Bursar. His receipt must be presented to the instructor in charge before he shall be given this examination.

Special Examination—Any special examination is left to the discretion of the faculty member. A fee of \$2.00 must be paid before the examination is given.

GRADING SYSTEM

Grades on reports are recorded in letters, as follows: A, Excellent; B, Above Average; C, Average; D, Lowest Passing Grade; E, Conditioned; F, Failure; I, Incomplete. The passing grade on a subject is 70 per cent.

THE DEAN'S LIST

The Dean's List is published for each quarter and each semester. To appear on this list, a student must make a 3.3 average and have no grade below a "C" and must be carrying fifteen semester hours. A grade of "A" carries four points for a credit hour, a "B" three, a "C" two, and a "D" one point.

REGULATIONS REGARDING CLASS ATTENDANCE

1. We are unable to find good reason for a student who is interested in his education absenting himself from class without justifiable cause.
2. When a student is absent from class he cannot re-enter except on an "admit" notice from the Dean's Office.
3. The "admit" notice will show whether the excuse offered for the absence is acceptable, and will indicate "excused" or "unexcused."
4. The class teacher will record the absences as "excused" or "unexcused" and at the end of the semester will report the excused and unexcused absences in separate columns.
5. The Registrar's Office will take proper notice of each report and subtract quality points for all unexcused absences.
6. Absences for the purpose of representing the college in athletics, forensics, dramatics, choir, etc., shall be excused when certified by the proper representative.
7. No student shall be permitted to be absent representing the college more than 15% of the classes in a subject for the semester.
8. A student who has been absent from class for any, or all, purposes for more than 20% of the class time shall be assigned a failure in the course and dropped. (It shall be the duty of the Registrar to determine the number of absences that can be allowed during any semester for each course.)
9. When a student has, because of excessive absences, brought about a condition where he is carrying less than the required number of semester hours to remain enrolled, his parents shall be advised and he shall be dropped from the college.

Note: Exception—Where the absence was for an 8:00 class, the student will be given one extra day to secure the "admit" notice since the Dean's Office might not be open in time for the student to secure such before the beginning of the class period.

CHANGE OF COURSE

A student may add a new course at any time within the first two weeks of school and receive full credit provided he makes up the work to the satisfaction of the instructor. A student may drop a course any time during the first quarter of the semester without receiving an "F" provided he receives an official drop slip from the Academic Dean. After the first quarter a student cannot drop a course without receiving an "F" except on recommendation of the Dean. Should the student drop a course at any time without an official approval he will receive an "F". No student can receive credit for a course unless he is officially registered for the course.

WITHDRAWAL FROM COLLEGE

Students who find it necessary to leave school during the year must withdraw in an official manner. The student must first obtain a withdrawal slip from the Registrar's Office. This slip must then be carried to the officials listed on the form and be signed by each. This process is concluded at the Business Office. Those having settled all accounts with the College will be given an honorable dismissal.

VETERANS

Wingate is approved for the education of veterans under the G. I. Bill of Rights.

A veteran must carry at least fourteen semester hours in order to be eligible for full subsistence payments.

Veterans should consult the Bursar with reference to problems pertaining to registration, necessary forms, and transfers.

REQUIREMENT FOR GRADUATION

To be entitled to the "Associate in Arts" degree, a student must meet the following requirements:

1. Sixty-four semester hours of college work chosen from any one of the courses below.
2. Sixty of the sixty-four hours must be academic hours.
3. A total of 120 quality credits must be earned; these are determined on the following basis: For each semester hour of D grade—1 quality credit; for each semester hour of C grade—2 quality credits; for each semester hour of B grade—3 quality credits; for each semester hour of A grade—4 quality credits.
4. All obligations must be paid before graduation or before transcripts can be sent. A student is entitled to one transcript. Additional transcripts will be one dollar each.
5. For specific area of study consult requirements listed on the following pages.

OPPORTUNITIES FOR JUNIOR COLLEGE GRADUATES IN THE MARINE CORPS

The United States Marine Corps does not have a reserve officers program in colleges as other branches of the service, but they do offer commissions to a limited number of college students through the Marine Aviation Cadet (MARCAD) and the Platoon Leaders Class programs. The general requirements for enrollment in either of these programs are:

1. Be at least 17 years of age. PLC applicants must be no more than 26 years of age upon graduation. MARCADs must not be over 24 upon assignments to flight training.
2. Be majoring in a field other than medicine, dentistry, veterinary medicine, or theology.
3. Be in sound health.
4. Maintain at least a "C" average in college.
5. Be a citizen of the United States.
6. Agree to serve on active duty for a minimum of three years after being appointed to commissioned rank.

Additional information concerning this opportunity may be secured on inquiry before or after registration.

Shaw

ENGINEERING 101-102. Engineering Graphics. Students are trained in the methods and procedures of communicating by the graphical approach. Emphasis is upon instrument practice, geometrical construction, completing prepared worksheets, freehand technical sketching, orthographic and pictorial projections, sections, revolution, fasteners, intersections and development, details and assemblies, geometrical magnitudes represented by points, lines, planes, and solids, stressing visualization. Four hours laboratory per week. Credit: four hours.

ENGINEERING 103-104. Introduction to Engineering Fields and Engineering Problems. Students are given the opportunity to examine the requirements for the study and practice of the major fields of engineering. Instruction and practice in the use of the slide rule, stressing its use as a tool in the solution of engineering problems. One hour lecture and discussion per week. Credit: two hours.

ENGINEERING 201-202. Civil Engineering Surveying. Elements of plane surveying: taping, use of transit and level, topographic surveying and mapping, use of stadia, care and adjustment of instruments, elementary astronomical surveying. Also construction surveys, earthwork computations, route surveys, simple, compound, parabolic and spiral curves. Prerequisite: Math 102. One hour lecture, five hours laboratory per week. Credit: six hours.

ENGINEERING 203. General Surveying. Elements of plane surveying: taping, use of transit and level, topographic surveying and mapping, care and minor adjustments of instruments. Prerequisite: Math 102. One hour lecture and three hours laboratory per week. Credit: two hours.

ENGINEERING 208. Mechanics (Statics). Solution of concurrent, parallel, non-current, non-parallel force systems which are coplanar and non-coplanar, using an analytical and graphical approach. Statics is applied to pin connected members, trusses and cables; friction, centroids and moments of inertia are studied. Shear and bending moment equations with diagrams are utilized. Three hours lecture and recitation per week. Corequisite Math 204. Credit three hours.

ENGINEERING 209-210. Elementary Circuits and Fields. Fundamental laws of electric and magnetic circuits. Introduction to simple circuit transients and steady state alternating-current circuit theory. Fundamental laws of magnetic and electric fields. Four hours lecture and problem drill per week. Co-requisite Math 203, 204. Credit: eight hours.

ENGLISH

Linney, R. Williams, J. Sampey, A. Powell, J. Powell,
Cashion, Yarborough, Vick, Baucom, Penley

Credit: six hours.

MATHEMATICS

Jarrell, Adams, Kerr

MATHEMATICS 101. College Algebra. A base course in algebra starting with the fundamental operations and going through linear equations, systems of linear equations, exponents and radicals, quadratic equations, binomial theorem, progressions and determinants. Credit: three hours.

MATHEMATIC 102. Plane Trigonometry. An introduction to trigonometry which consists of derivation and use of formulas, solutions of the right triangle with natural and logarithmic functions, solutions of oblique triangles, functions of two or more angles, inverse functions, and practical applications. Prerequisite: Mathematics 101. Credit: three hours.

MATHEMATICS 201. Analytic Geometry. A study of the relations between curves and their equations. Topics studied include: cartesian, polar and parametric coordinate systems, the straight line, circle, parabola, ellipse, hyperbola, algebraic and transcendental curves, and transformation of coordinates. Prerequisite: Mathematics 101-102. Credit: three hours.

MATHEMATICS 203. Calculus I. A course in the fundamentals of Calculus including the formulas for differentiation and for differentials; the integrals of polynomial functions; applications to geometry, maxima and minima, areas, volumes, moments of area, work, fluid pressure; related rates, rectilinear and curvilinear motion; Newton's Method of approximation of roots. Prerequisite: Mathematics 101-102 and co-requisite Mathematics 201. Credit: three hours.

MATHEMATICS 204. Calculus II. Methods of integration; definite integral with applications to length of arc, surface area, volumes, centroids, and moments of inertia; Simpson's rule; indeterminate forms, infinite series, expansion of functions; hyperbolic functions, partial differentiation; multiple integration. Prerequisite: Mathematics 203. Credit: three hours.

MUSIC

Yost, Board

THE CHOIR. The Wingate College Choir enjoys an enviable reputation for fine singing and the high quality of its programs. Repertoire includes both sacred and secular music. On-campus presentations during the year include the annual "Christmas Sing," a spring concert, and a graduation appearance. The Choir is frequently invited to sing in other communities, and the selected Touring Choir makes an extended tour of churches and high schools in the spring. Membership is by audition only. Three rehearsals per week. Credit: one hour each semester.

The Male Chorus, the Girls' Ensemble, and other choral groups are selected by audition from all students in the school and appear at intervals throughout the year before Association meetings, civic clubs, church organizations, etc. Repertoire includes music both sacred and secular. No credit.

MUSIC THEORY 101-102. An explanation of the structure of music for appreciative, executive and creative purposes. A knowledge of general principles of structure is secured through study of music literature of the classic and romantic periods. All phases of study (visual and aural perception, keyboard facility, elementary conducting, and music writing) are coordinated to meet the practical needs of the listener, performer, or creator. A knowledge of music notation is desirable, though not prerequisite, for enrollment in this course. Three hours per week. Credit: six hours.

MUSIC THEORY 201-202. Continuation of Music Theory 101-102 with greater emphasis upon part-writing and dictation. Introduction to contrapuntal harmonic style; two-voice counterpoint, devices of limitation. Altered chords, augmented sixth chords as used in chorale harmonization. Credit: six hours.

MUSIC APPRECIATION 101. An introductory survey of our musical heritage, open to all students who wish to enhance their discrimination and enjoyment in the art of listening. Illustration is largely through selected recordings with assignment of parallel readings, but every attempt is made to correlate this course with current "live" offerings of the finest musical presentation available to the student. Credit: three hours. Repeated every semester.

HYMNOLOGY 101. A study of hymns, their origin, development, classification, criticism, and place in worship and evangelism. A chronological survey of hymns from the Old Testament to the present. Practical consideration of materials for congregational singing. Three hours per week. Credit: three hours. Every semester.

HISTORY OF MUSIC 101-102. A study of the growth of western music with emphasis on cultural and general historical background. Study of form and style of major musical works in each of the major historical periods. Collateral reading. Credit: six hours.

Applied Music

PIANO 101-102. Basic touches. Selected studies. Carroll, *First Lessons in Bach*, or Mason, *Little Preludes* (Bach), or Bach, *Two-Part Inventions*, depending upon degree of advancement of individual students. Sonatinas. Easier Haydn, Mozart, and Beethoven Sonatas. Selected romantic and contemporary pieces. Credit: two hours each semester for two thirty minute lessons per week; one hour for one thirty minute lesson per week.

PIANO 201-202. Scales and arpeggios. Selected studies; Loeschhorn, Heller, Bertini. Bach, *Three-Part Inventions*. More difficult Haydn, Mozart, and Beethoven Sonatas. Romantic and modern pieces. Credit: same as for Piano 101-102.

ORGAN 101-102. Freshman Organ. Prerequisite: A well established piano technique. Jennings, *First Elements of Organ Technique*. Manual and pedal studies. Hymn playing and accompanying. Easier pieces for church and concert repertoire. Credit: same as for Piano 101-102.

ORGAN 201-202. Sophomore Organ. A continuation of Organ 101-102. Bach, *Eight Little Preludes and Fugues*. Easier works of Mendelssohn, Guilmant, and modern composers. Credit: same as for Piano 201-202.

VOICE 101-102. Basic techniques in the use of the voice; breathing, vitalization of tone, vocalises, elements of diction, simple songs in English, German and French. Freedom of production and the development of a vital concept of tone are cardinal aims. The student is also expected to demonstrate progress in sight singing and basic theory, and if necessary in facility at the piano keyboard. Credit: two hours each semester for two half-hour lessons per week.

VOICE 201-202. More advanced vocal methods. Exploration of standard classics in English and Italian, with study of songs in both French and German. By the end of the sophomore year the student should have mastered the basic elements of vocal technique and should understand and apply the essentials of interpretation in singing. He should know from memory a repertoire of standard songs, including some of the simpler recitatives and arias from opera and oratorio. SCIENCE

B. Smith, Johnson, Fletcher, Foster, Wonderly, Chaney

CHEMISTRY 101. A brief study of the development of chemistry; its language, fundamental chemical laws and theories; occurrence, preparation, properties, and uses of the common elements; classification and naming of compounds; and chemical reactions. Three hours lecture and four hours laboratory per week. Credit: four hours.

CHEMISTRY 102. Continuation of Chemistry 101 with a study of ionization, oxidation and reduction, properties of metals and nonmetals, and a brief study of nuclear and organic chemistry. Three hours lecture and four hours laboratory per week. Credit: four hours.

CHEMISTRY 105. General Inorganic Chemistry. A study of fundamental chemical laws and theories; elements, compounds, mixtures, and solutions, atomic structure and behaviour; the periodic classification of the elements; states of matter and their transitions; crystal structure; acids, bases, and salts; classification and naming of compounds; chemical calculations; and selected elements and families of elements. Three hours lecture and four hours laboratory per week. Credit: four hours.

CHEMISTRY 106. Continuation of General Chemistry and Introduction to Qualitative Analysis. A study of rates of reaction and equilibrium; ionization; oxidation and reduction; fundamental properties of metals and nonmetals; and an introduction to organic and nuclear chemistry. Laboratory work stresses qualitative analysis. Three hours lecture and four hours laboratory per week. Credit: four hours.

BOTANY 101. Principles of Botany. An introduction to the structure, physiology, genetics, and classification of plants. Three lecture hours and four laboratory hours per week. Credit: four hours.

BOTANY 102. The Plant Kingdom. A survey of the plant kingdom with emphasis on the structure, reproduction, and classification of selected types. Laboratory and field studies of local nonvascular and vascular plants. Three lecture hours and four laboratory hours per week. Prerequisite: Botany 101. Credit: four hours.

ZOOLOGY 101. General animal biology. A study of basic similarities of all living organisms; organ systems and their physiology; embryology, genetics, organic evolution, ecology; survey of the phyla. Three lecture hours and four laboratory hours per week. Credit: four hours.

ZOOLOGY 201. Vertebrate Zoology. The fundamentals of vertebrate anatomy, physiology, tissue structure, embryology, heredity, and classification. Primarily a study of mammals, with special reference to the human body. Prerequisite: Zoology 101. Three hours lecture, four hours laboratory. Credit: 4 semester hours.

GEOLOGY 101-102. Study of minerals, rocks, topographic maps, the development of land forms, geologic processes, history of the earth. Credit: eight hours.

PHYSICS 201-202. General Physics. An introductory course in college physics. This includes a study of mechanics, heat, sound, magnetism, electricity, light, optics, and a brief survey of modern physics with emphasis on solution of problems. A working knowledge is achieved through lectures and recitation, problem drill and laboratory work. Three lecture hours and four laboratory hours per week throughout the year. Prerequisites: Mathematics 101-102. Credit: ten hours.

ANATOMY AND PHYSIOLOGY 201. An introduction to human anatomy with the fundamental principles of the physiology of the body systems. Prerequisite: Biology. Credit: three hours.

SURVEY OF PHYSICAL SCIENCE. Selected topics are taken from the following fields; chemistry, physics, astronomy and geology. The subject is designed to give an understanding of the every day aspects of life in the physical science line with very little abstract work. It deals with the practical side of living. Three lecture hours and four laboratory hours per week. Credit: four hours.

SOCIAL STUDIES

C. Gaddy, C. Traynham, Haskins, Sparks

ECONOMICS 201. A general introductory course in economics dealing primarily with production, exchange, consumption, and distribution. The student is introduced to the basic principles and applications whereby men make a living. Special reference is made to private enterprise and other aspects of the American economy. BUDD E. SMITH, PH.D.
PRESIDENT

Hello Friends:

It is a joy to introduce you to our college. Our faculty, students and staff all welcome you as a prospective member of our "family".

We have tried to make our catalogue attractive and informative.

Wingate has been serving young people for more than sixty years. Today, Wingate ranks as one of the outstanding private junior colleges in America. Students graduating from Wingate can enter the junior class of the senior college they choose.

If you are interested in a college that emphasizes the importance of good scholarship along with the total development of the individual, please come to see us. I am certain that you will find a friend ready to help.

Sincerely,

Budd E. Smith

Budd E. Smith
President

A STATEMENT OF PURPOSE AND OBJECTIVES

Wingate College seeks to provide sound academic curricula within the plan of a junior college for the purpose of developing Christian leadership.

Wingate College is a part of the program of Christian education promoted by the Baptist State Convention of North Carolina. It seeks to maintain a qualified faculty, dedicated to the task of relating Christian truth to all fields of study, both by precept and example. A function of Christian education is the inculcation of ideals, loyalties, and attitudes, as well as the motivation and direction of individuals in acquiring knowledge, making choices, accepting responsibilities as Christian leaders, and participating as responsible citizens in a democracy.

As an institution of higher learning, Wingate College seeks to provide a sound educational program. Scholastic excellence is emphasized in terms of the students' needs and abilities to achieve.

Wingate College conceives of its function as a junior college. The student is guided by a comprehensive program of counseling and guidance. The programs of study are fourfold. First, the student may choose a course of study equivalent to and parallel with the first two years of the four year college or university undergraduate work. Second, a program of terminal study is provided for those who plan to go into certain vocational fields and who desire the influence and cultural environment of a college while pursuing this course of study. Third, provision is made for other individuals who have no specific interest in study at a senior college or university but who desire a program of general education to meet their cultural and citizenship needs. Fourth, Wingate College strives to meet other educational needs of people in its geographical area through community service and programs of adult education.

Curricular programs are specifically listed in the catalogue. All programs, curricula and extra-curricula, recognize an obligation to develop wholesome Christian citizenship in the context of sound academic achievement.

HISTORY OF WINGATE COLLEGE

The Union Baptist Association at its annual meeting in October, 1895, passed a resolution authorizing the establishment of a school for the higher intellectual, moral, and religious training of the boys and girls of the Association and the surrounding country. A standing committee of J. W. Bivens, Hight C. Moore, O. M. Sanders, W. M. Griffin, J. C. Sikes, B. F. Parker, and R. F. Beasley were appointed to secure a suitable location within the bounds of the Association. After canvassing several available locations, the little village of Wingate, six miles east of Monroe, was selected. There Hight C. Moore and others marked off the grounds for the institution, which was called the "Wingate School."

The Association, at its annual session in 1896, established a Board of Trustees, consisting of fifteen members, to be selected from the various churches of the Association, each to serve a term of six years, and five to be elected by the Association every two years. The Legislature of North Carolina granted to the school a charter which secured for it all the protection and privileges that are usually granted to a college. At that time there were only a very limited number of public and private schools in all of Union County. In the region around Wingate for miles there was no school at all. Therefore, the establishment of a school by the Association, a school in which children from the primary grades up were taught Christian faith and Baptist doctrine, was a necessity as well as a wise and far-seeing venture.

M. B. Dry was the first principal of the school which was housed in a three-room building. Besides local boys and girls, there were a few boarding students who lived in the homes in the village. The number of boarding students increased yearly. In a few years the growth of the school demanded more room, and five rooms, including two society halls, were added. During the twelve years of Mr. Dry's leadership, Wingate School came to be recognized by institutions of higher learning as one of the outstanding preparatory schools of the state. He was succeeded by B. Y. Tyner, in 1908, and during his administration a spacious building was erected. From 1912 to 1918, J. G. Carroll was principal and did a fine work in enlarging and increasing the academic standing of the school. Miss Patty Marks of Albemarle, North Carolina, a graduate of Meredith and a fine Christian character, took charge of the work in the fall of 1918. C. M. Beach became principal in 1919.

The year of 1923-1924 is notable for the fact that the Baptist State Convention took over the school and made it a junior college. C. M. Beach was elected its first president. The library acquired many valuable volumes in its first year as a junior college, many of which came as gifts from the loyal friends of the institution. In April, 1924, J. B. Huff of Mars Hill was elected president and served for six years. During his administration the school was

placed on the accredited list of junior colleges by the State Department of Education. Coy Muckle was elected president in 1930 and served until 1936. He was followed by James B. Little who served for one year. C. C. Burris, eighteen years dean of the college, accepted the presidency in 1937.

In November, 1930, the Baptist State Convention surrendered the ownership and control of the college to the Baptist churches of the Union, Pee Dee, Mecklenburg, and Cabarrus Associations.

A new era in Wingate history began when, at the meeting of the Baptist State Convention at Winston-Salem, 1939, a resolution was passed to give Wingate financial support from the Baptist State Convention. In 1946, the Convention voted on recommendation of the educational council and the general board, that Wingate College participate in the allocation of education funds from the Cooperative Program on the same basis as the other colleges supported by the convention. Following rapidly, the Alumni dormitory accommodating about one hundred men was erected in 1948; the Efrid Memorial Library, given by the descendants of the late J. E. Efrid, was built in 1947. One of the most important events in the history of Wingate College occurred December 6, 1951, when the college was formally accredited by the Southern Association of Colleges and Secondary Schools. This greatly enlarged the constituency of the college and facilitated transfer of credits.

Budd E. Smith came to the presidency of Wingate College in 1953. Dr. Smith, a native of North Carolina, has the earned Doctor's Degree from the University of North Carolina. He has had teaching experience at Coker College and Wake Forest College and has served as superintendent of schools at Oxford, North Carolina. His youthful spirit and wide experience are definite assets to the college. During his administration the student body has increased from 192 to 930 in fall of 1961. The value of buildings and equipment has increased from \$300,000 to \$3,500,000. A new dining hall, kitchen, infirmary, girls dormitory, faculty homes, library, physical education building, central heating plant, athletic field, three dormitories for men, chapel-auditorium, science building, student center, pool, tennis courts, and language laboratory have been added.

A business administration building will be ready for use in January 1963. A dormitory for 250 young women has been approved by the trustees.

NEEDS OF THE COLLEGE

An enlargement program for the college was begun in 1955 when Mr. Charles A. Cannon offered a challenge gift of \$100,000 for expansion of facilities. Since that time many goals have been attained. At the present time some of the most urgent needs are a dormitory for girls, a fine arts building, additional housing for boys, endowment, and scholarships.

These needs can be met:

1. By gifts conditioned upon the raising of a similar sum for a definite project.
2. By gifts in the form of annuities, the college to pay interest on the same to the donors during their lifetime. This helps the donor and the college.
3. By bequests through wills and insurance.
4. By regular contributions to help with faculty salaries and assure the school of keeping superior teachers.
5. By erecting needed buildings as permanent memorials, or by endowing Chairs of Bible, Science, English, History, etc.

THE COLLEGE

LOCATION AND ENVIRONMENT

Wingate is thirty miles east of Charlotte on Highway 74. Wingate is primarily a rural community. While the village is small, it is large enough to supply all needs of the students, and Monroe, county seat of Union County, is only six miles to the west. Wingate has a bank, barber shop, laundry, dry cleaners, and a number of stores. Mail is delivered to the campus daily. There is a city water system from which the college receives its water. Wingate is often referred to as a community of teachers.

PHYSICAL FACILITIES

THE CAMPUS has about seventy acres of gently rolling ground. Many trees, shrubs, flowers, and a spring make the campus a place of natural beauty. Dr. Smith, who is a trained botanist, has many further plans for the development of the campus. There are sixteen permanent buildings for administration and residence. Fifteen cottages and homes for faculty complete the physical plant.

BURRIS CLASSROOM BUILDING contains the business office, twenty-five classrooms, and faculty offices.

EFIRD MEMORIAL ADMINISTRATIVE BUILDING is fireproof and modern in every way. It contains the offices of the president, dean, registrar, publicity, alumni affairs, and public relations.

THE SANDERS-SIKES PHYSICAL EDUCATION BUILDING was completed in 1959. It is fully equipped for physical education for 1,500 students. Has regulation playing court with seating for 2,500. Ample storage, dressing, locker, office, and classroom space make this a center of activity.

JOHN M. AND BIRDIE WEBB AUSTIN MEMORIAL CHAPEL-AUDITORIUM. A beautiful building completed in 1960 to serve as a cultural center for the area and as a center of spiritual growth for students and faculty seats 1,100. Ample facilities for dramatics and a modern electronic language laboratory have been included. The beautiful organ was given in memory of Mrs. Birdie Webb Austin. Another gift by Mr. Austin made possible the whole building as a memorial.

PLYLER ATHLETIC FIELD. The children of I. F. Plyler have made available a very fine Athletic Field along Meadow Branch for cross country, baseball, and track. Seating for 3,000 spectators and a field house make this facility of real value.

THE SWIMMING POOL was constructed in 1957 with funds given by Mr. Charles A. Cannon. It is used for recreation and instruction. Enclosure of the pool for year round use has been provided by the students.

THE NEW LIBRARY completed in January 1959 is designed for 50,000 volumes and will accommodate 300 students for study at any time. Funds for this very fine library came from Mr. Charles A. Cannon. Three professional librarians assure every student help in using this facility.

CENTRAL HEATING PLANT completed in 1959 supplies ample heat for all buildings. It is equipped with an oil burning boiler to increase efficiency.

ALL WEATHER TENNIS COURTS. Seven tennis courts suitable for play the year round were completed in 1959.

ROSE GARDENS. Four rose gardens have been planted on the campus by students and faculty.

BUDD E. SMITH SCIENCE BUILDING completed in 1962 provides laboratories, classrooms and offices for all sciences (Botany, Zoology, Chemistry, Physics, Psychology, and Engineering).

BUSINESS ADMINISTRATION BUILDING completed in January 1963 provides classrooms, offices, laboratories and auxiliary facilities for all business administration classes and houses the Remington Rand Univac and other electronic equipment for training students.

SERVICE FACILITIES

ALUMNI DORMITORY—This fireproof building houses one hundred young men and has an apartment for a housemother. The rooms are equipped with new furniture and lavatories. Rent is \$160 per year.

BIVENS-PERRY HALL—Beautiful four-story building for 93 young men. Rooms have running water. New furnishings are attractive and sufficient. Rent is \$180 per year.

STEWART HALL—Beautiful, four-story building for 93 young men. Rooms have running water. New furnishings are attractive and sufficient. Rent is \$180 per year.

HOLBROOK DORMITORY FOR MEN. Seven units completed in 1962 will house 56 men, eight to a suite. Rooms have running water, electric heat, and carpeted floors. Rent is \$190 per year.

DORMITORY B—This frame building was constructed in 1947 and completely remodeled in 1954. It houses forty-five men. Rent is \$100 per year.

HELMS HOUSE—This large house was purchased in 1955 and accommodates thirty-two men. Rent is \$100 per year.

THAYER HOUSE—A large frame building purchased in 1959 accommodates twenty-two young men. Rent is \$100 per year.

SNYDER HOUSE—Home for ten young men. Satisfactory for those who want a quiet place. Rent is \$100 per year.

SIMPSON HOUSE—Frame house for 12-14 men. Rent is \$100 per year.

APARTMENTS—The college has fourteen three- and four-room apartments for faculty, staff, and married students.

FACULTY HOMES—The college owns six homes for faculty families.

PRESIDENT'S HOME—The home for the president is located on Faculty Drive. It was purchased in 1953.

EDWIN L. LOWERY CAFETERIA—A modern dining hall to seat 350 persons is equipped with a modern kitchen and was built in 1956. A small private dining room is used by faculty and small student groups.

RUTH COLTRANE CANNON RESIDENCE HALL FOR WOMEN—Made possible by a challenge gift by Mr. Charles A. Cannon. This modern unit houses 144

young ladies. Parlors, recreation room, and apartments make this a show place of the campus. Rent is \$180 per year.

DICKERSON INFIRMARY—A modern infirmery made possible by gifts from the banks of Monroe, Wingate, and Marshville has quarters for a nurse, examination rooms, wards, kitchenette, and an isolation room.

LIBRARY FACILITIES

THE LIBRARY is truly the heart of the academic program. The library building was completed in January 1959. There are 23,000 working volumes with hundreds of periodicals, and other valuable reference and teaching materials. The building is equipped with a sound system, is partially air conditioned, and has ample audio-visual equipment. There is an excellent small collection of rare volumes. Many fine paintings appear on the walls of the library. These have been done by students.

The library is built for 50,000 volumes and service to 1,500 students.

The library is administered by three professional librarians and fifteen student assistants.

The library facilities are supplemented by exchange privileges with other libraries.

STUDENT LIFE AND ACTIVITIES

WINGATE BUILDS FOR A WELL-ROUNDED LIFE

Emphasis is placed on the cultural aspect of life, along with spiritual growth and scholastic achievement. The second Thursday night of every month during the academic year has been set aside for Lyceum programs. Outstanding speakers, musicians, and theater groups are presented.

THE RELATION OF TEACHERS AND STUDENTS

Every member of the faculty is a consecrated Christian who is anxious to instill into the lives of boys and girls those principles which make life worth living. The motto, "Individual attention and personal helpfulness," is important at Wingate.

The young women are under the supervision of the Advisor to Women and have the warm sympathy and care that is prevalent in home life.

Few set rules are made. Kindness and firmness on the part of the teacher, and obedience, courtesy, and respect on the part of the students largely obviate the institution of a great many of the sterner things known as law.

Students find that they have sympathetic helpers in the schoolroom, on the athletic field, and in every phase of the school life. The teachers of the school are at all times ready to share a joy or sorrow with the student. Sympathy, helpfulness, and fellowship are the watchwords. "A sound body, a well-trained mind, and a true, noble character for each student," is our goal. How well we have succeeded in our aim is shown by the work our students are doing wherever they go.

RELIGIOUS LIFE AT WINGATE

From the time of its establishment, Wingate College has regarded religion as a central factor in life. Technical mastery is only a partial education. Moral integrity must be added to professional skills, and each whole person must possess spiritual awareness. Wingate attempts to create an atmosphere in which students may mature in their religious beliefs and find intellectual sanctions for their faith.

Denominational relations are directed by the President and faculty members. Each is always ready to cooperate with the convention and churches.

Chapel services are held three times each week. These services are led by members of the faculty and administration, students, and visiting speakers. Chapel attendance is compulsory for faculty, staff, and students.

LECTURES AND LYCEUM

The college seeks at all times to provide for the students wholesome entertainment. Special lectures, concerts, and dramatic presentations are a regular part of the college program.

RELIGIOUS ORGANIZATIONS

The various religious organizations on the college campus are coordinated under one central organization, the Baptist Student Union. The Executive Council leads the group, and membership in the union is extended to all students. Its supreme purpose is to make college life Christian and truly meaningful.

Sunday School—A class for college students meets each Sunday morning an hour prior to the worship service at the Baptist Church.

Baptist Training Union—College students participate in the Baptist Training Union organization of the church. Valuable opportunities for leadership and training in church membership are offered through this program.

Ministerial Association—A fellowship of all students studying for the ministry.

Young Women's Auxiliary—An auxiliary of the Women's Missionary Union of the Baptist Church. All girls are invited to join.

STUDENT GOVERNMENT

In the fall semester, 1939, a student government was formally initiated at Wingate. A constitution and by-laws were adopted and the student council was elected, representing the various classes and organizations of the student body. Many of the discipline and student problems have been handled by the student council with care and dispatch. The student body constitution has been revised. Training in student government activities and responsibilities coming from an honor system are held invaluable by college authorities. All student government is supervised by faculty members.

PUBLICATIONS

The Catalogue is issued annually. It endeavors to give an overall picture of the college and its work.

The Gate is the college annual edited by the students with the help of the faculty advisor, telling the story of Wingate life.

The Triangle is the school newspaper and is published monthly by the students.

The Student Handbook is prepared by the student government and administration for the orientation and guidance of the students.

The Alumni Bulletin is published quarterly.

HONORARY FRATERNITIES AND CLUBS

Alpha Pi Epsilon is the national honorary fraternity for commercial students.

Delta Psi Omega Dramatic Fraternity, National Honorary Dramatic Fraternity, is open to students who have met specific requirements in dramatics.

Phi Rho Pi, National Junior College Forensic Society, is open to students participating in debates and other forms of public speaking.

Phi Theta Kappa is the National Junior College Honorary Scholastic Fraternity. To be elected a student must rank in the upper five per cent of the student body, must be carrying at least 12 academic hours, and must have proved himself a constructive and responsible school citizen.

Chemistry Club is open to all students who have an interest in the field of chemistry. Its purpose is to stimulate interest, broaden, and enrich the experiences of students in chemistry.

Engineering Society is open to all sophomore engineering students pursuing one of the prescribed programs of study.

Foreign Student Club is composed of all the international students on our campus.

Phi Beta Lambda is composed of students active in the field of business.

Future Teachers of America strives to acquaint teachers in training with the history, ethics, and program of the teaching profession.

Masque and Wig Club, a dramatic club, was organized in 1928. Under the charter any student regularly enrolled and maintaining a grade of "C" on English is eligible for membership and after passing tryouts becomes a member of this club. Members of the club plan and execute programs on staging plays, make-up, lighting, costuming, scene, designing, play writing, and direction. A number of one-act plays and full-evening performances are presented to the public during the year.

Mathematics Club is open to all students with the aim to stimulate interest in the field and to aid the student in gaining a better appreciation of mathematics and its use.

"W" *Club* is a club composed of male students who have lettered in one or more sports.

Woman's Athletic Association is open to all girls. The purpose is to stimulate interest in intramural sports. A girl may earn a letter by earning 500 points in the intramural program.

Biology Club is composed of students interested in the life sciences.

ATHLETICS

In an effort to help the students develop a sound and strong body, the college sponsors a well balanced program which offers every student the opportunity of enjoying healthful, organized, and supervised play. All students are required to register for classes in physical education for two years and are encouraged to participate in intramural activities. The college sponsors intercollegiate teams in basketball, baseball, tennis, golf, track, cross country and swimming.

Intramurals—The intramural phase of athletics is one of the most important and is given consideration accordingly. Every student on the campus is urged to participate in some type of activity. Tournaments are held in basketball, volleyball, baseball, softball, horse shoe, tennis, ping pong, soccer, track, cross country, archery, etc.

AWARDS TO OUTSTANDING STUDENTS

The following medals and scholarships are offered to students:

1. A cup is awarded annually by President and Mrs. Smith to the student who shows the best attitude, most wholesome leadership, and who makes the most positive contribution to the general campus life.
2. A medal is offered to the best all-round student by President Emeritus Burris.
3. The medal for the best orator in the school is given by the Reverend Rommie Pierce.
4. Mrs. H. K. Helms offers a medal to the first honor graduate each year.
5. The Masque and Wig Club offers a medal to the student giving the best characterization during the year.
6. Mr. J. Howard Williams offers a cup to the best all-round athlete.
7. The James Long Memorial Cup is awarded to the student making the most academic improvement from the freshman to sophomore year.
8. A medal is given to the best student in mathematics by Dr. A. F. Hendricks.
9. The following scholarships are available to our graduates:
One \$150 scholarship to Wake Forest College.
One \$150 scholarship to Meredith College.

ACTIVITIES POINT SYSTEM

In order to distribute student offices and responsibilities more evenly, an activities point system has been worked out by students and faculty. The number of points each office carries is published in the Student Handbook. The maximum number of points a student can have is twenty-five.

GENERAL RULES

The college strives to maintain a wholesome, friendly, and inspiring campus environment, conducive to right thinking and right living. Those who disregard the well-being of others and violate the traditions of the college will be required to withdraw. As far as possible, students are dealt with individually and encouraged to live up to their highest potential.

Those planning to enter college should read carefully the following definite statements:

1. All students who do not live in their own homes or the home of their parents shall come under the general regulations of the college. They will not be considered as "day students."
2. Hazing is a violation of the laws of the State of North Carolina. Any type of physical punishment, humiliation, or intimidation of any student by another student is classed as hazing and is not permitted.
3. Drinking or possessing alcoholic beverages is forbidden, and any student violating this rule will be severely disciplined.
4. Stealing, lying, gambling, cheating, vandalism, and other forms of immoral conduct will be dealt with according to the offense.
5. The possession of firearms, firecrackers, or explosives of any kind is a violation of North Carolina law, and violators shall be turned over to the law enforcement officers.
6. Students are not permitted to keep live pets in the college buildings.
7. Those who neglect their studies, waste time or money, disregard the requests of teachers, or fail to conform to the ideals of the college may be asked by the President to withdraw from the college.
8. The rooms are equipped for lighting. A maximum of 150 watts is allowed in each room. Use of more than this will call for an extra charge. The use of irons, electrical cooking equipment, TV sets, etc., cannot be allowed in students' rooms.
9. No one can change rooms without permission. Each student must make deposit of \$2 for each key. This will be refunded when the key is returned to the Superintendent of Maintenance. All damages to rooms are charged to occupants and must be paid immediately. Students refusing to pay will be asked to withdraw from school.
10. Students living on the campus or in Wingate homes are not permitted to keep or use automobiles, motorcycles, trucks, or jeeps without special permission from the Motor Vehicles Committee. All cars must be registered and must be parked in a designated area at all times. Every student having a car must maintain a "C" average on all work. Any student violating this condition will be asked to withdraw from school.

When a student moves into a college owned room, he is assuming obligation for that room for a semester.

Any student not living in his own home or the home of his parents shall reside in the dormitories or approved homes.

Any student not living in his own home or the home of his parents shall be under the general regulations of Wingate College, and the college administration shall have general supervision of all approved housing.

Every student living in college owned housing shall eat in the college dining hall.

Any student not using college housing may eat in the dining hall by official approval of the business officer of the college.

A motor vehicle cannot be maintained by a student except by prior approval of college officials. Violation of this regulation will result in severe discipline or expulsion of the student.

STUDENT AID

Wingate College exists to make available to as many young people as possible the advantages of a college education. Honor, work, athletic, and any combination of these three are awarded by the Scholarship Committee on the following basis:

1. The evidence of need.
2. Acceptable scholastic record in high school.
3. Good character references.
4. Above average ability.

Applications for financial assistance may be made *following* the application for admission. For the resident student, tuition, general fees, room, and board are approximately \$950 for the year. This amounts to less than \$4 per day for the full school year.

DAY STUDENTS

Wingate College is putting forth every effort to make it possible for those students in the vicinity of the school to avail themselves of the opportunity to obtain two years of college work at a minimum of expense. In the last three years the number of students availing themselves of this opportunity has increased from forty to two hundred and fifty. The cost is kept at a minimum. The total is approximately \$475 for tuition and fees. A lounge is maintained in the student center for the convenience of these students.

MINISTERIAL AID

Students studying to serve as pastors must be approved by their church and may file a request with the President for assistance on tuition. Any student granted aid agrees to work closely with the Baptist Student Union.

All students granted aid are required to execute a note with a competent endorser, agreeing to repay the amount of the grant if he does not become a pastor within a reasonable period of time.

VETERANS

Veterans who are approved for training under the G. I. Bill of Rights should turn in their Certificates of Eligibility at registration and make a payment of \$100 toward the charges for room and board. Seven additional payments beginning October 20 will be made monthly as the Veteran receives his check. One must be made each month and a final payment not later than May 15.

SCHOLARSHIPS

The following scholarships are available:

1. \$150 to any valedictorian of an accredited high school for each of two years.
2. \$75 to any salutatorian of an accredited high school for each of two years.
3. Twenty duPont Scholarships. These are given annually to outstanding sophomores by Mrs. Alfred I. duPont of Wilmington, Delaware.
4. Redfearn Memorial Scholarship—Descendants of Nimrod and Sarah Redfearn have made funds available, and the income from these shall be given as a memorial scholarship each year. Preference shall be given to young people of Anson County.
5. Liles Ministerial Trust established by Mr. J. S. Liles of Wadesboro—the income to be used to assist worthy Ministerial students. Preference is given to Anson County students.
6. Laney Scholarship—An annual scholarship made available by Mr. and Mrs. B. K. Laney of Atlanta, Georgia.
7. Perry Music Scholarships. Three music scholarships are awarded annually to outstanding students of music in honor of Mrs. Lessie Perry Summerlin, Mrs. Ruby Perry McIntyre, and Mrs. Verdie Perry Hinson.

LOAN FUNDS

Certain Loan Funds are available to worthy students. These funds have been established by friends of the college: The Masonic Fund, T. E. L. Sunday School Fund, B. F. and Delia Parker Memorial Loan Fund, Dr. A. F. Hendricks Memorial Fund, and the Reverend W. T. Baucom Fund for Ministerial students.

Students may apply to the Bursar for a National Defense Loan.

This loan is made to above average students. The loan is good for college fees and tuition. If the student teaches after graduation, a ten percent forgiving clause is included for each year of teaching.

GENERAL ACADEMIC INFORMATION

ADMISSION INFORMATION

Applicants for admission to the College should write for an application blank, have it filled in by the proper authority, and returned as early as convenient. A processing fee of \$10.00 must be mailed with application, and this fee is not refundable. Before a room can be reserved, a \$50.00 non-refundable advance payment must be made. This is to be made by April 1 or within ten days after being notified by the Admissions Committee that the applicant has been accepted for admission to Wingate College.

Applicants are admitted by either of the following methods:

1. By graduation from an accredited high school with a transcript made out on prescribed forms furnished by the College.
2. By examination. Before being permitted to take the examination, a student must submit certain evidence of qualification depending upon the individual case and the judgment of the College. This is particularly true of older students.

ADVANCED STANDING

Full credit will be given to students for work done in other approved institutions, provided the application for same is accompanied by a proper transcript of credit in detailed form and by a certificate of honorable dismissal from the other institution.

AMOUNT OF WORK

Fifteen to sixteen semester hours of academic college work per week is considered a normal work load for the average student. Students will not be allowed to register for more hours without special permission from the president.

When a student drops below twelve academic hours, he must withdraw from the college.

A student must pass at least nine hours the first semester in attendance to be permitted to register for the second semester. Thereafter, he must pass at least twelve semester hours each semester to be permitted to remain in college.

REGISTRATION AND CLASSIFICATION

New students will be tested during the summer prior to their entrance. Preregistration will be completed for these and class slips presented upon arrival in September. All courses of study are fixed for the first semester.

College Freshmen—Graduates with sixteen units from an accredited high school are admitted to the freshman class without an examination. Others may be admitted if tests and examinations seem to indicate they can do college work. College Board scores should be sent to the college. These are required but are used as only one criterion for admission.

Engineering students should present the following minimum credits in mathematics: one unit in plane geometry, one-half unit in solid geometry, and one and one-half units in algebra.

When a student has been admitted to Wingate College and the course of study he is to pursue while here has been approved, he will be advised of any mathematics deficiencies he may have. He will have one year from the time of his enrollment to remove these deficiencies. In some cases, this will require summer school attendance. If summer school is indicated as the best time for this, he should attend the summer school before regular enrollment in September.

College Sophomores—To be rated as a college sophomore, a student must have completed a minimum of twenty-eight hours of academic college work. Unless this condition is met, he must attend summer school to be re-admitted.

GUIDANCE AND ORIENTATION

Freshmen are required to come early for the purpose of orientation. A biographical information file and records of personal interviews are kept and are made available to their teachers. At intervals a study is made of the failures on the part of the students and an effort is made to understand the reasons for these failures. Guidance, in order to be effective, must be a continuous process throughout the year.

During this orientation period, the students are also familiarized with the regulations of the College, the routine and program, as well as, taken on guided visits through the various buildings and departments with special emphasis on the library.

Every student is assigned a Faculty Adviser during Orientation Week. This Adviser is in close contact with his Advisee group the entire year. Problems of a personal, social, religious, or vocational nature are discussed and advice and help are given. Since these groups are small, each student is assured of close personal interest by the Faculty.

Every student should read the catalogue carefully before coming.

EXAMINATIONS

At the end of each semester final examinations are given on the work covered during the entire semester. The minimum length of these examinations is one and one-half hours; the maximum length is three hours.

Late examinations—If for any reason, except illness or representing the school, a student is necessarily absent from any regular semester examination, he may take the examination at a later date by paying a fee of \$10.00 to the Bursar. His receipt must be presented to the instructor in charge before he shall be given this examination.

Special Examination—Any special examination is left to the discretion of the faculty member. A fee of \$5.00 must be paid before the examination is given. These special tests will be given on Saturdays.

GRADING SYSTEM

Grades on reports are recorded in letters, as follows: A, Excellent; B, Above Average; C, Average; D, Lowest Passing Grade; E, Conditioned; F, Failure; I, Incomplete. The passing grade on a subject is 70 per cent. Variations within each letter grade are indicated by plus or minus.

HONOR ROLL

The Dean's List is published for each quarter and each semester. To appear on this list, a student must make a 3.3 average and have no grade below a "C" and must be carrying fifteen academic hours. A grade of "A" carries four points for a credit hour, a "B" three, a "C" two, and a "D" one point.

ABSENCES

Regular attendance at all meetings of classes is considered a student obligation. No "allowed" number of cuts is automatically granted to a student in any course. Instructors control class absences. If absences become excessive, the teacher will report the student to the Absence Committee. Further cuts may result in student being dropped from school. It is understood that the instructor in any course has the right to consider participation in class discussions as a necessary part of the work upon which a grade is based.

Absences immediately before or after holidays shall count double.

Any student who is absent from an announced quiz or examination unless excused for cause (participation in recognized college activities, illness or emergencies) will not be permitted to make up this quiz or examination. Make-up quizzes will be given on Saturday mornings.

Students must present written excuses for absences to their instructor at the first class meeting to which they return after an absence.

The College President holds a recognition banquet at the end of each semester for all students who have no absences during the semester.

CHANGE OF COURSE

A student may add a new course at any time within the first two weeks of school and receive full credit provided he makes up the work to the satisfaction of the instructor. A student may drop a course any time during the first quarter of the semester without receiving an "F" provided he receives an official drop slip. After the first quarter a student cannot drop a course without receiving an "F" except on recommendation of the Dean. Should the student drop a course at any time without an official approval he will receive an "F". No student can receive credit for a course unless he is officially registered for the course. A special fee of \$2.00 will be charged for any change of courses, or addition of courses.

WITHDRAWAL FROM COLLEGE

Students who find it necessary to leave school during the year must withdraw in an official manner. The student must first obtain a withdrawal slip from the Registrar's Office. This slip must then be carried to the officials

listed on the form and be signed by each. This process is concluded at the Business Office. Those having settled all accounts with the College will be given an honorable dismissal.

VETERANS

Wingate is approved for the education of veterans under the G. I. Bill of Rights.

A veteran must carry at least fourteen academic hours in order to be eligible for full subsistence payments.

Veterans should consult the Bursar with reference to problems pertaining to registration, necessary forms, and transfers.

REQUIREMENT FOR GRADUATION

To be entitled to the Associate Degree a student must meet the following requirements:

1. Sixty-four semester hours of college work chosen from any one of the courses of study in this catalogue.
2. Sixty of the sixty-four hours must be academic hours.
3. All obligations must be paid before graduation or before transcripts can be sent. A student is entitled to one transcript. Additional transcripts will be one dollar each.
4. For specific area of study consult requirements listed on the following pages.

OPPORTUNITIES FOR JUNIOR COLLEGE GRADUATES IN THE MARINE CORPS

The United States Marine Corps does not have a reserve officers program in colleges as other branches of the service, but they do offer commissions to a limited number of college students through the Marine Aviation Cadet (MARCAD) and the Platoon Leaders Class programs. The general requirements for enrollment in either of these programs are:

1. Be at least 17 years of age. PLC applicants must be no more than 26 years of age upon graduation. MARCADs must not be over 24 upon assignments to flight training.
2. Be majoring in a field other than medicine, dentistry, veterinary medicine, or theology.
3. Be in sound health.
4. Maintain at least a "C" average in college.
5. Be a citizen of the United States.
6. Agree to serve on active duty for a minimum of three years after being appointed to commissioned rank.

Additional information concerning this opportunity may be secured on inquiry before or after registration.

WHAT STUDENTS SHOULD BRING

All Dormitory rooms are furnished with beds, dressers, and desks or tables. Drapes are furnished in the girls' dormitories but are not furnished in the boys' dormitories. It is not necessary to bring linens and towels. These items are furnished by the College. Listed below is a suggested list of what to bring:

One pillow	Drinking glass and spoon for bedroom
Two blankets	Study lamps
Four bath cloths	Dictionary
Soap and toilet articles	Bible

Students may bring items they desire such as radios, study lamps, scatter rugs, bedspreads, drapes, etc., to make their rooms more comfortable and homelike. Electric appliances such as hot plates, coffee makers, etc., are not permitted without special permission and extra payment.

PROGRAMS OF STUDY

Each student should choose one of the following programs of study and follow it to its completion:¹

*The Associate in Arts in General Studies is offered to meet the needs of those students who desire to extend their education beyond the high school but who do not plan to complete senior college for a bachelor's degree. Most of these students need additional study in the area of English and Social Studies in particular. Occassionally they want courses in Art, Music, Language or Math. The requirements are flexible so as to be of maximum help to them in raising their general educational level. Graduates in this program are not recommended for senior college.

COURSE DESCRIPTIONS

ART

Ives

ART INTRODUCTION 101, 102. Instruction in the basic approaches to art with emphasis on the functions and qualities of line, tone, and color. Exploratory work on various media. Problems in still life and landscape. Design and the structural elements of a picture also considered. Laboratory periods. Credit: three hours each semester.

HISTORY AND APPRECIATION OF ART 103. A general survey of art history through its various periods. Lectures, research, and field trips. Designed to meet teacher education requirements. Credit: three hours.

ARTS AND CRAFTS 201, 202. Provides for the acquisition of skills in the use of varied materials; such as art metals, leather, plastics, papier-mache, and linoleum blocks. Designed for teacher education and religious education majors. Also valuable for hobby and leisure time activities. Laboratory periods. Credit: three hours each semester.

CERAMICS 203. Study of basic processes in beginning ceramics. Problems in modeling, firing, and glazing with instruction in mold making and slip casting. Some work in formulas for clay and glazes. Laboratory periods. Credit: three hours.

BUSINESS

Horton, Haskins, Greer, Nash, Jarrell, H. Traynham, A. Boone, S. Austin

ACCOUNTING 101-102. Principles of Accounting. A study of the fundamental problems of bookkeeping and accounting. Practice sets are worked demonstrating the principles studied. Credit: six hours.

ACCOUNTING 111-112. Secretarial Accounting. This course is a study of the elementary principles of accounting with emphasis on secretarial accounting procedures. Credit: six hours.

ACCOUNTING 201-202. Intermediate Accounting. This is a continuation of the study of accounting on a more advanced level. Problems are worked dealing with each phase studied. Prerequisite: Accounting 101-102. Credit: six hours.

ACCOUNTING 203. (Income Tax) A study of the latest Federal Revenue Act, and interpretations thereof by the Courts and the Treasury Department; also includes the preparation of individual, partnership, and corporation income tax returns. Prerequisite: Accounting 101-102. Credit: three hours.

ACCOUNTING 204. (Cost Accounting) A study of the classification of costs; job order cost accounting; process accounting and standard cost; accounting for material and labor costs; manufacturing expenses and the use of cost records. Prerequisite: Accounting 101-102. Credit: three hours.

BUSINESS MATHEMATICS 103. The fundamental process of mathematics and application to common business practices. Credit: three hours.

BUSINESS LAW. This course acquaints the student with the general legal principles which are followed in business. It trains him in the application of those principles to business situations, thus enabling him to govern his business affairs intelligently. Credit: three hours.

ETHICS AND LOGIC. A course designed for the development and growth in personal adjustment to various situations in business with emphasis on principles of sound reasoning in everyday business problems and office etiquette. Required readings. Guest speakers. Credit: three hours.

INTRODUCTION TO BUSINESS. A course intended to give the student a specific understanding of our capitalistic system and the role of the individual in it. It teaches the student the underlying principles of modern business in general as preparation for his or her future business career. Credit: three hours.

MARKETING: Basic instruction concerning marketing organization and methods with emphasis upon functions and channels as they relate to the consumer. Credit: three hours.

MONEY AND BANKING. A study of the evolution of money and credit in modern economic society. Special emphasis is placed upon commercial banking, central banking, operation of the Federal Reserve System and general monetary policy. Credit: three hours.

OFFICE PRACTICE. This course gives a comprehensive treatment of the secretarial duties that are performed in modern business offices. Emphasis is upon personality development, public relations, communications, telephone techniques, travel services, handling mail, methods of filing, meetings, and financial reports. Efficiency is also developed on the various office machines such as the duplicators, dictaphones, calculators, and comptometers. Two hours laboratory required per week. Credit: three hours.

FUNDAMENTALS OF ADVERTISING. Basic elements of retail advertising. Instruction in development of layout; fundamentals of copy-writing. A study and application of materials and techniques of modern advertising. Lecture and laboratory. Credit: three hours.

SALESMANSHIP. Fundamental instruction concerning sales-techniques, sales-practices, and the psychology of salesmanship in modern business. Study of the development of sales-personality, the approach to buyers and prospects. Emphasis is placed on interdepartmental coordination in order to gain promotion in sales. Credit: three hours.

SHORTHAND 101-102. Elementary Shorthand. A study of the Gregg Simplified Methods of Shorthand. Records are used for dictation and transcription skill. Speed requirement, 90 wpm. Three hours per week. Credit: six hours.

SHORTHAND 103-104. Intermediate Shorthand. Continued study of the Gregg Simplified Method of Shorthand. Intensive use of records for dictation and transcription. Speed requirement, 100 wpm. Five hours per week including laboratory periods. Credit: six hours.

SHORTHAND 201-202. Advanced Shorthand. Development of speed and accuracy by further study of the Gregg Simplified Method of Shorthand.

Records for dictation and transcription are used continuously. Speed requirement, 110 wpm. Three hours per week. Credit: six hours.

MEDICAL SHORTHAND. Consists of dictation with emphasis on medical terminology, the use of the medical dictionary, and a study of a handbook for the medical secretary. Three hours per week. Prerequisite: Shorthand 101-102, or the equivalent. Credit: three hours.

TYPEWRITING 101-102. Elementary Typewriting. Learning the keyboard, centering, tabulating, typewriting rough drafts and simple business letters. Speed requirement, 45 nwpm. Three hours per week. Credit: six hours.

TYPEWRITING 103-104. Intermediate Typewriting. Development of speed and accuracy. Records are used to obtain better rhythm. Emphasis placed on production and office typewriting. Speed requirement, 50 nwpm. Three hours per week. Prerequisite: Typewriting 101-102 or the equivalent. Credit: six hours.

TYPEWRITING 201-202. Advanced Typewriting. Development of sustained production on various kinds of typewriting problems. Records are used in this work to obtain rhythm and accuracy. Speed requirement, 55 nwpm. Three hours per week. Prerequisite: Typewriting 101-102, or Typewriting 103-104, or the equivalent. Credit: six hours.

PERSONAL TYPEWRITING. A course designed to build a good basic skill in using the typewriter. Emphasis is placed on immediate personal benefits of typewriting rather than its use as a tool for employment. Three hours per week. No previous typewriting skill required. Credit: three hours.

UNITED STATES ECONOMIC HISTORY 103. Through an economic and historical approach, the development of the American free enterprise system is emphasized. Further emphasis is placed upon commerce, agriculture, industry, and the complexities of economic society. Credit: three hours.

ECONOMICS 201. A general introductory course in economics dealing primarily with production, exchange, consumption, and distribution. The student is introduced to the basic principles and applications whereby men make a living. Special reference is made to private enterprise and other aspects of the American economy. Credit: three hours.

ECONOMICS 202. A course in economic principles dealing with the fundamental forces at work in our economic system. A careful study is made of the basic principles of economics. Prerequisite: Economics 202. Credit: three hours.

ENGINEERING

Shaw, Foster

ENGINEERING 101-102. Engineering Graphics. Students are trained in the methods and procedures of communicating by the graphical approach. Emphasis is upon instrument practice, geometrical construction, completing prepared work sheets, freehand technical sketching, orthographic and pictorial projections, sections, revolution, fasteners, intersections and development, details and assemblies, geometrical magnitudes represented by points, lines, planes,

and solids, stressing visualization. Four hours laboratory per week. Credit: four hours.

ENGINEERING 103. Introduction to Engineering Fields and Engineering Problems. Students are given the opportunity to examine the requirements for the study and practice of the major fields of engineering. Instruction and practice in the use of the slide rule, stressing its use as a tool in the solution of engineering problems. One hour lecture and discussion per week. Credit: one hour.

ENGINEERING 201-202. Civil Engineering Surveying. Elements of plane surveying: taping, use of transit and level, topographic surveying and mapping, use of stadia, care and adjustment of instruments, elementary astronomical surveying. Also construction surveys, earthwork computations, route surveys, simple, compound, parabolic and spiral curves. Prerequisite: Math 102. One hour lecture, five hours laboratory per week. Credit: six hours.

ENGINEERING 203. General Surveying. Elements of plane surveying: taping, use of transit and level, topographic surveying and mapping, care and minor adjustments of instruments. Prerequisite: Math 102. One hour lecture and three hours laboratory per week. Credit: two hours.

ENGINEERING 208. Mechanics (Statics). Solution of concurrent, parallel, non-current, non-parallel force systems which are coplanar and non-coplanar, using an analytical and graphical approach. Statics is applied to pin connected members, trusses and cables; friction, centroids and moments of inertia are studied. Shear and bending moment equations with diagrams are utilized. Three hours lecture and recitation per week. Co-requisite Math 204. Credit: three hours.

ENGINEERING 209-210. Elementary Circuits and Fields. Fundamental laws of electric and magnetic circuits. Introduction to simple circuit transients and steady state alternating-current circuit theory. Fundamental laws of magnetic and electric fields. Three hours lecture and four hours of problem drill per week. Co-requisite Math 203, 204. Credit: eight hours.

PHYSICS 205-206. General Physics for Engineers. An analytical study of the fundamental principles of physics with emphasis on solution of problems involving engineering applications. A working knowledge is achieved through lectures and recitation, problem drill and laboratory work. Mechanics, sound, heat, electricity, light and modern physics. Three lecture hours and four hours problem drill and laboratory per week. Co-requisite: Math 203, 204. Credit: ten hours.

ENGLISH

Linney, R. Williams, A. Powell, J. Powell, Cashion,
Yarborough, Vick, B. Christopher, Vance

ENGLISH 101-102. English Composition and Reading. First semester: intensive review of fundamentals of English, with emphasis on the sentence and the mechanics of writing; weekly themes; introductory acquaintance with types of literature. Second semester: a continuation of the study of composition and types of literature; the use of source material and the library. Frequent conferences throughout the year. Prerequisite to 102 is 101. Credit: six hours.

ENGLISH 201. A survey course in English literature from *Beowulf* to Blake. Prerequisite: English 101-102. First semester. Credit: three hours.

ENGLISH 202. A survey course in English literature from Wordsworth to Eliot. Prerequisite: English 101-102. Second semester. Credit: three hours.

ENGLISH 208. Reading for Discovery. A study of selected poems, plays, and short stories drawn from English, American, and European literature with emphasis on the great themes of literature and on the approach of the creative artist to basic ideas in western culture. Prerequisite: 101-102. Credit: three hours.

JOURNALISM 101. Study of the elements of news stories, writing of leads, and organization of news stories, supplemented by assignments on *The Triangle*. Credit: three hours.

THE FUNDAMENTALS OF SPEECH 101. This is a basic course which involves essential training in voice and diction; in the preparation and delivery of short speeches for different purposes; in participation of formal discussions; in listening and constructive evaluation. It is offered each semester. Credit: three hours.

PUBLIC SPEAKING 201. The course involves the principles and methods of public addresses; the preparation and delivery of effective speeches for various purposes, designed to meet the needs of ministerial and other students. Credit: three hours. Second semester. Prerequisite: Speech 101 or its equivalent.

PLAY PRODUCTION 102. The basic principles and methods of acting and staging a play for public performance; applied to interpreting, characterizing and acting a role in a drama; the principles of designing appropriate stage craft. The setting, the scenery, the lighting, and the use of effects for locale; and the make-up for the period and characters. For practical application a one-act play is produced. Credit: three hours.

LANGUAGES

Cowsert, Stover, Morgan, Timm

FRENCH 101-102. A course for beginners, including grammar, composition, vocabulary, and conversation. Credit: six hours.

FRENCH 201-202. A course for students who have had two years of high school French or one year of college French. This course consists of review of grammar, introduction of more difficult aspects of the language and reading. Credit: six hours.

FRENCH 203-204. A survey course in French literature. Credit: six hours.

GREEK 101-102. Beginner's Greek. Essentials of Greek, with emphasis on grammatical forms, simple syntax, pronunciation, and vocabulary. Reading of easy selections from Greek literature. Credit: six hours.

GREEK 201-202. Intermediate Greek Review of Grammar and reading of selected portions from Greek literature and the Greek Testament. Credit: six hours.

LATIN 101-102. A course arranged for students who wish to begin Latin in college. Grammar, reading, study in derivation. Credit: six hours.

LATIN 201-202. Grammar and composition continued in first semester. Second semester devoted to reading. Credit: six hours.

SPANISH 101-102. A course for beginners including grammar, reading, conversation, and composition. Credit: six hours.

SPANISH 201-202. A course for students who have had two years of high school Spanish or one year of college Spanish. Review of grammar; introduction of more difficult aspects of the language; readings of appropriate difficulty. Credit: six hours.

SPANISH 203-204. A survey course in Spanish literature. Credit: six hours.

GERMAN 101-102. A course for beginners, including grammar, idiomatic phrases, vocabulary, pronunciation, reading of printed German script, translation from and into German and basic conversation. Credit: six hours.

GERMAN 201-202. For students who have had one year of college German or two years of high school German. Review of grammar, further progress in vocabulary, improving of abilities in translation, conversation and linguistic skill. In second semester, reading of German literature and composition. Credit: six hours.

MATHEMATICS

Adams, Kerr, Jarrell, Hudson, Sherwood

MATHEMATICS 101. College Algebra. A basic course in algebra starting with the fundamental operations and going through linear equations, systems of linear equations, exponents and radicals, quadratic equations, binomial theorem, progressions and determinants. Credit: three hours.

MATHEMATICS 102. Plane Trigonometry. An introduction to trigonometry which consists of derivation and use of formulas, solutions of the right triangle with natural and logarithmic functions, solutions of oblique triangles, functions of two or more angles, inverse functions, and practical applications. Prerequisite: Mathematics 101. Credit: three hours.

MATHEMATICS 201. Analytic Geometry. A study of the relations between curves and their equations. Topics studied include: cartesian, polar and parametric coordinate systems, the straight line, circle, parabola, ellipse, hyperbola, algebraic and transcendental curves, and transformation of coordinates. Prerequisite: Mathematics 101-102. Credit: three hours.

MATHEMATICS 203. Calculus I. A course in the fundamentals of Calculus including the formulas for differentiation and for differentials; the integrals of polynomial functions; applications to geometry, maxima and minima, areas, volumes, moments of area, work, fluid pressure; related rates, rectilinear and curvilinear motion; Newton's Method of approximation of roots. Prerequisite: Mathematics 101-102 and co-requisite Mathematics 201. Credit: four hours.

MATHEMATICS 204. Calculus II. Methods of integration; definite integral with applications to length of arc, surface area, volumes, centroids, and

moments of inertia; Simpson's rule; indeterminate forms, infinite series, expansion of functions; hyperbolic functions, partial differentiation; multiple integration. Prerequisite: Mathematics 203. Credit: four hours.

MUSIC

Yost, Blackwelder

THE CHOIR. The Wingate College Choir enjoys an enviable reputation for fine singing and the high quality of its programs. Repertoire includes both sacred and secular music. On-campus presentations during the year include the annual "Christmas Sing," a spring concert, and a graduation appearance. The Choir is frequently invited to sing in other communities, and the selected Touring Choir makes an extended tour of churches and high schools in the spring. Membership is by audition only. Three rehearsals per week. Credit: one hour each semester.

The Male Chorus, the Girls' Ensemble, and other choral groups are selected by audition from all students in the school and appear at intervals throughout the year before Association meetings, civic clubs, church organizations, etc. Repertoire includes music both sacred and secular. Credit: 1 hour per semester.

MUSIC THEORY 101-102. A study of the structure of music designed to equip the student of church music with a working knowledge of the materials of music; all phases of study: rhythmic reading and dictation, sight-singing and melodic dictation, harmonic analysis and dictation, keyboard facility and music writing, are coordinated to meet the practical needs of the church musician. A knowledge of music notation is desirable, though not prerequisite, for enrollment in this course. Five hours a week. Credit: three hours.

CONDUCTING 101-102. Conducting and its application to congregation and choir; first semester includes study and intensive practice in basic beat patterns, with application to congregational song-leading; second semester includes conducting techniques as applied to choirs: coordination of hands, articulation, dynamics, breath control, conducting rhythm. Two hours a week. Credit: two hours.

HYMNOLOGY. A one semester course in the study of hymns, their origin, development, classification, criticism, and place in worship and evangelism; a chronological survey of hymns from the Old Testament to the present; practical consideration of materials for congregational singing. Three hours a week. Credit: three hours.

CHURCH MUSIC EDUCATION 201-202. Organization and administration of a church-wide program of music education; the relation of the music director to the total educational, worship, and evangelistic program of the church; relationship of the music director to the pastor and people; philosophy, materials, and direction of multiple choirs; discussion of problems frequently encountered in the local church music ministry. Two hours a week. Credit: two hours.

MUSIC APPRECIATION. A one semester introductory survey of our musical heritage, open to all students who wish to enhance their enjoyment and discrimination in the art of listening; illustration is largely through selected recordings, with assignments in parallel reading, but attempts are made to

correlate the course with current "live" offerings of the finest musical presentation available to the student. Three hours a week. Credit: three hours. Offered every semester.

Applied Music

PIANO 101-102. Basic touches; selected studies; Carroll, *First Lessons in Bach*, or Mason, *Little Preludes* (Bach), or more difficult Bach pieces, depending upon the degree of advancement of the individual student; sonatinas; easier Haydn, Mozart, and Beethoven sonatas; selected romantic and modern pieces; hymn playing. Credit: two hours each semester for two thirty-minute lessons per week. Credit: one hour for one thirty-minute lesson per week.

PIANO 201-202. Scales and arpeggios in extended forms; selected studies; more difficult Bach, Haydn, Mozart, and Beethoven works; suitable materials for worship and evangelistic services; accompanying for soloists, choirs, and congregational singing. Credit: same as for Piano 101.

ORGAN 101-102. Prerequisite: a well-established piano technique; Gleason, *Method of Organ Playing*—elements of manual and pedal technique; hymn playing and accompanying; easier pieces for church use. Credit: same as for Piano.

ORGAN 201-202. A continuation of Organ 101-102; Bach, *Eight Little Preludes and Fugues*; easier works of Mendelssohn, Guilman, and modern composers; more emphasis on service playing. Credit: same as for Piano.

VOICE 101-102. Basic techniques in the use of the voice; breathing, vitalization of tone, vocalises, elements of diction, simple songs in English, Italian, French; freedom of production and the development of a vital concept of tone are cardinal aims. Credit: same as for Piano.

VOICE 201-202. More advanced vocal methods; exploration of standard classics in English, Italian, French, and German; emphasis on materials appropriate for church use. Credit: same as for Piano.

*Students planning to major in music in senior college will need to take Music Theory 201-202 at another institution.

PHYSICAL EDUCATION

Faulkenberry, Connell, R. Christopher, Pipes

PHYSICAL EDUCATION 101-102. Girls. This course includes the playing of team sports such as soccer, speedball, basketball, volleyball, and softball. Emphasis is placed on individual improvement in general motor ability as well as on team skill, sportsmanship, leadership, and on development of a more well-rounded individual. This course is required of freshmen both semesters. Credit: two hours.

PHYSICAL EDUCATION 201-202. Girls. Individual and dual sports such as badminton, table tennis, tennis, and horseshoes are taught in this course. Emphasis is placed upon game experience, officiating, and rules. Credit: two hours.

PHYSICAL EDUCATION 101-102. Boys. A basic skill course covering rules and fundamentals in individual and team participation in swimming, softball, volleyball, and basketball. Credit: two hours.

PHYSICAL EDUCATION 201-202. Boys. A basic skill course in individual and collective participation in tennis, badminton, archery, gymnastics, and beginning folk rhythms. Credit: two hours.

HYGIENE 101. An elementary course dealing with the general laws of good health. Anatomy and physiology are considered whenever necessary for a better understanding of these laws. Required of all students. Co-requisite: Physical education 101-102. Credit: two hours.

RELIGION AND PHILOSOPHY

Tucker, Stover, Chappell, Coleman, Cauble

The Department of Religion and Philosophy provides every student entering Wingate College an opportunity to become acquainted with the life, literature, and dynamic movements of the Christian Faith and of Philosophy. The over-all objective is to motivate and to guide the student toward an intelligent understanding and appreciation of the Bible. Academic study proceeds on the basis of sound scholarship within the framework of Christian dedication and commitment.

All students are required to take six hours of Bible unless otherwise stated in their particular course of study. The Department recommends that the student select three hours from the Old Testament and three hours from the New Testament for a well-rounded program.

BIBLE 101. Introduction to the Old Testament. A survey of the Old Testament. Emphasis is placed upon the history of the Hebrew nation. Students are encouraged to develop an intelligent appreciation of the religion of Israel through the use of the standard aids to Bible study. Credit: three hours.

BIBLE 102. Introduction to the New Testament. A survey of the New Testament including its historical setting. The life and teachings of Jesus, the expansion of Christianity, and the Pauline writings receive major emphasis. Credit: three hours.

BIBLE 103. The Hebrew Prophets. A study of the background, function, message, contribution, and present significance of the Hebrew Prophets. Credit: three hours.

BIBLE 104. Life and Teachings of Jesus. A study of the principal facts in the life of Jesus. Emphasis is placed upon the environment, personality, work and message of the historical Jesus. This course is recommended especially for Business and Engineering students. Not open to students who have credit for Bible 102. Credit: three hours.

BIBLE 106. Life and Letters of Paul. A survey of the life and teachings of Paul as they are given in Acts and in the Letters. Consideration is given to Paul's role in the thought and spread of Christianity. Not open to students who have credit for Bible 102. Credit: three hours.

RELIGIOUS EDUCATION 101. Introduction to Religious Education. A survey of the field of religious education with reference to the origins of religious education in Christian history. Emphasis is placed upon the history, theories, and principles of religious education. Offered in alternate years. Credit: three hours.

RELIGIOUS EDUCATION 102. Local church work. A study of the unit organizations of a typical Baptist church. Emphasis is placed upon practical methods of organizing and administering the educational program of a local church. Offered in alternate years. Prerequisite: Religious Education 101. Credit: three hours.

PHILOSOPHY 201. A survey of the major systems of philosophy beginning with the early Greeks. Representative thinkers from the various periods are discussed. Credit: three hours.

PSYCHOLOGY AND EDUCATION

Cauble, Chappell

GENERAL PSYCHOLOGY 201. This is an introductory course in General Psychology and serves as a foundation for further study in the field of psychology as well as for courses in education. Open to sophomores only. Three hours lecture and two hours laboratory per week. Credit: three hours.

PSYCHOLOGY 202. Applications of psychology to education; readiness and its development; problems of learning, planning, motivation, evaluation, and emotional learning. Credit: three hours.

INTRODUCTION TO EDUCATION 201. A course designed to introduce the student to teaching as a profession and to the function of education in society. It will also deal with the development of our modern educational system, with emphasis on aims of education in a democracy; how our present elementary, junior high, and secondary school levels came to their present status. Function of personnel, curriculum, plant, etc. Credit: 3 semester hours.

SCIENCE

Johnson, Fletcher, Foster, Wonderly, Chaney

CHEMISTRY 101. A brief study of the development of chemistry; its language, fundamental chemical laws and theories; occurrence, preparation, properties, and uses of the common elements; classification and naming of compounds; and chemical reactions. Three hours lecture and four hours laboratory per week. Credit: four hours.

CHEMISTRY 102. Continuation of Chemistry 101 with a study of ionization, oxidation and reduction, properties of metals and nonmetals, and a brief study of nuclear and organic chemistry. Three hours lecture and four hours laboratory per week. Credit: four hours.

CHEMISTRY 105. General Inorganic Chemistry for Engineers. A study of fundamental chemical laws and theories; elements, compounds, mixtures, and solutions, atomic structure and behaviour; the periodic classification of the elements; states of matter and their transitions; crystal structure; acids,

bases, and salts; classification and naming of compounds; chemical calculations; and selected elements and families of elements. Three hours lecture and four hours laboratory per week. Credit: four hours.

CHEMISTRY 106. Continuation of General Chemistry and Introduction to Qualitative Analysis for Engineers. A study of rates of reaction and equilibrium; ionization; oxidation and reduction; fundamental properties of metals and nonmetals; and an introduction to organic and nuclear chemistry. Laboratory work stresses qualitative analysis. Three hours lecture and four hours laboratory per week. Credit: four hours.

BOTANY 101. Principles of Botany. An introduction to the structure, physiology, genetics, and classification of plants. Three lecture hours and four laboratory hours per week. Credit: four hours.

BOTANY 102. The Plant Kingdom. A survey of the plant kingdom with emphasis on the structure, reproduction, and classification of selected types. Laboratory and field studies of local nonvascular and vascular plants. Three lecture hours and four laboratory hours per week. Prerequisite: Botany 101. Credit: four hours.

ZOOLOGY 101. General animal biology. A study of basic similarities of all living organisms; organ systems and their physiology; embryology, genetics, organic evolution, ecology; survey of the phyla. Three lecture hours and four laboratory hours per week. Credit: four hours.

ZOOLOGY 102. Vertebrate Zoology. The fundamentals of vertebrate anatomy, physiology, tissue structure, embryology, heredity, and classification. Primarily a study of mammals, with special reference to the human body. Prerequisite: Zoology 101. Three hours lecture, four hours laboratory. Credit: four semester hours.

GEOLOGY 101-102. Study of minerals, rocks, topographic maps, the development of land forms, geologic processes, history of the earth. Credit: eight hours.

PHYSICS 201-202. General Physics. An introductory course in college physics. This includes a study of mechanics, heat, sound, magnetism, electricity, light, optics, and a brief survey of modern physics with emphasis on solution of problems. A working knowledge is achieved through lectures and recitation, problem drill and laboratory work. Three lecture hours and four laboratory hours per week throughout the year. Prerequisites: Mathematics 101-102. Credit: eight hours.

PHYSICS 205-206. General Physics for Engineers. An analytical study of the fundamental principles of physics with emphasis on solution of problems involving engineering applications. A working knowledge is achieved through lectures and recitation, problem drill and laboratory work. Mechanics, sound, heat, electricity, light and modern physics. Four hours problem drill and laboratory per week. Co-requisite: Math 203, 204. Credit: ten hours.

ANATOMY AND PHYSIOLOGY 201. An introduction to human anatomy with the fundamental principles of the physiology of the body systems. Credit: three hours.

SOCIAL STUDIES

C. Gaddy, C. Traynham, Haskins, Sparks, Cauble, J. Boone

ECONOMICS 201. A general introductory course in economics dealing primarily with production, exchange, consumption, and distribution. The student is introduced to the basic principles and applications whereby men make a living. Special reference is made to private enterprise and other aspects of the American economy. Credit: three hours.

ECONOMICS 202. A course in economic principles with the fundamental forces at work in our economic system. A careful study is made of the basic principles of economics. Prerequisite: Economics 201. Credit: three hours.

UNITED STATES ECONOMIC HISTORY 103. Through an economic and historical approach, the development of the American free enterprise system is emphasized. Further emphasis is placed upon commerce, agriculture, industry, and the complexities of economic society. Credit: three hours.

HISTORY 101-102. A survey of world civilization. A course which examines the major civilizations of the world. Emphasis is placed on the principal movements of history as they affect our own world. A research paper is required in 102. Credit: six hours.

HISTORY 201-202. American History. A study of the major trends in the history of our country, political, social, and economic. The primary purpose of the course is to teach the fundamental principles of the American way of life and an appreciation of our great heritage. Credit: six hours.

GOVERNMENT 201. American Government. A careful study is made of the principles and fundamentals of our American system. The student is encouraged to participate in the examination and appreciation of our political system. Credit: three hours.

GOVERNMENT 202. State Government. A study of state government in the various states, their differences, similarities, relationship to our national government; with special emphasis on state government in North Carolina. Credit: three hours.

SOCIOLOGY 201. Introduction to Sociology. A study of the social life of man. The nature of society, social processes, human ecology, population problems, social institution, and social change are considered. Credit: three hours.

SOCIOLOGY 202. Social Problems. An analysis of major social problems of contemporary American society. Emphasis is upon the individual and the community and the conditions which have produced these problems. Preventive and remedial measures are also considered. Prerequisite: Sociology 201. Credit: three hours.

GEOGRAPHY 201. Elements of Geography. An orientation course in the field of geography, certain basic facts and geographical tools. Major emphasis upon elements of weather, climate, and earth processes. Credit: three hours.

GEOGRAPHY 202. World Regions. A study of the geography of the world by regions, an explanation of their position and extent and influence upon people. Credit: three hours.

DEMAND COURSES

The following courses are offered upon demand.

History of Music 101-102.

English 203-204. American Literature.

English 205-206. Shakespeare.

History 203. History of North Carolina.

Wingate College

Wingate, North Carolina

BUDD E. SMITH, PH.D., LL.D.
PRESIDENT

Hello Friends:

It is a joy to introduce you to our college. Our faculty, students and staff all welcome you as a prospective member of our "family".

We have tried to make our catalogue attractive and informative.

Wingate has been serving young people for more than sixty years. Today, Wingate ranks as one of the outstanding private junior colleges in America. Students graduating from Wingate can enter the junior class of the senior college they choose.

If you are interested in a college that emphasizes the importance of good scholarship along with the total development of the individual, please come to see us. I am certain that you will find a friend ready to help.

Sincerely,

Budd E. Smith
Budd E. Smith
President

A STATEMENT OF PURPOSE AND OBJECTIVES

Wingate College seeks to provide sound academic curricula within the plan of a junior college for the purpose of developing Christian leadership.

Wingate College is a part of the program of Christian education promoted by the Baptist State Convention of North Carolina. It seeks to maintain a qualified faculty, dedicated to the task of relating Christian truth to all fields of study, both by precept and example. A function of Christian education is the inculcation of ideals, loyalties, and attitudes, as well as the motivation and direction of individuals in acquiring knowledge, making choices, accepting responsibilities as Christian leaders, and participating as responsible citizens in a democracy.

As an institution of higher learning, Wingate College seeks to provide a sound educational program. Scholastic excellence is emphasized in terms of the students' needs and abilities to achieve.

Wingate College conceives of its function as a junior college. The student is guided by a comprehensive program of counseling and guidance. The programs of study are fourfold. First, the student may choose a course of study equivalent to and parallel with the first two years of the four-year college or university undergraduate work. Second, a program of terminal study is provided for those who plan to go into certain vocational fields and who desire the influence and cultural environment of a college while pursuing this course of study. Third, provision is made for other individuals who have no specific interest in study at a senior college or university but who desire a program of general education to meet their cultural and citizenship needs. Fourth, Wingate College strives to meet other educational needs of people in its geographical area through community service and programs of adult education.

Curricular programs are specifically listed in the catalogue. All programs, curricula and extra-curricula, recognize an obligation to develop wholesome Christian citizenship in the context of sound academic achievement.

HISTORY OF WINGATE COLLEGE

The Union Baptist Association at its annual meeting in October, 1895 passed a resolution authorizing the establishment of a school for the higher intellectual, moral, and religious training of the boys and girls of the Association and the surrounding country. A standing committee of J. W. Bivens, Hight C. Moore, O. M. Sanders, W. M. Griffin, J. C. Sikes, B. F. Parker, and R. F. Beasley were appointed to secure a suitable location within the bounds of the Association. After canvassing several available locations, the little village of Wingate, six miles east of Monroe, was selected. There Hight C. Moore and others marked off the grounds for the institution, which was called the "Wingate School."

The Association, at its annual session in 1896, established a Board of Trustees, consisting of fifteen members, to be selected from the various churches of the Association, each to serve a term of six years, and five to be elected by the Association every two years. The Legislature of North Carolina granted to the school a charter which secured for it all the protection and privileges that are usually granted to a college. At that time there were only a very limited number of public and private schools in all of Union County. In the region around Wingate for miles there was no school at all. Therefore, the establishment of a school by the Association, a school in which children from the primary grades up were taught Christian faith and Baptist doctrine, was a necessity as well as a wise and far-seeing venture.

M. B. Dry was the first principal of the school which was housed in a three-room building. Besides local boys and girls, there were a few boarding students who lived in the homes in the village. The number of boarding students increased yearly. In a few years the growth of the school demanded more room, and five rooms, including two society halls, were added. During the twelve years of Mr. Dry's leadership, Wingate School came to be recognized by institutions of higher learning as one of the outstanding preparatory schools of the state. He was succeeded by B. Y. Tyner, in 1908, and during his administration a spacious building was erected. From 1912 to 1918, J. G. Carroll was principal and did a fine work in enlarging and increasing the academic standing of the school. Miss Patty Marks of Albemarle, North Carolina, a graduate of Meredith and a fine Christian character, took charge of the work in the fall of 1918. C. M. Beach became principal in 1919.

The year of 1923-1924 is notable for the fact that the Baptist State Convention took over the school and made it a junior college. C. M. Beach was elected its first president. The library acquired many valuable volumes in its first year as a junior college, many of which came as gifts from the loyal friends of the institution. In April, 1924, J. B. Huff of Mars Hill was elected

president and served for six years. During his administration the school was placed on the accredited list of junior colleges by the State Department of Education. Coy Muckle was elected president in 1930 and served until 1936. He was followed by James B. Little who served for one year. C. C. Burris, eighteen years dean of the college, accepted the presidency in 1937.

In November, 1930, the Baptist State Convention surrendered the ownership and control of the college to the Baptist churches of the Union, Pee Dee, Mecklenburg, and Cabarrus Associations.

A new era in Wingate history began when, at the meeting of the Baptist State Convention at Winston-Salem, 1939, a resolution was passed to give Wingate financial support from the Baptist State Convention. In 1946, the Convention voted on recommendation of the educational council and the general board, that Wingate College participate in the allocation of education funds from the Cooperative Program on the same basis as the other colleges supported by the Convention. Following rapidly, the Alumni dormitory accommodating about one hundred men was erected in 1948; the Efird Memorial Library, given by the descendants of the late J. E. Efird, was built in 1947. One of the most important events in the history of Wingate College occurred December 6, 1951, when the college was formally accredited by the Southern Association of Colleges and Secondary Schools. This greatly enlarged the constituency of the college and facilitated transfer of credits.

Budd E. Smith came to the presidency of Wingate College in 1953. Dr. Smith, a native of North Carolina, has the earned Doctor's Degree from the University of North Carolina. He has had teaching experience at Coker College and Wake Forest College and has served as superintendent of schools at Oxford, North Carolina. His youthful spirit and wide experience are definite assets to the college. A new dining hall, kitchen, infirmary, girls dormitory, faculty homes, library, physical education building, central heating plant, athletic field, four dormitories for men, chapel-auditorium, science building, student center, pool, tennis courts, language laboratory, business administration classroom building and 85 acres of land have all been added to the campus since 1956. A new president's home is under construction and will be complete in the fall of 1963.

Construction on housing for 180 men and 240 women will begin in July and move ahead to be completed in two years.

NEEDS OF THE COLLEGE

At the present time some of the most urgent needs are a fine arts building, endowment, and scholarships for superior students.

These needs can be met:

1. By gifts conditioned upon the raising of a similar sum for a definite project.
2. By gifts in the form of annuities, the college to pay interest on the same to the donors during their lifetime. This helps the donor and the college.
3. By bequests through wills and insurance.
4. By regular contributions to help with faculty salaries and assure the school of keeping superior teachers.
5. By erecting needed buildings as permanent memorials, or by endowing Chairs of Bible, Science, English, History, etc.

THE COLLEGE

LOCATION AND ENVIRONMENT

Wingate is twenty-six miles east of Charlotte on Highway 74. Wingate is primarily a rural community. While the village is small, it is large enough to supply all needs of the students, and Monroe, county seat of Union County, is only six miles to the west. Wingate has a bank, barber shop, laundry, dry cleaners, and a number of stores. Mail is delivered to the campus daily. There is a city water system from which the college receives its water. Wingate is often referred to as a community of teachers.

PHYSICAL FACILITIES

THE CAMPUS has about 120 acres of gently rolling ground. Many trees shrubs, flowers, and a spring make the campus a place of natural beauty. Dr. Smith, who is a trained botanist, has many further plans for the development of the campus. There are sixteen permanent buildings for administration and residence. Fifteen cottages and homes for faculty complete the physical plant.

BURRIS CLASSROOM BUILDING contains the business office, twenty-five classrooms, and faculty offices.

EFIRD MEMORIAL ADMINISTRATIVE BUILDING is fireproof and modern in every way. It contains the offices of the president, dean, registrar, publicity alumni affairs, and public relations.

THE SANDERS-SIKES PHYSICAL EDUCATION BUILDING was completed in 1959. It is fully equipped for physical education for 1,500 students. Has regulation playing court with seating for 2,500. Ample storage, dressing, locker, office and classroom space make this a center of activity.

JOHN M. AND BIRDIE WEBB AUSTIN MEMORIAL CHAPEL-AUDITORIUM. A beautiful building completed in 1960 to serve as a cultural center for the area and as a center of spiritual growth for students and faculty seats 1,100. Ample facilities for dramatics and a modern electronic language laboratory have been included. The beautiful organ was given in memory of Mrs. Birdie Webb Austin. Another gift by Mr. Austin made possible the whole building as a memorial.

PLYLER ATHLETIC FIELD. The children of I. F. Plyler have made available a very fine Athletic Field along Meadow Branch for cross country, baseball and track. Seating for 3,000 spectators and a field house make this facility of real value.

THE SWIMMING POOL was constructed in 1957 with funds given by Mr. Charles A. Cannon. It is used for recreation and instruction. Enclosure of the pool for year-round use has been provided by the students.

ETHEL SMITH LIBRARY completed in January 1959 is designed for 50,000 volumes and will accommodate 300 students for study at any time. Funds for this very fine library came from Mr. Charles A. Cannon. Three professional librarians assure every student help in using this facility.

CENTRAL HEATING PLANT completed in 1959 supplies ample heat for buildings.

ALL WEATHER TENNIS COURTS. Seven tennis courts suitable for play the year round were completed in 1959.

ROSE GARDENS. Four rose gardens have been planted on the campus by students and faculty.

BUDD E. SMITH SCIENCE BUILDING completed in 1962 provides laboratories, classrooms and offices for all sciences (Botany, Zoology, Chemistry, Physics, Psychology, and Engineering).

J. HEIBERT BRIDGES BUSINESS BUILDING completed in January 1963 provides classrooms, offices, laboratories and auxiliary facilities for all business administration classes and houses the Remington Rand Univac and other electronic equipment for training students.

BELL TOWER completed in January 1963. Memorial Bell given by Mr. D. C. Belk and basic construction given by Mr. Pete Verna.

SERVICE FACILITIES

ALUMNI DORMITORY—This fireproof building houses one hundred young men and has an apartment for a housemother. The rooms are equipped with new furniture and lavatories. Rent is \$160 per year.

BIVENS-PERRY HALL—Beautiful, four-story building for 93 young men. Rooms have running water. Furnishings are attractive and sufficient. Rent is \$180 per year.

STEWART HALL—Beautiful, four-story building for 93 young men. Rooms have running water. Furnishings are attractive and sufficient. Rent is \$180 per year.

HOLBROOK DORMITORY FOR MEN. Seven units completed in 1962 will house 56 men, eight to a suite. Rooms have running water, electric heat, and carpeted floors. Rent is \$190 per year.

DORMITORY B—This frame building was constructed in 1947 and completely remodeled in 1954. It houses forty-five men. Rent is \$100 per year.

HELMS HOUSE—This large house was purchased in 1955 and accommodates thirty-two men. Rent is \$100 per year.

THAYER HOUSE—A large frame building purchased in 1959 accommodates twenty young men. Rent is \$100 per year.

SNYDER HOUSE—Home for ten young men. Satisfactory for those who want a quiet place. Rent is \$100 per year.

SIMPSON HOUSE—Frame house for 12-14 men. Rent is \$100 per year.

APARTMENTS—The college has fourteen three- and four-room apartments for faculty, staff, and students.

FACULTY HOMES—The college owns six homes for faculty families.

PRESIDENT'S HOME—The home for the president is located on North Main Street. It was constructed in 1963.

EDWIN L. LOWERY CAFETERIA—A modern dining hall to seat 350 persons is equipped with a modern kitchen and was built in 1956. A small private dining room is used by faculty and small student groups.

RUTH COLTRANE CANNON RESIDENCE HALL FOR WOMEN—Made possible by a challenge gift from Mr. Charles A. Cannon. This modern unit houses 144 young ladies. Parlors, recreation room, and apartments make this a real home for girls. Rent is \$180 per year.

DICKERSON INFIRMARY—A modern infirmary made possible by gifts from the banks of Monroe, Wingate, and Marshville has quarters for a nurse, examination rooms, wards, kitchenette, and an isolation room.

LIBRARY FACILITIES

THE LIBRARY is truly the heart of the academic program. The library building was completed in January 1959. There are 25,000 working volumes with hundreds of periodicals, and other valuable reference and teaching materials. The building is equipped with a sound system, is partially air conditioned, and has ample audio-visual equipment. There is an excellent small collection of rare volumes. Many fine paintings appear on the walls of the library. These have been done by students.

The library is built for 50,000 volumes and service to 1,500 students.

The library is administered by three professional librarians and fifteen student assistants.

The library facilities are supplemented by exchange privileges with other libraries.

STUDENT LIFE AND ACTIVITIES

WINGATE BUILDS FOR A WELL-ROUNDED LIFE

Emphasis is placed on the cultural aspect of life, along with spiritual growth and scholastic achievement. The second Thursday night of every month during the academic year has been set aside for Lyceum programs. Outstanding speakers, musicians, and theater groups are presented.

THE RELATION OF TEACHERS AND STUDENTS

Every member of the faculty is a consecrated Christian who is anxious to instill into the lives of boys and girls those principles which make life worth living. The motto, "Individual attention and personal helpfulness," is important at Wingate.

The young women are under the supervision of the Dean of Women and have the warm sympathy and care that is prevalent in home life.

Few set rules are made. Kindness and firmness on the part of the teacher and obedience, courtesy, and respect on the part of the students largely obviate the institution of a great many of the sterner things known as law.

Students find that they have sympathetic helpers in the schoolroom, on the athletic field, and in every phase of the school life. The teachers of the school are at all times ready to share a joy or sorrow with the student. Sympathy, helpfulness, and fellowship are the watchwords. "A sound body, a well-trained mind, and a true, noble character for each student," is our goal. How well we have succeeded in our aim is shown by the work our students are doing wherever they go.

RELIGIOUS LIFE AT WINGATE

From the time of its establishment, Wingate College has regarded religion as a central factor in life. Technical mastery is only a partial education. Moral integrity must be added to professional skills, and each whole person must possess spiritual awareness. Wingate attempts to create an atmosphere in which students may mature in their religious beliefs and find intellectual sanctions for their faith.

Denominational relations are directed by the President and faculty members. Each is always ready to cooperate with the convention and churches.

Chapel services are held three times each week. These services are led by members of the faculty and administration, students, and visiting speakers. Chapel attendance is compulsory for faculty, staff, and students.

LECTURES AND LYCEUM

The college seeks at all times to provide for the students wholesome entertainment. Special lectures, concerts, and dramatic presentations are a regular part of the college program.

RELIGIOUS ORGANIZATIONS

The various religious organizations on the college campus are coordinated under one central organization, the Baptist Student Union. The Executive Council leads the group, and membership in the union is extended to all students. Its supreme purpose is to make college life Christian and truly meaningful.

Sunday School—A class for college students meets each Sunday morning an hour prior to the worship service at the Baptist Church.

Baptist Training Union—College students participate in the Baptist Training Union organization of the church. Valuable opportunities for leadership and training in church membership are offered through this program.

Ministerial Association—A fellowship of all students studying for the ministry.

Young Women's Auxiliary—An auxiliary of the Women's Missionary Union of the Baptist Church. All girls are invited to join.

STUDENT GOVERNMENT

In the fall semester, 1939, a student government was formally initiated at Wingate. A constitution and by-laws were adopted and the student council was elected, representing the various classes and organizations of the student body. Many of the discipline and student problems have been handled by the student council with care and dispatch. The student body constitution has been revised. Training in student government activities and responsibilities coming from an honor system are held invaluable by college authorities. All student government is supervised by faculty members.

PUBLICATIONS

The Catalogue is issued annually. It endeavors to give an overall picture of the college and its work.

The Gate is the college annual edited by the students with the help of the faculty advisor, telling the story of Wingate life.

The Triangle is the school newspaper and is published monthly by the students.

The Student Handbook is prepared by the student government and administration for the orientation and guidance of the students.

The Alumni Bulletin is published quarterly.

HONORARY FRATERNITIES AND CLUBS

Alpha Pi Epsilon is the national honorary fraternity for commercial students.

Delta Psi Omega Dramatic Fraternity, National Honorary Dramatic Fraternity, is open to students who have met specific requirements in dramatics.

Phi Rho Pi, National Junior College Forensic Society, is open to students participating in debates and other forms of public speaking.

Phi Theta Kappa is the National Junior College Honorary Scholastic Fraternity. To be elected a student must rank in the upper five per cent of the

student body, must be carrying at least 12 academic hours, and must have proved himself a constructive and responsible school citizen.

Biology Club is composed of students interested in the life sciences.

Chemistry Club is open to all students who have an interest in the field of chemistry. Its purpose is to stimulate interest, broaden, and enrich the experiences of students in chemistry.

Engineering Society is open to all sophomore engineering students pursuing one of the prescribed programs of study.

Foreign Student Club is composed of all the international students on our campus.

Phi Beta Lambda is composed of students active in the field of business.

Future Teachers of America strives to acquaint teachers in training with the history, ethics, and program of the teaching profession.

Literary Club is composed of students interested in English and advanced discussions of various literary publications.

Masque and Wig Club, a dramatic club, was organized in 1928. Under the charter any student regularly enrolled and maintaining a grade of "C" on English is eligible for membership and after passing tryouts becomes a member of this club. Members of the club plan and execute programs on staging plays, make-up, lighting, costuming, scene, designing, play writing, and direction. A number of one-act plays and full-evening performances are presented to the public during the year.

Mathematics Club is open to all students with the aim to stimulate interest in the field and to aid the student in gaining a better appreciation of mathematics and its use.

"*W*" *Club* is a club composed of male students who have lettered in one or more sports.

Women's Athletic Association is open to all girls. The purpose is to stimulate interest in intramural sports. A girl may earn a letter by earning 500 points in the intramural program.

ATHLETICS

In an effort to help the students develop a sound and strong body, the college sponsors a well-balanced program which offers every student the opportunity of enjoying healthful, organized, and supervised play. All students are required to register for classes in physical education for two years and are encouraged to participate in intramural activities. The college sponsors inter-collegiate teams in basketball, baseball, tennis, golf, track, cross country and swimming.

Intramurals—The intramural phase of athletics is one of the most important and is given consideration accordingly. Every student on the campus is urged to participate in some type of activity. Tournaments are held in basketball, volleyball, baseball, softball, horse shoe, tennis, ping pong, soccer, track, cross country, archery, etc.

AWARDS TO OUTSTANDING STUDENTS

The following medals and scholarships are offered to students:

1. A cup is awarded annually by President and Mrs. Smith to the student who shows the best attitude, most wholesome leadership, and who makes the most positive contribution to the general campus life.
2. A medal is offered to the best all-round student by President Emeritus Burris.
3. The medal for the best orator in the school is given by the Reverend Rommie Pierce.
4. Mrs. H. K. Helms offers a medal to the first honor graduate each year.
5. The Masque and Wig Club offers a medal to the student giving the best characterization during the year.
6. Mr. J. Howard Williams offers a cup to the best all-round athlete.
7. A medal is given to the best student in mathematics by Dr. A. F. Hendricks.

ACTIVITIES POINT SYSTEM

In order to distribute student offices and responsibilities more evenly, an activities point system has been worked out by students and faculty. The number of points each office carries is published in the Student Handbook. The maximum number of points a student can have is twenty-five.

GENERAL RULES

The college strives to maintain a wholesome, friendly, and inspiring campus environment, conducive to right thinking and right living. Those who disregard the well-being of others and violate the traditions of the college will be required to withdraw. As far as possible, students are dealt with individually and encouraged to live up to their highest potential.

Those planning to enter college should read carefully the following definite statements:

1. All students who do not live in their own homes or the home of their parents shall come under the general regulations of the college. They will not be considered as "day students."
2. Hazing is a violation of the laws of the State of North Carolina. Any type of physical punishment, humiliation, or intimidation of any student by another student is classed as hazing and is not permitted.
3. Drinking or possessing alcoholic beverages is forbidden, and any student violating this rule will be severely disciplined.
4. Stealing, lying, gambling, cheating, vandalism, and other forms of immoral conduct will be dealt with according to the offense.
5. The possession of firearms, firecrackers, or explosives of any kind is a violation of North Carolina law, and violators shall be turned over to the law enforcement officers.
6. Students are not permitted to keep live pets in the college buildings.
7. Those who neglect their studies, waste time or money, disregard the requests of teachers, or fail to conform to the ideals of the college may be asked by the President to withdraw from the college.
8. The rooms are equipped for lighting. A maximum of 150 watts is allowed in each room. Use of more than this will call for an extra charge. The use of irons, electrical cooking equipment, TV sets, etc., cannot be allowed in students' rooms.
9. No one can change rooms without permission. Each student must make deposit of \$2 for each key. This will be refunded when the key is returned to the Superintendent of Maintenance. All damages to rooms are charged to occupants and must be paid immediately. Students refusing to pay will be asked to withdraw from school.
10. Students living on the campus or in Wingate homes are not permitted to keep or use automobiles, motorcycles, trucks, or jeeps without special permission from the motor Vehicles Committee. All cars must be registered and must be parked in a designated area at all times. Every student having a car must maintain a "C" average on all work. Any student violating this condition will be asked to withdraw from school.

When a student moves into a college-owned room, he is assuming obligation for that room for a semester.

Every student living in college-owned housing shall eat in the college dining hall.

Any student not using college housing may eat in the dining hall by official approval of the business officer of the college.

Cost of books is estimated at \$75 for the year. These are available at the Book Store for purchase on a *cash basis*.

No special or laboratory fees are returnable after the first three weeks of any semester.

Payments: All charges for tuition, room and board, special fees, etc., are payable in advance. Any exceptions must be arranged with the Business Office *prior to registration*. Absolutely *no* tuition is returnable after 48 hours. Checks and money orders should be made payable to Wingate College. No student can use a college scholarship as initial payment. Any student who moves into a room for as much as 48 hours must pay for a complete semester's room rent.

Charges are made from the entrance date to the end of the semester.

Student accounts are credited with scholarship aid in December of the first semester and in May of the second semester. Students are paid according to the number of hours of work, except in case of honor scholarships.

Students will not be given honorable dismissal from the college who leave without completing an official withdrawal form. *No transcripts will be issued until all accounts are paid in full.*

STUDENT AID

Wingate College exists to make available to as many young people as possible the advantages of a college education. Honor, work, athletic, and any combination of these three are awarded by the Scholarship Committee on the following basis:

1. The evidence of need.
2. Acceptable scholastic record in high school.
3. Good character references.
4. Above average ability.

Applications for financial assistance may be made *following* the application for admission. For the resident student, tuition, general fees, room, and board are approximately \$1,000 for the year. This amounts to less than \$4 per day for the full school year.

DAY STUDENTS

Wingate College is putting forth every effort to make it possible for those students in the vicinity of the school to avail themselves of the opportunity to obtain two years of college work at a minimum of expense. In the last three years the number of students availing themselves of this opportunity has increased from forty to two hundred and fifty. The cost is kept at a minimum. The total is approximately \$475 for tuition and fees. A lounge is maintained in the student center and Bridges Business Building for the convenience of these students.

MINISTERIAL AID

Students studying to serve as pastors must be approved by their church and may file a request with the President for assistance on tuition. Any student granted aid agrees to work closely with the Baptist Student Union.

All students granted aid are required to execute a note with a competent endorser, agreeing to repay the amount of the grant if he does not become a pastor within a reasonable period of time.

VETERANS

Veterans who are approved for training under the G. I. Bill of Rights should turn in their Certificates of Eligibility at registration and make a payment of \$100 toward the charges for room and board. Seven additional payments beginning October 20 will be made monthly as the Veteran receives his check. One must be made each month and a final payment not later than May 15.

SCHOLARSHIPS

The following scholarships are available:

1. \$150 to any valedictorian of an accredited high school for each of two years.
2. \$75 to any salutatorian of an accredited high school for each of two years.
3. Twenty duPont Scholarships. These are given annually to outstanding sophomores by Mrs. Alfred I. duPont of Wilmington, Delaware.
4. Redfearn Memorial Scholarship—Descendants of Nimrod and Sarah Redfearn have made funds available, and the income from these shall be given as a memorial scholarship each year. Preference shall be given to young people of Anson County.
5. Liles Ministerial Trust established by Mr. J. S. Liles of Wadesboro—the income to be used to assist worthy Ministerial students. Preference is given to Anson County students.
6. Laney Scholarship—An annual scholarship made available by Mr. and Mrs. B. K. Laney of Atlanta, Georgia.
7. Perry Music Scholarships. Three music scholarships are awarded annually to outstanding students of music in honor of Mrs. Lessie Perry Summerlin, Mrs. Ruby Perry McIntyre, and Mrs. Verdie Perry Hinson. Winners must take courses in music and plan for church music or teaching music.

LOAN FUNDS

Certain Loan Funds are available to worthy students. These funds have been established by friends of the college: The Masonic Fund, T. E. L. Sunday School Fund, B. F. and Delia Parker Memorial Loan Fund, Dr. A. F. Hendricks Memorial Fund, and the Reverend W. T. Baucom Fund for Ministerial students.

Students may apply to the Bursar for a National Defense Loan.

This loan is made to above average students. The loan is good for college fees and tuition. If the student teaches after graduation, a ten percent forgiving clause is included for each year of teaching up to five.

GENERAL ACADEMIC INFORMATION

ADMISSION INFORMATION

Applicants for admission to the College should write for an application blank, have it filled in by the proper authority, and returned as early as convenient. A processing fee of \$10.00 must be mailed with application, and this fee is not refundable. Before a room can be reserved, a \$50.00 non-refundable advance payment must be made. This is to be made by April 1 or within ten days after being notified by the Admissions Committee that the applicant has been accepted for admission to Wingate College. College Board scores should be sent to the Admission Office of Wingate College, Wingate, N. C.

Applicants are admitted by either of the following methods:

1. By graduation from an accredited high school with a transcript made out on prescribed forms furnished by the College.
2. By examination. Before being permitted to take the examination, a student must submit certain evidence of qualification depending upon the individual case and the judgment of the College. This is particularly true of older students.

ADVANCED STANDING

Full credit will be given to students for work done in other approved institutions, provided the application for same is accompanied by a proper transcript of credit in detailed form and by a certificate of honorable dismissal from the other institution.

AMOUNT OF WORK

Fifteen to sixteen semester hours of academic college work per week is considered a normal work load. Students will not be allowed to register for more hours without special permission. An extra charge of \$25 per semester credit hour will be charged for hours above 17.

When a student drops below twelve academic hours, he is classified as a special student and not eligible for any extra-curricular activities.

A student must pass at least nine hours the first semester in attendance to be permitted to register for the second semester. Thereafter, he must pass at least twelve semester hours each semester to be permitted to remain in college. A student must pass twenty-nine hours of academic work to be eligible to return the second year. Summer school may be used to help qualify.

REGISTRATION AND CLASSIFICATION

New students will be tested during the summer prior to their entrance. Preregistration will be completed for these and class slips presented upon arrival in September. All courses of study are fixed for the first semester.

College Freshmen—Graduates with sixteen units from an accredited high school are admitted to the freshman class without an examination. Others may be admitted if tests and examinations seem to indicate they can do college

work. College Board scores should be sent to the college. These are required but are used as only one criterion for admission. Recommendation from school officials and rank in class are important.

Engineering students should present the following minimum credits in mathematics: one unit in plane geometry, one-half unit in solid geometry, and one and one-half units in algebra.

When a student has been admitted to Wingate College and the course of study he is to pursue while here has been approved, he will be advised of any mathematics deficiencies he may have. He will have one year from the time of his enrollment to remove these deficiencies. In some cases, this will require summer school attendance. If summer school is indicated as the best time for this, he should attend the summer school before regular enrollment in September.

College Sophomores—To be rated as a college sophomore, a student must have completed a minimum of twenty-nine hours of academic college work. Unless this condition is met, he must attend summer school to be re-admitted.

GUIDANCE AND ORIENTATION

Freshmen are required to come early for the purpose of orientation. A biographical information file and records of personal interviews are kept and are made available to their teachers. At intervals a study is made of the failures on the part of the students and an effort is made to understand the reasons for these failures. Guidance, in order to be effective, must be a continuous process throughout the year.

During this orientation period, the students are also familiarized with the regulations of the College. They are taken on guided visits through the various buildings and departments with special emphasis on the library.

Every student is assigned a Faculty Adviser during Orientation Week. This Adviser is in close contact with his Advisee group the entire year. Problems of a personal, social, religious, or vocational nature are discussed and advice and help are given. Since these groups are small, each student is assured of close personal interest by the Faculty.

Every student should read the catalogue carefully before coming.

EXAMINATIONS

At the end of each semester final examinations are given on the work covered during the entire semester. The minimum length of these examinations is one and one-half hours; the maximum length is three hours.

Late examinations—If for any reason, except illness or representing the school, a student is necessarily absent from any regular semester examination, he may take the examination at a later date by paying a fee of \$10.00 to the Bursar. His receipt must be presented to the instructor in charge before he shall be given this examination.

Special Examination—Any special examination is left to the discretion of the faculty member. A fee of \$5.00 must be paid before the examination is given. These special tests will be given on Saturdays.

GRADING SYSTEM

Grades on reports are recorded in letters, as follows: A, Excellent; B, Above Average; C, Average; D, Lowest Passing Grade; E, Conditioned; F, Failure; I, Incomplete. The passing grade on a subject is 70 per cent. Variations within each letter grade are indicated by plus or minus.

HONOR ROLL

The Dean's List is published for each quarter and each semester. To appear on this list, a student must make a 3.3 average and have no grade below a "C" and must be carrying fifteen academic hours. A grade of "A" carries four points for a credit hour, a "B" three, a "C" two, and a "D" one point.

ABSENCES

Regular attendance at all meetings of classes is considered a student obligation. No "allowed" number of cuts is automatically granted to a student in any course. Instructors control class absences. If absences become excessive, the teacher will report the student to the Dean. Further cuts may result in student being dropped from school. It is understood that the instructor in any course has the right to consider participation in class discussions as a necessary part of the work upon which a grade is based.

Absences immediately before or after holidays shall count double.

Any student who is absent from an announced quiz or examination unless excused for cause (participation in recognized college activities, illness or emergencies) will not be permitted to make up this quiz or examination. Make-up quizzes will be given on Saturday mornings.

Students must present written excuses for absences to their instructor at the first class meeting to which they return after an absence.

CHANGE OF COURSE

A student may add a new course at any time within the first two weeks of school and receive full credit provided he makes up the work to the satisfaction of the instructor. A student may drop a course any time during the first quarter of the semester without receiving an "F" provided he receives an official drop slip. After the first quarter a student cannot drop a course without receiving an "F" except on recommendation of the Dean. Should the student drop a course at any time without an official approval he will receive an "F". No student can receive credit for a course unless he is officially registered for the course. A special fee of \$2.00 will be charged for any change of courses, or addition of courses.

WITHDRAWAL FROM COLLEGE

Students who find it necessary to leave school during the year must withdraw in an official manner. The student must first obtain a withdrawal slip from the Registrar's Office. This slip must then be carried to the officials

listed on the form and be signed by each. This process is concluded at the Business Office. Those having settled all accounts with the College will be given an honorable dismissal.

VETERANS

Wingate is approved for the education of veterans under the G. I. Bill of Rights.

A veteran must carry at least fourteen academic hours in order to be eligible for full subsistence payments.

Veterans should consult the Bursar with reference to problems pertaining to registration, necessary forms, and transfers.

REQUIREMENT FOR GRADUATION

To be entitled to the Associate Degree a student must meet the following requirements:

1. Sixty-four semester hours of college work chosen from any one of the courses of study in this catalogue.
2. Sixty of the sixty-four hours must be academic hours.
3. All obligations must be paid before graduation or before transcripts can be sent. A student is entitled to one transcript. Additional transcripts will be one dollar each.

OPPORTUNITIES FOR JUNIOR COLLEGE GRADUATES IN THE MARINE CORPS

The United States Marine Corps does not have a reserve officers program in colleges as other branches of the service, but they do offer commissions to a limited number of college students through the Marine Aviation Cadet (MARCAD) and the Platoon Leaders Class programs. The general requirements for enrollment in either of these programs are:

1. Be at least 17 years of age. PLC applicants must be no more than 26 years of age upon graduation. MARCADs must not be over 24 upon assignments to flight training.
2. Be majoring in a field other than medicine, dentistry, veterinary medicine, or theology.
3. Be in sound health.
4. Maintain at least a "C" average in college.
5. Be a citizen of the United States.
6. Agree to serve on active duty for a minimum of three years after being appointed to commissioned rank.

Additional information concerning this opportunity may be secured on inquiry before or after registration.

WHAT STUDENTS SHOULD BRING

All Dormitory rooms are furnished with beds, dressers, and desks or tables. Drapes are furnished in the girls' dormitories but are not furnished in the boys' dormitories. Listed below is a suggested list of what to bring. The College does not operate a laundry, but facilities are available in the community.

Towels	Soap and toilet articles
One pillow and cases	Drinking glass and spoon for bedroom
Four sheets (single)	Study lamps
Four bath cloths	Dictionary
Two blankets	Bible

Students may bring items they desire, such as radios, study lamps, scatter rugs, bedspreads, drapes, etc., to make their rooms more comfortable and homelike. Electric appliances such as hot plates, coffee makers, etc., are not permitted without special permission and extra payment.

*The Associate in Arts in General Studies is offered to meet the needs of those students who desire to extend their education beyond the high school but who do not plan to complete senior college for a bachelor's degree. Most of these students need additional study in the area of English and Social Studies in particular. Occasionally they want courses in Art, Music, Language or Math. The requirements are flexible so as to be of maximum help to them in raising their general educational level. Graduates in this program are not recommended for senior college.

COURSE DESCRIPTIONS

ART

Ives

ART INTRODUCTION 101, 102. Instruction in the basic approaches to art with emphasis on the functions and qualities of line, tone, and color. Exploratory work in various media. Problems in still life and landscape. Design and the structural elements of a picture also considered. Laboratory periods. Credit: three hours each semester.

HISTORY AND APPRECIATION OF ART 103, 104. A general survey of art history through its various periods. Lectures, research, and field trips. Designed to meet teacher education requirements. Credit: three hours each semester.

ARTS AND CRAFTS 201, 202. Provides for the acquisition of skills in the use of varied materials; such as art metals, leather, plastics, papier-mache, and linoleum blocks. Designed for teacher education and religious education majors. Also valuable for hobby and leisure time activities. Laboratory periods. Credit: three hours each semester.

CERAMICS 203. Study of basic processes in beginning ceramics. Problems in modeling, firing, and glazing with instruction in mold making and slip casting. Some work in formulas for clay and glazes. Laboratory periods. Credit: three hours.

BUSINESS

Horton, Haskins, Greer, Nash, Jarrell, H. Traynham,
A. Boone, S. Austin

ACCOUNTING 101-102. Principles of Accounting. A study of the fundamental problems of bookkeeping and accounting. Practice sets are worked demonstrating the principles studied. Credit: six hours.

ACCOUNTING 111-112. Secretarial Accounting. This course is a study of the elementary principles of accounting with emphasis on secretarial accounting procedures. Credit: six hours.

ACCOUNTING 201-202. Intermediate Accounting. This is a continuation of the study of accounting on a more advanced level. Problems are worked dealing with each phase studied. Prerequisite: Accounting 101-102. Credit: six hours.

ACCOUNTING 203. (Income Tax) A study of the latest Federal Revenue Act, and interpretations thereof by the Courts and the Treasury Departments; also includes the preparation of individual, partnership, and corporation income tax returns. Prerequisite: Accounting 101-102. Credit: three hours.

ACCOUNTING 204. (Cost Accounting) A study of the classification of costs; job order cost accounting; process accounting and standard cost; accounting for material and labor costs; manufacturing expenses and the use of cost records. Prerequisite: Accounting 101-102. Credit: three hours.

BUSINESS MATHEMATICS 103. The fundamental process of mathematics and application to common business practices. Credit: three hours.

BUSINESS LAW. This course acquaints the student with the general legal principles which are followed in business. It trains him in the application of those principles to business situations, thus enabling him to govern his business affairs intelligently. Credit: three hours.

ETHICS AND LOGIC. A course designed for the development and growth in personal adjustment to various situations in business with emphasis on principles of sound reasoning in everyday business problems and office etiquette. Required readings. Guest speakers. Credit: three hours.

INTRODUCTION TO BUSINESS. A course intended to give the student a specific understanding of our capitalistic system and the role of the individual in it. It teaches the student the underlying principles of modern business in general as preparation for his or her future business career. Credit: three hours.

MARKETING. Basic instruction concerning marketing organization and methods with emphasis upon functions and channels as they relate to the consumer. Credit: three hours.

MONEY AND BANKING. A study of the evolution of money and credit in modern economic society. Special emphasis is placed upon commercial banking, central banking, operation of the Federal Reserve System and general monetary policy. Credit: three hours.

OFFICE PRACTICE. This course gives a comprehensive treatment of the secretarial duties that are performed in modern business offices. Emphasis is upon personality development, public relations, communications, telephone techniques, travel services, handling mail, methods of filing, meetings, and financial reports. Efficiency is also developed on the various office machines such as the duplicators, dictaphones, calculators, and comptometers. Two hours laboratory required per week. Credit: three hours.

FUNDAMENTALS OF ADVERTISING. Basic elements of retail advertising. Instruction in development of layout; fundamentals of copy-writing. A study and application of materials and techniques of modern advertising. Lecture and laboratory. Credit: three hours.

SALESMANSHIP. Fundamental instruction concerning sales-techniques, sales-practices, and the psychology of salesmanship in modern business. Study of the development of sales-personality, the approach to buyers and prospects. Emphasis is placed on interdepartmental coordination in order to gain promotion in sales. Credit: three hours.

SHORTHAND 101-102. Elementary Shorthand. A study of the Gregg Simplified Methods of Shorthand. Records are used for dictation and transcription skill. Speed requirement, 90 wpm. Three hours per week. Credit: six hours.

SHORTHAND 103-104. Intermediate Shorthand. Continued study of the Gregg Simplified Method of Shorthand. Intensive use of records for dictation and transcription. Speed requirement, 100 wpm. Five hours per week including laboratory periods. Credit: six hours.

SHORTHAND 201-202. Advanced Shorthand. Development of speed and accuracy by further study of the Gregg Simplified Method of Shorthand.

Records for dictation and transcription are used continuously. Speed requirement, 110 wpm. Three hours per week. Credit: six hours.

MEDICAL SHORTHAND. Consists of dictation with emphasis on medical terminology, the use of the medical dictionary, and a study of a handbook for the medical secretary. Three hours per week. Prerequisite: Shorthand 101-102, or the equivalent. Credit: three hours.

TYPEWRITING 101-102. Elementary Typewriting. Learning the keyboard, centering, tabulating, typewriting rough drafts and simple business letters. Speed requirement, 45 nwpm. Three hours per week. Credit: six hours.

TYPEWRITING 103-104. Intermediate Typewriting. Development of speed and accuracy. Records are used to obtain better rhythm. Emphasis placed on production and office typewriting. Speed requirement, 50 nwpm. Three hours per week. Prerequisite: Typewriting 101-102 or the equivalent. Credit: six hours.

TYPEWRITING 201-202. Advanced Typewriting. Development of sustained production on various kinds of typewriting problems. Records are used in this work to obtain rhythm and accuracy. Speed requirement, 55 nwpm. Three hours per week. Prerequisite: Typewriting 101-102, or Typewriting 103-104, or the equivalent. Credit: six hours.

PERSONAL TYPEWRITING. A course designed to build a good basic skill in using the typewriter. Emphasis is placed on immediate personal benefits of typewriting rather than its use as a tool for employment. Three hours per week. No previous typewriting skill required. Credit: three hours.

UNITED STATES ECONOMIC HISTORY 103. Through an economic and historical approach, the development of the American free enterprise system is emphasized. Further emphasis is placed upon commerce, agriculture, industry, and the complexities of economic society. Credit: three hours.

ECONOMICS 201. A general introductory course in economics dealing primarily with production, exchange, consumption, and distribution. The student is introduced to the basic principles and applications whereby men make a living. Special reference is made to private enterprise and other aspects of the American economy. Credit: three hours.

ECONOMICS 202. A course in economic principles dealing with the fundamental forces at work in our economic system. A careful study is made of the basic principles of economics. Prerequisite: Economics 202. Credit: three hours.

ENGINEERING

Scott, G. Vick, Brower

ENGINEERING 101. Engineering Graphics. Instruction in the use of drafting equipment and orthographic drawing. The major subtopics of study are: free-hand drawing, dimensioning, lettering, geometrical construction, sectioning, primary auxiliary views, and secondary auxiliary views. Two two-hour labs per week. Credit: two hours.

ENGINEERING 102. Descriptive Geometry. The study of graphical solution to space problems. A more advanced study of orthographic projection. Principles of revolution, and intersection and development. Prerequisite: Engi-

neering 101 or credit for Drawing in high school. Two two-hour labs per week. Credit: two hours.

ENGINEERING 103. Introduction to Engineering Fields and Engineering Problems. Students are given the opportunity to examine the requirements for the study and practice of the major fields of engineering. Instruction and practice in the use of the slide rule, stressing its use as a tool in the solution of engineering problems. One hour lecture and discussion per week. Credit: one hour.

ENGINEERING 201-202. Civil Engineering Surveying. Elements of plane surveying: taping, use of transit and level, topographic surveying and mapping, use of stadia, care and adjustment of instruments, elementary astronomical surveying. Also construction surveys, earthwork computations, route surveys, simple, compound, parabolic and spiral curves. Prerequisite: Math 102. One hour lecture, five hours laboratory per week. Credit: six hours.

ENGINEERING 203. General Surveying. Elements of plane surveying: taping, use of transit and level, topographic surveying and mapping, care and minor adjustments of instruments. Prerequisite: Math 102. One hour lecture and three hours laboratory per week. Credit: two hours.

ENGINEERING 208. Mechanics (Statics). Solution of concurrent, parallel, non-current, non-parallel force systems which are coplanar and non-coplanar, using an analytical and graphical approach. Statics is applied to pin connected members, trusses and cables; friction, centroids and moments of inertia are studied. Shear and bending moment equations with diagrams are utilized. Three hours lecture and recitation per week. Co-requisite: Math 204. Credit: three hours.

ENGINEERING 209-210. Elementary Circuits and Fields. Fundamental laws of electric and magnetic circuits. Introduction to simple circuit transients and steady state alternating-current circuit theory. Fundamental laws of magnetic and electric fields. Three hours lecture and four hours of problem drill per week. Co-requisite: Math 203, 204. Credit: eight hours.

PHYSICS 205-206. General Physics for Engineers. An analytical study of the fundamental principles of physics with emphasis on solution of problems involving engineering applications. A working knowledge is achieved through lectures and recitation, problem drill and laboratory work. Mechanics, sound, heat, electricity, light and modern physics. Three lecture hours and four hours problem drill and laboratory per week. Co-requisite: Math 203, 204. Credit: ten hours.

ENGLISH

A. Powell, R. Williams, J. Powell, Cashion, Yarborough,
F. Vick, B. Christopher, Vance, S. Little

ENGLISH 101-102. English Composition and Reading. First semester: intensive review of fundamentals of English, with emphasis on the sentence and the mechanics of writing; weekly themes; introductory acquaintance with types of literature. Second semester: a continuation of the study of composition and types of literature; the use of source material and the library. Frequent conferences throughout the year. Prerequisite to 102 is 101. Credit: six hours.

ENGLISH 201. A survey course in English literature from *Beowulf* to Blake. Prerequisite: English 101-102. First semester. Credit: three hours.

ENGLISH 202. A survey course in English literature from Wordsworth to Eliot. Prerequisite: English 101-102. Second semester. Credit: three hours.

ENGLISH 208. Reading for Discovery. A study of selected poems, plays, and short stories drawn from English, American, and European literature with emphasis on the great themes of literature and on the approach of the creative artist to basic ideas in western culture. Prerequisite: 101-102. Credit: three hours.

JOURNALISM 101. Study of the elements of news stories, writing of leads, and organization of news stories, supplemented by assignments on *The Triangle*. Credit: three hours.

THE FUNDAMENTALS OF SPEECH 101. This is a basic course which involves essential training in voice and diction; in the preparation and delivery of short speeches for different purposes; in participation of formal discussions; in listening and constructive evaluation. It is offered each semester. Credit: three hours.

PUBLIC SPEAKING 201. The course involves the principles and methods of public addresses; the preparation and delivery of effective speeches for various purposes, designed to meet the needs of ministerial and other students. Credit: three hours. Second semester. Prerequisite: Speech 101 or its equivalent.

PLAY PRODUCTION 102. The basic principles and methods of acting and staging a play for public performance; applied to interpreting, characterizing and acting a role in a drama; the principles of designing appropriate stage craft. The setting, the scenery, the lighting, and the use of effects for locale; and the make-up for the period and characters. For practical application a one-act play is produced. Credit: three hours.

LANGUAGES

Cowsert, Stover, Morgan, Edens, T. Little, Heath

FRENCH 101-102. A course for beginners, including grammar, composition, vocabulary, and conversation. Credit: six hours.

FRENCH 201-202. A course for students who have had two years of high school French or one year of college French. This course consists of review of grammar, introduction of more difficult aspects of the language and reading. Credit: six hours.

FRENCH 203-204. A survey course in French literature. Credit: six hours.

GREEK 101-102. Beginner's Greek. Essentials of Greek, with emphasis on grammatical forms, simple syntax, pronunciation, and vocabulary. Reading of easy selections from Greek literature. Credit: six hours.

GREEK 201-202. Intermediate Greek Review of Grammar and reading of selected portions from Greek literature and the Greek Testament. Credit: six hours.

LATIN 101-102. A course arranged for students who wish to begin Latin in college. Grammar, reading, study in derivation. Credit: six hours.

LATIN 201-202. Grammar and composition continued in first semester. Second semester devoted to reading. Credit: six hours.

SPANISH 101-102. A course for beginners including grammar, reading, conversation, and composition. Credit: six hours.

SPANISH 201-202. A course for students who have had two years of high school Spanish or one year of college Spanish. Review of grammar; introduction of more difficult aspects of the language; readings of appropriate difficulty. Credit: six hours.

SPANISH 203-204. A survey course in Spanish literature. Credit: six hours.

GERMAN 101-102. A course for beginners, including grammar, idiomatic phrases, vocabulary, pronunciation, reading of printed German script, translation from and into German and basic conversation. Credit: six hours.

GERMAN 201-202. For students who have had one year of college German or two years of high school German. Review of grammar, further progress in vocabulary, improving of abilities in translation, conversation and linguistic skill. In second semester, reading of German literature and composition. Credit: six hours.

MATHEMATICS

Adams, Kerr, Hudson, Sherwood, Foster, G. Vick

It is strongly recommended that all students, especially engineering students, remove any deficiency in mathematics, during the summer session prior to beginning college work in the fall.

MATHEMATICS 01. Algebra Deficiency. High school algebra, including the fundamental operations, factoring, fractions, simple functions, and graphs, linear equations and systems of two equations, with applications. For students with a deficiency of high school credits in algebra. Taught only in the summer session. No credit.

MATHEMATICS 03. Plane Geometry. A standard course in plane geometry designed for students who do not have high school credit for the course. Taught only in the summer session. No credit.

MATHEMATICS 04. Solid Geometry. A course in solid geometry including theorems, formulas and applications which are useful to students in engineering. Taught only in the summer session. No credit.

MATHEMATICS 101. College Algebra. A basic course in algebra starting with the fundamental operations and going through linear equations, systems of linear equations, exponents and radicals, quadratic equations, binomial theorem, progressions and determinants. Credit: three hours.

MATHEMATICS 102. Plane Trigonometry. An introduction to trigonometry which consists of derivation and use of formulas, solutions of the right triangle with natural and logarithmic functions, solutions of oblique triangles, functions of two or more angles, inverse functions, and practical applications. Prerequisite: Mathematics 101. Credit: three hours.

MATHEMATICS 201. Analytic Geometry. A study of the relations between curves and their equations. Topics studied include: cartesian, polar and parametric coordinate systems, the straight line, circle, parabola, ellipse, hyperbola, algebraic and transcendental curves, and transformation of coordinates. Prerequisite: Mathematics 101-102. Credit: three hours.

MATHEMATICS 203. Calculus I. A course in the fundamentals of Calculus including the formulas for differentiation and for differentials; the integrals of polynomial functions; applications to geometry, maxima and minima, areas, volumes, moments of area, work, fluid pressure; related rates, rectilinear and curvilinear motion; Newton's Method of approximation of roots. Prerequisite: Mathematics 101-102 and co-requisite: Mathematics 201. Credit: four hours.

MATHEMATICS 204. Calculus II. Methods of integration; definite integral with applications to length of arc, surface area, volumes, centroids, and moments of inertia; Simpson's rule; indeterminate forms, infinite series, expansion of functions; hyperbolic functions, partial differentiation; multiple integration. Prerequisite: Mathematics 203. Credit: four hours.

MUSIC

Yost, Blackwelder

THE CHOIR. The Wingate College Choir enjoys an enviable reputation for fine singing and the high quality of its programs. Repertoire includes both sacred and secular music. On-campus presentations during the year include the annual "Christmas Sing," a spring concert, and a graduation appearance. The Choir is frequently invited to sing in other communities, and the selected Touring Choir makes an extended tour of churches and high schools in the spring. Membership is by audition only. Three rehearsals per week. Credit: one hour each semester.

The Male Chorus, the Girls' Ensemble, and other choral groups are selected by audition from all students in the school and appear at intervals throughout the year before Association meetings, civic clubs, church organizations, etc. Repertoire includes music both sacred and secular. Credit: one hour per semester.

MUSIC THEORY 101-102. A study of the structure of music designed to equip the student of church music with a working knowledge of the materials of music; all phases of study: rhythmic reading and dictation, sight-singing and melodic dictation, harmonic analysis and dictation, keyboard facility and music writing, are coordinated to meet the practical needs of the church musician. A knowledge of music notation is desirable, though not a prerequisite, for enrollment in this course. Five hours a week. Credit: three hours.

CONDUCTING 101-102. Conducting and its application to congregation and choir; first semester includes study and intensive practice in basic beat patterns, with application to congregational song-leading; second semester includes conducting techniques as applied to choirs: coordination of hands, articulation, dynamics, breath control, conducting rhythm. Two hours a week. Credit: two hours.

HYMNOLOGY. A one semester course in the study of hymns, their origin, development, classification, criticism, and place in worship and evangelism; a chronological survey of hymns from the Old Testament to the present; practical consideration of materials for congregational singing. Three hours a week. Credit: three hours.

CHURCH MUSIC EDUCATION 201-202. Organization and administration of a church-wide program of music education; the relation of the music director to the total educational, worship, and evangelistic program of the church; relationship of the music director to the pastor and people; philosophy, materials, and direction of multiple choirs; discussion of problems frequently encountered in the local church music ministry. Two hours a week. Credit: two hours.

MUSIC APPRECIATION. A one semester introductory survey of our musical heritage, open to all students who wish to enhance their enjoyment and discrimination in the art of listening; illustration is largely through selected recordings, with assignments in parallel reading, but attempts are made to correlate the course with current "live" offerings of the finest musical presentation available to the student. Three hours a week. Credit: three hours. Offered every semester.

Applied Music

PIANO 101-102. Basic touches; selected studies; Carroll, *First Lessons in Bach*, or Mason, *Little Prelude* (Bach), or more difficult Bach pieces, depending upon the degree of advancement of the individual student; sonatinas; easier Haydn, Mozart, and Beethoven sonatas; selected romantic and modern pieces; hymn playing. Credit: two hours each semester for two thirty-minute lessons per week. Credit: one hour for one thirty-minute lesson per week.

PIANO 201-202. Scales and arpeggios in extended forms; selected studies; more difficult Bach, Haydn, Mozart, and Beethoven works; suitable materials for worship and evangelistic services; accompanying for soloists, choirs, and congregational singing. Credit: same as for Piano 101.

ORGAN 101-102. Prerequisite: a well-established piano technique; Gleason, *Method of Organ Playing*—elements of manual and pedal technique; hymn playing and accompanying; easier pieces for church use. Credit: same as for Piano.

ORGAN 201-202. A continuation of Organ 101-102; Bach, *Eight Little Preludes and Fugues*; easier works of Mendelssohn, Guilmant, and modern composers; more emphasis on service playing. Credit: same as for Piano.

VOICE 101-102. Basic techniques in the use of the voice; breathing, vitalization of tone, vocalises, elements of diction, simple songs in English, Italian, French; freedom of production and the development of a vital concept of tone are cardinal aims. Credit: same as for Piano.

VOICE 201-202. More advanced vocal methods; exploration of standard classics in English, Italian, French, and German; emphasis on materials appropriate for church use. Credit: same as for Piano.

CLASS VOICE. A course designed for chorus members, and other students, who wish to improve their sight-singing ability; also available to those who do not read music by note; fundamentals of notation, vocal production, and part-singing. Two hours a week. Credit: one hour. (No credit for students who are taking chorus for credit).

PHYSICAL EDUCATION

Faulkenberry, Connell, R. Christopher, Pipes

PHYSICAL EDUCATION 101-102. Girls. This course includes the playing of team sports such as soccer, speedball, basketball, volleyball, and softball. Emphasis is placed on individual improvement in general motor ability as well as on team skill, sportsmanship, leadership, and on development of a more well-rounded individual. This course is required of freshmen both semesters. Credit: two hours.

PHYSICAL EDUCATION 201-202. Girls. Individual and dual sports such as badminton, table tennis, tennis, and horseshoes are taught in this course. Emphasis is placed upon game experience, officiating, and rules. Credit: two hours.

PHYSICAL EDUCATION 101-102. Boys. A basic skill course covering rules and fundamentals in individual and team participation in swimming, softball, volleyball, and basketball. Credit: two hours.

RELIGION AND PHILOSOPHY

Barnes, Stover, Chappell, Coleman

The Department of Religion and Philosophy provides every student entering Wingate College an opportunity to become acquainted with the life, literature, and dynamic movements of the Christian Faith and of Philosophy. The over-all objective is to motivate and to guide the student toward an intelligent understanding and appreciation of the Bible. Academic study proceeds on the basis of sound scholarship within the framework of Christian dedication and commitment.

All students are required to take six hours of Bible unless otherwise stated in their particular course of study. The Department recommends that the student select three hours from the Old Testament and three hours from the New Testament for a well-rounded program.

BIBLE 101. Introduction to the Old Testament. A survey of the Old Testament. Emphasis is placed upon the history of the Hebrew nation. Students are encouraged to develop an intelligent appreciation of the religion of Israel through the use of the standard aids to Bible study. Credit: three hours.

BIBLE 102. Introduction to the New Testament. A survey of the New Testament including its historical setting. The life and teachings of Jesus, the

expansion of Christianity, and the Pauline writings receive major emphasis. Credit: three hours.

BIBLE 103. The Hebrew Prophets. A study of the background, function, message, contribution, and present significance of the Hebrew Prophets. Credit: three hours.

BIBLE 104. Life and Teachings of Jesus. A study of the principal facts in the life of Jesus. Emphasis is placed upon the environment, personality, work and message of the historical Jesus. This course is recommended especially for Business and Engineering students. Not open to students who have credit for Bible 102. Credit: three hours.

BIBLE 106. Life and Letters of Paul. A survey of the life and teachings of Paul as they are given in Acts and in the Letters. Consideration is given to Paul's role in the thought and spread of Christianity. Not open to students who have credit for Bible 102. Credit: three hours.

RELIGIOUS EDUCATION 101. Introduction to Religious Education. A survey of the field of religious education with reference to the origins of religious education in Christian history. Emphasis is placed upon the history, theories, and principles of religious education. Offered in alternate years. Credit: three hours.

RELIGIOUS EDUCATION 102. Local church work. A study of the unit organizations of a typical Baptist church. Emphasis is placed upon practical methods of organizing and administering the educational program of a local church. Offered in alternate years. Prerequisite: Religious Education 101. Credit: three hours.

PHILOSOPHY 201. A survey of the major systems of philosophy beginning with the early Greeks. Representative thinkers from the various periods are discussed. Credit: three hours.

PSYCHOLOGY AND EDUCATION

Cauble, Chappell

GENERAL PSYCHOLOGY 201. This is an introductory course in General Psychology and serves as a foundation for further study in the field of psychology as well as for courses in education. Open to sophomores only. Three hours lecture and two hours laboratory per week. Credit: three hours.

INTRODUCTION TO EDUCATION 201. A course designed to introduce the student to teaching as a profession and to the function of education in society. It will also deal with the development of our modern educational system, with emphasis on aims of education in a democracy; how our present elementary, junior high, and secondary school levels came to their present status. Function of personnel, curriculum, plant, etc. Credit: three semester hours.

SCIENCE

Johnson, Fletcher, Wonderly, Chaney, Scott,
Mathews, Littleton, G. Vick

CHEMISTRY 101. A brief study of the development of chemistry; its language, fundamental chemical laws and theories; occurrence, preparation,

properties, and uses of the common elements; classification and naming of compounds; and chemical reactions. Three hours lecture and four hours laboratory per week. Credit: four hours.

CHEMISTRY 102. Continuation of Chemistry 101 with a study of ionization, oxidation and reduction, properties of metals and nonmetals, and a brief study of nuclear and organic chemistry. Three hours lecture and four hours laboratory per week. Credit: four hours.

CHEMISTRY 105. General Inorganic Chemistry for Engineers. A study of fundamental chemical laws and theories; elements, compounds, mixtures, and solutions, atomic structure and behaviour; the periodic classification of the elements; states of matter and their transitions; crystal structure; acids, bases, and salts; classification and naming of compounds; chemical calculations; and selected elements and families of elements. Three hours lecture and four hours laboratory per week. Credit: four hours.

CHEMISTRY 106. Continuation of General Chemistry and Introduction to Qualitative Analysis for Engineers. A study of rates of reaction and equilibrium; ionization; oxidation and reduction; fundamental properties of metals and nonmetals; and an introduction to organic and nuclear chemistry. Laboratory work stresses qualitative analysis. Three hours lecture and four hours laboratory per week. Credit: four hours.

BOTANY 101. Principles of Botany. An introduction to the structure, physiology, genetics, and classification of plants. Three lecture hours and four laboratory hours per week. Credit: four hours.

BOTANY 102. The Plant Kingdom. A survey of the plant kingdom with emphasis on the structure, reproduction, and classification of selected types. Laboratory and field studies of local nonvascular and vascular plants. Three lecture hours and four laboratory hours per week. Prerequisite: Botany 101. Credit: four hours.

ZOOLOGY 101. General animal biology. A study of basic similarities of all living organisms; organ systems and their physiology; embryology, genetics, organic evolution, ecology; survey of the phyla. Three lecture hours and four laboratory hours per week. Credit: four hours.

ZOOLOGY 102. Vertebrate Zoology. The fundamentals of vertebrate anatomy, physiology, tissue structure, embryology, heredity, and classification. Primarily a study of mammals, with special reference to the human body. Prerequisite: Zoology 101. Three hours lecture, four hours laboratory. Credit: four semester hours.

PHYSICS 201-202. General Physics. An introductory course in college physics. This includes a study of mechanics, heat, sound, magnetism, electricity, light, optics, and a brief survey of modern physics with emphasis on solution of problems. A working knowledge is achieved through lectures and recitation, problem drill and laboratory work. Three lecture hours and four laboratory hours per week throughout the year. Prerequisites: Mathematics 101-102. Credit: eight hours.

PHYSICS 205-206. General Physics for Engineers. An analytical study of the fundamental principles of physics with emphasis on solution of problems involving engineering applications. A working knowledge is achieved through

lectures and recitation, problem drill and laboratory work. Mechanics, sound, heat, electricity, light and modern physics. Four hours problem drill and laboratory per week. Co-requisite: Math 203, 204. Credit: ten hours.

ANATOMY AND PHYSIOLOGY 201. An introduction to human anatomy with the fundamental principles of the physiology of the body systems. Credit: three hours.

HYGIENE 101. A general course in personal and community health. Required of all students. Credit: two hours.

METEOROLOGY 101. An introduction to the field of meteorology with emphasis on the causes of weather phenomena. This includes weather observations, data plotting, discussions of weather maps and charts, synoptic systems, and energy diagrams. These techniques are required for weather forecasting. Three lecture hours and three laboratory hours per week. Credit: four hours.

SOCIAL STUDIES

Gaddy, C. Traynham, Haskins, Sparks, Cauble, J. Boone, Sherwood

ECONOMICS 201. A general introductory course in economics dealing primarily with production, exchange, consumption, and distribution. The student is introduced to the basic principles and applications whereby men make a living. Special reference is made to private enterprise and other aspects of the American economy. Credit: three hours.

ECONOMICS 202. A course in economic principles with the fundamental forces at work in our economic system. A careful study is made of the basic principles of economics. Prerequisite: Economics 201. Credit: three hours.
